SCAN TO APPLY

#### TARGET AUDIENCE

Any persons aspiring to apply for a research degree, non-UNAM students already in their first year of a postgraduate degree, or undertaking a research project, new academics who are teaching introductory level research project, research consultants, research assistants, educators, junior lecturers, research project managers, etc.

#### CRITERIA FOR ADMISSION

A qualification obtained from a recognised institution of higher learning at NQF level 7.

#### PURPOSE

The short course will capacitate the participants with the right skills and tools to develop a research proposal that they can use to apply for their courses of choice, improve the quality of their research proposal, intensify the research proposal consultations they offer and enhance their research supervision skills.

#### EXIT LEARNING OUTCOMES

By the end of this short course, participants will be able to:

1. Identify a research focus, including the title, problem, questions, objectives, hypothesis.
2. Identify and discuss an appropriate theoretical framework and paradigms.
3. Design a suitable conceptual framework for the study.
4. Write a comprehensive literature review with research gaps, correct APA 7th edition referencing, and cohesive writing.
5. Differentiate research designs, sampling and data collection methods.
