**KATIMA MULILO CAMPUS**  
*Student Life*

## INTRODUCTION

The Zambezi Region (formerly, Caprivi Region) where the Katima Mulilo Campus is situated, borders four countries (Zambia, Angola, Botswana and Zimbabwe), making this unique campus an ideal destination for the regional integration of its student populace.

The campus is a mere stone's throw away from the mighty Zambezi River, Africa's longest river, which flows into the Indian Ocean after a stretch of about 2,574 kilometres. Our students and lecturing staff alike, take advantage of weekend adventures to the Victoria Falls, or merely socialising on the banks of the Zambezi with its rich ecosystem, supported by a myriad spread of fauna and flora.

The Katima Mulilo Campus is one of 12 thriving campuses of the University of Namibia. Situated in the mighty Zambezi region, the campus currently offers two Bachelor Degree programmes in Education, as well as a Diploma in Junior Primary Education.

In order to complement the successful Community Based Natural Resources Management reputation of the Region in terms of wildlife and other natural resources, apart from training teachers, the campus also offers a four-year Bachelor of Science in Wildlife Management and Ecotourism, as well as a three-year Higher Diploma in Animal Health.

## DISTANCE *Education*

The Centre for Open, Distance and e-Learning (CODEL) offers a variety of courses on distance mode. Courses range from certificates to postgraduate studies. The minimum entry requirements for this mode of study are similar to those for degrees, diploma and certificates on a full-time basis.

# **ENTRY Requirements**

The UNAM Katima Mulilo Campus offers the following courses to prospective students:

- **Bachelor of Education Degree in Pre and Lower Primary Education (Honours)**

- **Higher Diploma in Animal Health**  
Entry Requirements: 22 points in 5 Subjects, with "D" symbols in English, Mathematics & Biology and at least an "E" or better in Physical Science & Chemistry or Physics.

## **LIVING on Campus**

### **Residences/Accommodation**

The Campus provides a tranquil and safe environment for those who choose to reside on campus. Our student residences accommodate a maximum of two students per room, giving students enough privacy for them to concentrate on their studies.

The rooms come with standard fixtures, which include beds, desk, chairs and curtains. Students however, share recently renovated ablution facilities.

### **Student Counseling & Support Services**

Counsellors within the Office of the Dean of Students support students when they encounter problems in their fields of study, or when they experience personal or health related problems.

### **Meals on Campus**

All student accommodation within the University of Namibia system comes with a mandatory breakfast. This

is to ensure that all our students are served with a well-balanced meal in order to help them concentrate and do well in their studies. Catering facilities are available during the course of the day and such facilities cater to all students, including the great number of student commuters.

### **Field Kitchens**

In some of the student residence blocks, provision is made for field kitchens, where students are allowed to cook (self-cater) for themselves. Field kitchens are equipped with a stove, a microwave and refrigerators.

### **Sporting Facilities**

The Katima Mulilo Campus has a medium sized gym for students and staff on campus, a soccer pitch, tennis and netball courts. The Main Hall also serves as a multi-purpose venue for indoor sporting activities.

## **LEARNING RESOURCES** *and Facilities*

The campus abounds with lecture theatres and rooms that are fully equipped with multi-media resources. The Campus has three functional computer labs in which students can do assignments and access online resources, such as e-journals.

The University's library system is set up in such a way that students at each campus can benefit from the latest online catalogues and inter-library loan facilities. Each library on campus therefore serves as a national learning resource centre for the communities in which the campus is situated and the Katima Mulilo Campus library is no exception. The library has a collection of +10 000 books, e-journals and also houses an audio-visual room with video conference facilities.

### **Internet**

The campus community enjoys a high speed wireless internet service. Additionally, students are also provided with 3G devices in their first year of study, in order for them to be able to access internet outside the internet coverage radius.

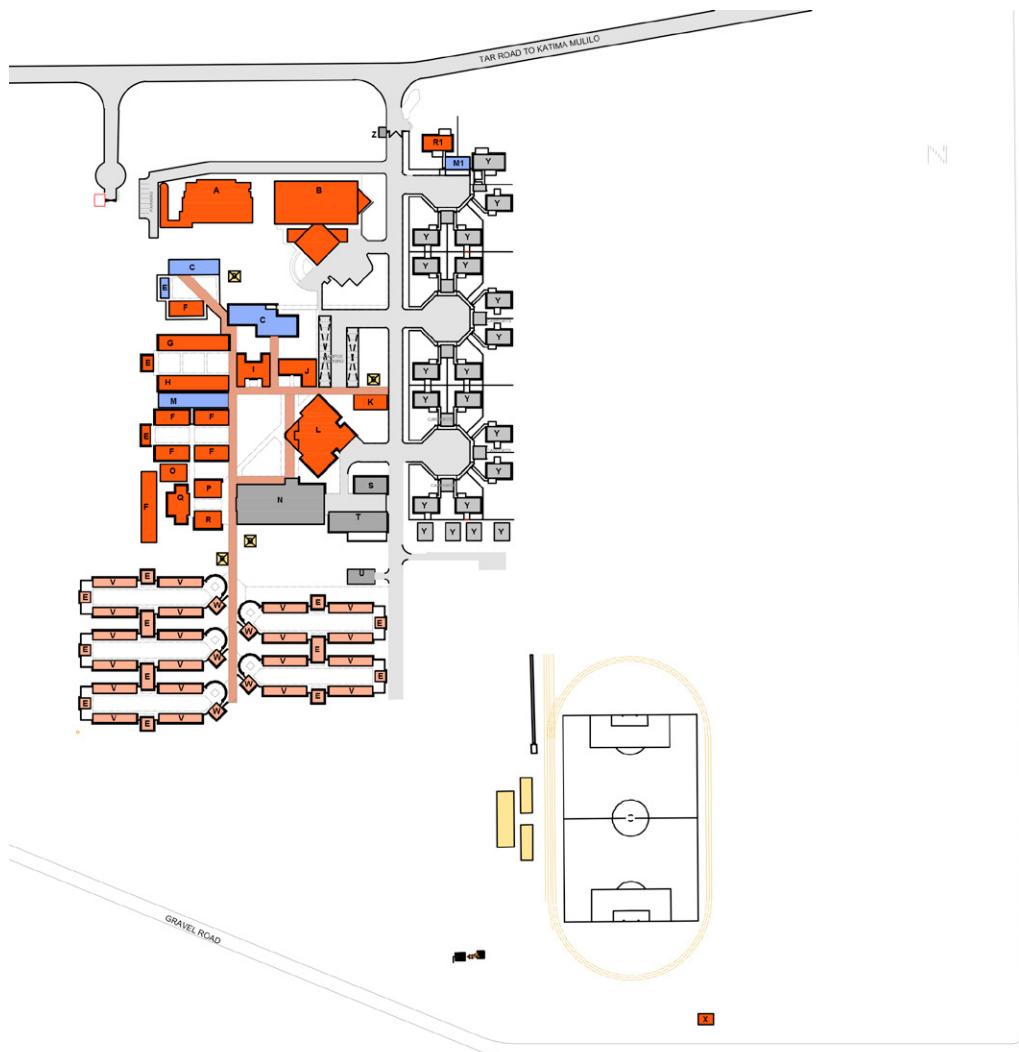

*The Katima Mulilo Campus is  
one of 12 thriving campuses of the  
University of Namibia.*

# FINDING Your Way

Below is a map showing the main facilities of the campus.

- |                               |                                     |
|-------------------------------|-------------------------------------|
| A - Lecture Theatre Block     | N - Kitchen & Dining                |
| Ground Floor.... = AK 1       | O - Vet Laboratory                  |
| First Floor..... = AK 2       | P - Early Childhood Care            |

| I - Workrooms / Offices       | W - Common Rooms                    |
| J - Bookshop                  | X - Preparation Tank / Anatomy Hall |
| K - Cafeteria / SRC Offices   | Y - Staff Houses                    |
| L - Library                   |                                     |
| M - Office Block              |                                     |

## **ABOUT**

# *Katima Mulilo Town*

The town of Katima Mulilo offers a variety of recreational places such as the very popular Stony City, on the Zambezi River. This is a place where students can relax, braai and even cool themselves by swimming in the river. A variety of Game Parks and Lodges are available, region wide. These are places where students can go for game drives, boat cruises, camping, etc.

### **Medical Care Facilities**

Medical health facilities in Katima Mulilo are within a 10 minute drive from the Campus. The town is home to the regional state hospital as well as state and private clinics.

### **Banks**

All of Namibia's major commercial banks have branches in town. These include Standard Bank, Bank Windhoek, NedBank, First National Bank, and a Post Office.

### **Shopping**

The presence of many of the national retail chains which are all within walking distance from campus, provide students a great shopping experience on weekends. Katima Mulilo is also home to a thriving open market, where students and their guests can enjoy the famous Zambezi bream, with many other traditional delights, while witnessing the skillful weaving of baskets and wood carving right in front of their own eyes.
