TARGET AUDIENCE:

Any farmers and youths who are interested in learning feed formulation for livestock and fish.

ADMISSION CRITERIA:

Minimum: Grade 12, NQF Level 4

PURPOSE OF THIS COURSE:

This short course is designed to equip Namibian farmers and unemployed youths with **practical competencies** to formulate and produce affordable, high-quality feeds for livestock, poultry, and aquaculture using locally available resources. The course responds directly to the persistent challenge of high feed costs, which significantly constrain productivity and profitability among small-scale livestock and fish producers.

For any enquiries, please contact the short course Coordinator:

Prof. Ndakalimwe Naftal Gabriel
