

CALL FOR PARTICIPATION

AFRICA BLOCKCHAIN RESEARCH CONFERENCE

Building the Blockchain Policy Knowledge Base for Africa: Regulation, Innovation and Partnership

The Africa Blockchain Research Conference brings regulators, policymakers, researchers, and industry leaders from across Africa and Europe, to shape how the continent governs blockchain technology. The conference features a keynote, expert panels comparing national regulatory frameworks, and hands on policy and industry workshops, all feeding into an open access Blockchain Policy Knowledge Base for Africa.

Date: 03 November 2026

Venue: Avani Hotel, Windhoek, Namibia

CONVENING PARTNERS

University of Namibia (UNAM)

Lucerne University of Applied Sciences and Arts (HSLU)

Africa Centre of Excellence in Blockchain Research (ACEBR)

WHAT TO EXPECT

- Thought leadership keynote.
- Two policy panels featuring regulators, researchers, and industry leaders.
- Two workshop streams on regulation, innovation, and cross border partnership.
- Opportunity to contribute to Africa Blockchain Policy Knowledge base.
- Network with delegates from across Africa and beyond.
- Five travel scholarships available.

WHO SHOULD ATTEND

Regulators and policymakers, blockchain researchers and academics, industry and ecosystem leaders, development partners and funders
