Documents to bring along:

- Proof of Registration (hardcopy or softcopy from your student portal)
- ID (needed for card registration with MTC)
- Student Card (optional)

Value package information for all students:

- Package duration: 2023 Academic Year
- Package data: 55GB each month (first year students and senior students).
- Top up: Students can self-top up when packaged data is depleted.

Senior Students: Sim Cards Activation

- Your existing 4G SIM cards will be loaded with the data package weekly after you have registered for the 2023 academic year.

- Senior students without SIM cards will be issued with cards after 14 February 2023 across all the campuses.

SIM Card Registration

- A team from the MTC SIM Card Registration services will be on campuses, on the above dates, registering SIM cards.

- You're strongly advised to register your SIM card. Don't leave the venue without registering you card to avoid any likely future service interruptions.
