

Publishing with UNAM Press

The vision of UNAM Press is to be the leading publisher of scholarly research and innovation in Namibia.

UNAM Press is the official publishing unit of the University of Namibia and is guided by the UNAM Press Policy approved by Senate on 31 October 2011. UNAM Press is interested in topics related to Namibia and the Southern African region.

Guidelines for Submission

In the submission process, we do not generally consider full manuscripts upfront. Initially we require a proposal, which is put before the UNAM Press Editorial Board. Should the Editorial Board find that your proposal fits our publishing programme, we will request your full manuscript.

UNAM Press is an academic publisher. Please note that we do not publish certain categories including children's books, cookbooks and motivational or self-help books. Theses and dissertations will only be considered after they have been reworked into a book manuscript suitable for a wider academic or general audience.

To submit a book proposal, please complete the form below and submit two sample chapters.
