

FACULTY OF COMMERCE,
MANAGEMENT & LAW

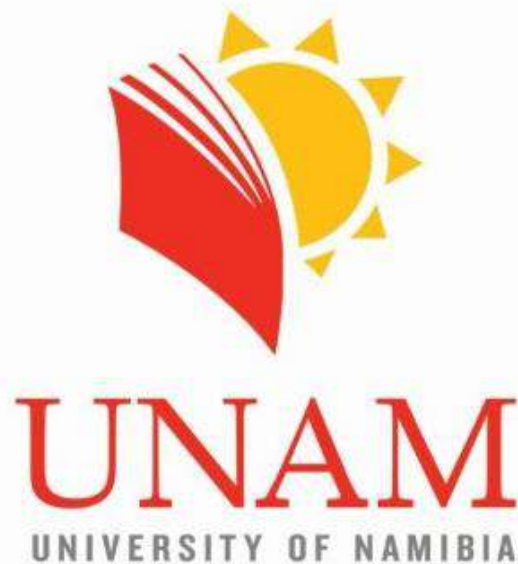

School of Business Management, Governance & Economics

Prospectus 2025

UNAM

**SCHOOL OF BUSINESS MANAGEMENT, GOVERNANCE
AND
ECONOMICS**

NOTE

This School Prospectus is valid for **2025** only. Regulations and curricula may be amended. General regulations and information appear in the **UNAM General Information and Regulations Yearbook**.

Although the information contained in this School Prospectus has been compiled as accurately as possible, Council and Senate accept no responsibility for any errors and omissions that may occur. The University retains the right to amend any regulation or condition without prior notice.

(a) The information is correct up to 31 October 2025

The fact that particulars of a specific course or field of study have been included in this School Prospectus does not necessarily mean that such course or field of study will be offered in 2025 or any consecutive year.

This School Prospectus must be read in conjunction with the **General Information and Regulations Yearbook**.

EXEMPTION CRITERIA – UNDERGRADUATE PROGRAMMES**230****ONLY FOR STUDENTS ARTICULATING INTO PROGRAMMES OFFERED BY THE FACULTY**

SCHOOL MISSION

To provide academic, professional and applied research driven education in the disciplines of management, governance and economics, with a focus on narrowing the knowledge and development gaps in the public and private sectors by continuously engaging relevant stakeholders to ensure translational knowledge and research output.

SCHOOL VISION

To be a custodian in providing targeted training through academic programmes aimed at filling industry specific gaps in the fields of management, governance and economics, while serving as a leading unit in scholarly research as well as community service that contributes to social and economic development locally, regionally and internationally by the year 2030.

The objectives of the School are to:

- promote excellence in teaching and research;
- inculcate a critical disposition and an ability for creative problem-solving;
- educate and train high level human resources in support of sustainable development and community service;
- produce responsible citizens with a healthy respect for human dignity.

The School is offering Certificates, Diploma's and Bachelor's degree programmes at undergraduate level and some programmes at post-graduate level.

Some Postgraduate programmes are offered solely by the School and some are in collaboration with other Universities.

Qualification Code	Qualification Name	Study Period
12DMAN	Doctor of Philosophy in Management Science	3 YEARS

Department of Public Management and Political Studies

Qualification Code	Qualification Name	Study Period
12MPST	Master of Arts in Political Studies (taught programme)	2 YEARS
12MPSR	Master of Arts in Political Studies (by Thesis only)	2 YEARS
12MPAN	Master of Public Administration (taught programme)	2 YEARS
12MPAR	Master of Public Administration (by Thesis only)	2 YEARS
12DPST	Doctor of Philosophy in Political Studies	3 YEARS
12DPAN	Doctor of Philosophy in Public Administration	3 YEARS

PROCEDURES, RULES AND REGULATIONS HIGHER DEGREE PROGRAMMES

UNAM shall offer programmes leading to the following higher degree qualifications:

A.1 Master's Degree Programmes

There shall be three categories of Masters as follows:

- A.1.1 **Category 1: Research Masters degrees (Master of Philosophy (MPhil))** in a specialised area: The MPhil, or 'Master of Philosophy', is a higher degree research Masters. Instead of completing taught units and assessments, an MPhil consists entirely of an independent research project. Unlike Master's by coursework which has taught modules, the MPhil is a pure research degree and it is based entirely on the completion of an independent thesis. An MPhil does not involve any teaching – the entire qualification is made up of an independent research project. However, support modules may be added although they may not contribute towards the credits required to obtain the qualification. All 240 credits must be allocated to a thesis, including an oral examination (viva voce). Alternatively, at least 200 credits must be covered by thesis in addition to 40 credits in research methodology. As an advanced research qualification, an MPhil will usually have extra admissions requirements, i.e. it will also require a candidate to have strong research background, and to put forward a concept note for admission purposes that shall be developed into a full research proposal. This will define the candidate's intended project and / or state how he/she intends to tackle it. Both MSc / MA and MPhil programmes are excellent preparation for a PhD; however, an MPhil is much closer to a PhD than a typical MSc or MA degree.
- A.1.2 **Category 2: Masters by Coursework (i.e. MSc, MA):** Masters by Coursework usually aim to prepare students for the next stage in their careers, whether that is further academic or professional study, or entering or progressing within employment of different kinds. An MSc or MA is primarily a taught Master's degree, with lecturer-led lessons, seminars and laboratory work. It has substantially taught elements with a research element leading to a mini thesis. At least 50% (120) of the credits must be allocated to a thesis.
- A.1.3 **Category 3: Professional or practice-based Masters degrees (i.e. MBA, LL.M):** Professional or practice-based Masters degrees usually aim to enable graduates to qualify for entry into a profession, or to provide development opportunities related to particular professions or employment settings. It has substantial taught elements with a research element leading to a mini thesis. At least 25% (60) of the credits must be allocated to a thesis or project.

Students admitted to Master's degree programmes enrol on either a full time or part time basis. Master's degree programmes have a minimum of two years' duration for full-time students and three years for part-time students; and a maximum of four years for full time students and a maximum of five years for part-time students, unless otherwise stipulated by programme specific regulations.

A.2 Doctoral Programmes

There shall be two categories of doctorates as follows:

- A.2.1 **Category 1: Doctor of Philosophy (PhD)**
- A.2.1.1 **PhD by Dissertation:** A PhD by dissertation is based largely on a supervised research project. A PhD candidate is required to make an original contribution to the body of knowledge by conducting an independent research project; leading to a dissertation. The dissertation must be defended through a viva voce examination. All 100% of the credits must be allocated to the dissertation.
- A.2.1.2 **Doctorate (PhD) by Publication:** A doctorate by publication is normally awarded on the basis of a dissertation containing a series of published work that demonstrates independence, significance and originality, typically in the form of research articles published in internationally indexed, accredited and peer-reviewed outlets as recognised by the respective discipline. Publication requirements are spelt out in section G.2. The dissertation must still read as a cohesive whole and therefore despite the articles being published as stand-alone pieces, they must also relate to each other and focus on the approved research topic. The published works are to be presented as a dissertation where such works form different chapters. The dissertation must be defended through a viva voce examination. All 100% of the credits must be allocated to the dissertation.

- A.2.2 **Category 2: Professional or practice-based doctorates (i.e. Doctor of [subject name]; i.e., Doctor of Education (EdD); Doctor of Business Administration (DBA); Doctor of Engineering (EngD):** A professional or practice-based doctorate has substantial taught elements with a research element. At least 33% of the credits must be allocated to the dissertation. It provides an opportunity for individuals to situate professional knowledge developed over time in a theoretical academic framework.
- A.2.3 The duration of a doctoral programme is a minimum of three years for full-time studies and four years for part-time studies; and a maximum of five years for full time studies and maximum of six years for part-time studies.
- A.2.4 Doctoral study opportunities at UNAM are offered where the Departments have the necessary research facilities and infrastructure, and where sufficiently qualified and experienced academics are available and ready to provide effective supervision.

NB: Section A.1 – A.2 to be read in conjunction with the Programme Development Policy.

B. APPLICATIONS FOR HIGHER DEGREES

B.1 Eligibility for Admission to Higher Degree Programmes

UNAM welcomes students with a range of qualifications from all over the world. Applicants must fulfil the minimum admission requirements for entry as well as English Language requirement (when required) as indicated. Competition for places in some programmes is generally high, and the minimum requirements given may not be sufficient to be admitted. Due to this, applicants may be requested to undergo further screening processes. Admission requirements for each higher degree qualification shall be explained in the relevant Faculty prospectus. Prospective students must satisfy Faculty specific requirements as indicated in the admission requirements of the relevant programme.

B.2 Application Process

- B.2.1 Applications for higher degree programmes should be made on a University application form, which is available online or on request from the Student Records Section: Office of the Registrar, and can also be downloaded from the UNAM webpage: <http://www.unam.edu.ng>.
- B.2.2 Before completing the application form, applicants must familiarise themselves with all aspects pertaining to higher degree studies as set out in this document.
- B.2.3 Applicants must also acquaint themselves with the different modes of the programmes offered (e.g. taught programmes or by thesis/dissertation only, fulltime or part time).
- B.2.4 Applicants must ensure that all relevant documentations are submitted with the application form. The receipt of the application and feedback on the status of the application shall be communicated to the applicant by the University.
- B.2.5 All applicants for Masters by Research and Doctoral programmes must submit a concept note (see ANNEX 20) together with the application form.
- B.2.6 The completed application forms shall be processed and forwarded by the Student Records Section to the relevant Faculty for admission consideration.
- B.2.7 UNAM shall admit students in accordance with the specific admission criteria for the programme as approved by Senate.
- B.2.8 Prospective higher degree applicants with foreign qualifications must submit NQA certificate of evaluation of qualifications at registration.

B.3 Admission of Students

- B.3.1 Admission of students to higher degree programmes is based on departmental requirements and general University regulations.
- B.3.2 Admission of students to higher degree programmes shall be done at Admission and Examination Board.
- B.3.3 For Masters by Research and Doctoral programmes, the Department reviews the submitted concept note and identifies potential supervisor(s) and recommends the applicant for admission through the Admission and Examination Board, taking into account the applicant's fulfilment of the minimum admission requirements, availability of supervisors and space. As such, Departments shall not recommend students for higher degrees' admission if they do not have the capacity to supervise. The University encourages co-supervision with academic staff members from within the University or other universities as well as industry where specialised knowledge is required, but the main supervisor should be based at UNAM.
- B.3.4 A provisional admission letter indicating further conditions to be met as applicable shall be issued to a prospective student by the University.

- B.3.5 Admission for students enrolling for research based higher degrees shall be done twice a year. That means students shall be able to register at the beginning of an academic year (i.e. January/February) or mid-year (i.e. June/July). This does not apply to those students enrolling for Masters by Coursework.

B.4 Study Permit Requirements

- B.4.1 According to the *Immigration Control Act of 19 August 1993*, all international students (SADC and Non-SADC) must be in possession of a valid Study Permit and Visa before entering Namibia. As such, all international students shall be required to present valid study permit and visa at registration.
- B.4.2 All prospective (first and senior) students are required to apply for a Study Permit and Visa on the prescribed forms obtainable from the University of Namibia, or at the Namibian Embassy/High Commission/Consular in any country or Ministry of Home Affairs and Immigration's website.
- B.4.3 Students with permanent Namibian Residence, Refugees/Asylum Seekers status and Diplomatic representatives are exempted from applying for a Study Permit and Visa, on condition that they provide the relevant and valid documentation to the University of Namibia.
- B.4.4 Study Permits, Work Permits and Tourist Visas are not interchangeable, therefore, candidates in possession of a work permit or tourist visa shall need to apply for a study permit if offered provisional admission to the University of Namibia.

C. REGISTRATION OF ADMITTED STUDENTS

C.1 General Registration Regulations

- C.1.1 All students enrolled for higher degrees are expected to adhere to the due dates for registration as approved annually.
- C.1.2 Students who are registered in programmes involving coursework shall be required to enrol for core and elective (optional) modules, as prescribed in the relevant Faculty Prospectus.
- C.1.3 All students enrolled for higher degrees shall be required to register for all compulsory modules as determined from time to time.
- C.1.4 All students enrolled for higher degrees shall be required to register every year for the duration of the specific programme, unless approval has been granted for an academic break in studies.
- C.1.5 Continuing students enrolled for higher degrees are required to submit proof of registration to their supervisor within a week after registration. This is to keep the supervisor informed on the registration status of the student for each academic year. Students will also be informed of this as part of student orientation.
- C.1.6 Students who fail to register for any academic year shall be required to apply for readmission to continue with the same programme, except in the case of an approved academic break-in-study (ANNEX 14).
- C.1.7 In exceptional cases, a student registered with another University may be allowed to transfer to the University of Namibia, subject to written approval of the supervisor(s) and the relevant higher degree studies governing bodies from both institutions, at a stage not further than proposal development. Registration is subject to the availability of suitable supervisor(s) and all relevant processes and regulations of the University of Namibia.
- C.1.8 In exceptional cases, a student registered with the University of Namibia may be allowed to transfer to another University, subject to written approval of the supervisor(s) and the relevant higher degree studies governing bodies from both Universities, at a stage not further than proposal development.
- C.1.9 No student shall be admitted as a candidate for more than one qualification at the same time without the special permission of Senate or in line with Joint Qualifications and Double Degrees' Policy or on approved exchange programme. Likewise, no student registered at the University of Namibia shall be permitted to enrol as a student at another University at the same time without the special permission of Senate or in line with Joint Qualifications and Double Degrees' policy.
- C.1.10 Faculties with approval of Senate, may restrict the number of candidates who may be permitted to register for a particular higher degree, in which case Faculties may, from amongst the candidates qualified to register for such a course of study, select those who shall be permitted to register.
- C.1.11 Students admitted for Masters by research/doctoral programmes may be required to enrol in selected modules, which shall help them to bridge any gaps in their earlier training or expose them to new developments in their study disciplines, as may be advised by the supervisor.

D. SUPERVISION OF HIGHER DEGREE STUDENTS

D.1 Appointment of Supervisors

- D.1.1 Every student enrolling for a higher degree programme shall be assigned a main supervisor, and where applicable, one co-supervisor based on the review of the concept note.
- D.1.2 Where more than one co-supervisors are necessary, a motivation shall be provided, especially where the student's research topic is multidisciplinary in nature, or where there is a need for additional expert supervision in the same discipline, or where the student's higher degree programme involves sandwich arrangements.
- D.1.3 For Masters by Research/doctoral programmes, supervisors shall be identified prior to admission by the Department for recommendation by Admission and Examination Board to the SHDB for approval, within three (3) weeks after registration (see point B 3.3)
- D.1.4 For Masters by coursework, provisional allocation of supervisor(s) shall be done at the end of the first academic year by the Department through the Admissions and Examination Board and approved at the SHDB in the following academic year, within three (3) weeks after registration. On exceptional bases, a formal submission from the Department may be clearly motivated to the SHDB to approve supervisor (s) earlier.
- D.1.6 Supervisors shall be appointed from suitably qualified UNAM staff or affiliates; and where there is a need to appoint an external supervisor, the main supervisor should be a UNAM staff or affiliated member.
- D.1.7 The main supervisor for Masters and Doctoral students must have a doctoral degree and expertise in the field of study that he/she is expected to supervise. In addition, the supervisor must have relevant research and publication experience.
- D.1.8 In exceptional cases, a supervisor with a Master's degree or equivalent and with specialized skills shall be considered to supervise Master's students as a co-supervisor subject to approval by the SHDB.
- D.1.9 Supervision load shall be linked to the job description and performance agreement of an academic staff.

D.2 Responsibilities of Supervisors

Main Supervisor

- D.2.1 The main supervisor shall carry the primary responsibility for supervision.
- D.2.2 The main supervisor must have relevant expertise and a thorough understanding of the University's Higher Degrees Policy, Procedures and Regulations, in order to effectively guide the student towards attaining the stipulated standards.
- D.2.3 The main supervisor has the responsibility of ensuring that their students make progress in their studies. Where there are challenges affecting the student's research progress, these shall be communicated to the relevant leadership structures within the Faculty and could be escalated to the Centre for Research Services: Postgraduate Research Support Services Unit through the Head of the Department and Faculty Postgraduate Coordinator.
- D.2.4 The main supervisor should understand that:
 - a) The Master's thesis research programme is designed as a training course, whereby it is intended that the student will:
 - i. be exposed, acquire and apply fundamentals of research,
 - ii. acquire certain new techniques, methods and analysis of research,
 - iii. learn how to present the results of research in a scholarly manner, and
 - iv. make significant contributions to knowledge.
 - b) Masters students require close and careful supervision because they usually have minimal research experience, especially during the early stages of their theses (when learning about research methodology, experimental research design and research techniques), and when preparing the initial drafts of their theses.
- D.2.5 The main supervisor of a Doctoral student should recognise that the student, in most cases, will have acquired some research experience when they were Master's degree students. What is expected of the Doctoral student is, thus, qualitatively and quantitatively more than outlined above for Master's degree students. The Doctoral student is expected to:
 - a) make a distinct and original contribution to the body of knowledge, of fact and/or theory;
 - b) produce a considerable amount of original work;
 - c) undertake a more critical and extensive review of the relevant literature than in the case for a Master's student, and

- d) exercise considerable initiative and independence in conducting research.
- D.2.6 After approval of a research proposal, the doctoral student should be able to work independently and be guided rather than be directed by his/her supervisor. It is, nevertheless, the supervisor's responsibility to guide the student in the right direction.
- D.2.7 During the initial phase, the main supervisor has the responsibility of assisting their students in the design and formulation of appropriate research projects.
- D.2.8 The main supervisor should be able to determine, through their previous research experience, potential impediments to the research problem and advise the students on what can be achieved meaningfully, within the time allocated for the study.
- D.2.9 The main supervisor has the responsibility of monitoring the student's research progress throughout the research period:
- a) Both the supervisor and the student must submit compulsory reports on the progress of the student to the Head of Department (HoD) at the end of each semester (ANNEX 3A and 3B) for review and assessment;
 - b) The HoD shall do a quick review, assess and flag progress reports with potential risks or concerns and where possible resolve them at the Department level. If necessary, the reports may be presented to the SHDB to discuss the risk reports and take the necessary steps to resolve problems (where necessary). All completed Annexes are then forwarded to the Faculty Postgraduate Coordinator for record keeping;
 - c) Where the HoD is the main supervisor, the Associate Dean of School should sign the progress report.
 - d) A summary report of all progress reports received and recommendations from the SHDB on challenges identified and actions taken must be tabled at HDegC meeting for noting.
- D.2.10 The main supervisor has the ultimate responsibility of assisting the student to give an appropriate title to the thesis/dissertation, and to guide him/her on the presentation of the research results in the form of a scholarly thesis/ dissertation, in accordance with the set procedures and regulations.
- D.2.11 The main supervisor and student should have regular meetings to discuss progress and challenges affecting the research project process.
- D.2.12 Although the writing of the thesis/dissertation is the responsibility of the student, it is the supervisor's role to ensure that the standards set by the University are always adhered to. The main supervisor should:
- a) allocate time slots for supervision and be accessible to the student, especially, during the critical stages of research proposal development and thesis/dissertation writing;
 - b) discuss the drafts of the thesis/ dissertation with the student throughout the academic process;
 - c) read the student's thesis/dissertation carefully and critically, indicating where improvements are needed, e.g., where there is paucity of information, and where the important findings could be published;
 - d) at the conclusion of the work, read the entire thesis/dissertation, and advise whether or not it is in a form suitable for submission to examiners;
 - e) not necessarily be responsible for personally editing language usage in the thesis or correcting typographical errors. He/she should, however, point out language and typographical errors.
 - f) Co-publish with the student
- D.2.13 Should the main supervisor be away from the University for more than three consecutive months, the co-supervisor will act as the main. Where a student has no co-supervisor, an acting supervisor must be appointed by SHDB on recommendation of the Department.
- D.2.14 Where the main supervisor retires or resigns from the University, he/she shall cease from supervising any student(s) under his/her charge, unless there is a signed understanding for the continued supervision of the student(s) as per ANNEX 1B.
- D.2.15 If, in the course of the student's research, a situation develops whereby:
- i. there is a breakdown in communication between the student and the supervisor;
 - ii. there are personal clashes and conflicts between the two;
 - iii. the student refuses to follow the supervisor's advice;
 - iv. or a change of supervisor is required to enhance the progress of the student; the case should be reported in writing to the Head of the relevant Department (or Associate

Dean of School in case the HoD is the supervisor) by either the supervisor or the student. The Head of Department has the responsibility to hear both sides of the case (that is, from the supervisor and the student), resolve or/and recommend to the SHDB for appropriate action through the Faculty Postgraduate Coordinator.

- D.2.16 The main supervisor remains the main contact person between the student and co-supervisor and takes final responsibility for the communication, feedback and administrative issues related to the student.
- D.2.17 The main or co-supervisor shall be expected to attend the Departmental research proposal presentation seminar when his or her student is presenting.
- D.2.18 The main or co-supervisor shall be expected to be on stand-by when his or her student's research proposal is under consideration at the SHDB.

Co-supervisor(s)

- D.2.19 If a co-supervisor has been appointed, he or she shall be expected to play an active role in the candidate's supervision.
- D.2.20 The co-supervisor (s) shall be an expert (s) in an aspect of the field of the proposed thesis or dissertation.
- D.2.21 The co-supervisor shall provide academic support and specialist expertise in co-operation with the main supervisor.
- D.2.22 If a School/Department/Unit regards it advisable, for example, because of insufficient supervisory experience at the level of the particular qualification or require particular expertise, an internal (co-) supervisor may be appointed.
- D.2.23 The main supervisor and co-supervisor shall liaise regularly about the candidate's work.
- D.2.24 The main supervisor and co-supervisor shall agree on their respective roles and responsibilities and the mode of communication with the student. This arrangement shall be communicated to the student at the start of the research supervision process.

D.3 Remuneration of Supervisors

- D.3.1 All supervisors (Main and Co-) will be remunerated upon approval of the graduation of the student by the Higher Degrees Committee, according to the tariffs determined by the University (ANNEX 16).
- D.3.2 Supervisors shall be required to attach completed and signed progress reports, ANNEX 1A and ANNEX 6A for each claim of a student supervised.
- D.3.3 Remuneration of supervisors shall be determined from time to time as required.
- D.3.4 All claims must be submitted for processing within 6 months after the student is approved for graduation. Claims submitted after specified time frame may not be considered for payment.

D.4 Responsibilities of a student enrolled for higher degree programmes

A higher degree student shall:

- D.4.1 Act as a responsible member of the institution's academic community in a professional and mature manner.
- D.4.2 Adhere to the university's policies and regulations in terms of health and safety, intellectual property rights, unfair practice and ethical research guidelines.
- D.4.3 Attend coursework, lectures, examination (where applicable), seminars, and research proposal presentations, among others.
- D.4.4 Commit to their courses of study, conducting, communicating and defending their proposed research plans and outcomes.
- D.4.5 Prepare research reports, thesis/dissertation, manuscripts and publications and provide progress reports as required.
- D.4.6 Develop, in consultation with the supervisor (s), an agreed work schedule.
- D.4.7 Attend skills development workshops and seminars as offered by the Centre for Research Services: Postgraduate Research Support Services.
- D.4.8 Communicate research findings to the academic community, either orally and/or in written form as may be required.
- D.4.9 Prepare and submit a thesis/dissertation for examination, together with an anti-plagiarism report.
- D.4.10 Present the research findings before a panel of examiners (through viva voce) to qualify for degree award, as required.
- D.4.11 Submit the final and bound thesis/dissertation after approval for graduation.

E. APPROVAL OF RESEARCH PROPOSALS

- E.1** Approval of research proposals for higher degree students shall be done at the SHDB.
- E.2** The research proposal should be prepared according to the prescribed format (SECTION O).
- E.3** Higher degree students are required to first present their proposals at a research proposal defense organised by the Department, for scientific merit assessment. The HoD may, co-opt members from other Departments based on required area of specialisation.
- E.4** The HoD shall submit recommended research proposals for consideration and approval by the SHDB.
- E.5** Students enrolled for Master's by research and PhD students shall within six (6) months of signing the understanding with the approved supervisor (ANNEX 1A), submit the research proposal accompanied by all supporting documents (e.g. informed consent form, interview guide or any relevant research instrument) to HoD for approval at the SHDB.
- E.6** Students enrolled for Master's by coursework shall within three (3) months of signing the understanding with the approved supervisor (ANNEX 1A), submit the research proposal accompanied by all supporting documents and signed by the student and supervisor (e.g. informed consent form, interview guide or any relevant research instrument) to the HoD for approval at the SHDB.
- E.7** Students whose research proposals are referred back by the SHDB shall be required to present them again after all corrections are attended to. The re-submitted research proposal shall be accompanied by a table of corrections, signed by student and supervisor.
- E.8** Upon approval of the research proposal by the SHDB, the student guided by supervisor shall submit the approved proposal for ethical clearance to the Decentralised Ethics Committee.
- E.9** The Head: Postgraduate Research Support Services shall immediately issue the research permission letter (ANNEX 16), after the student has obtained and presented the ethical clearance certificate.

F. SUBMISSION OF THESES AND DISSERTATIONS FOR EXAMINATION

F.1 Notice of Intent to submit Thesis/Dissertation for Examination and Approval of Examiners

- F.1.1** Approval of examiners for higher degree thesis or dissertation shall be done at HDegC level.
- F.1.2** At least three (3) months prior (in the case of Master's thesis) or at least four (4) months (in case of PhD dissertation) to the scheduled date for the submission of the thesis/ dissertation, the respective higher degree students shall, through their supervisors and HoD, submit a written notice, declaring their intention to submit their theses/dissertations for examination (ANNEX 4A). This is in order to allow sufficient time to organise the approval of examiners (ANNEX 4B) before the thesis/dissertation is actually ready for examination.
- F.1.3** Students who submit a notice of intent within a shorter period than specified in (F.1.2) above should note that the examination of thesis/dissertation might be delayed.
- F.1.4** For Masters' by Course Work who do a mini thesis: upon receipt of the notice of intent from the student (ANNEX 4A), the Head of the Department shall complete and submit ANNEX 4B together with the abridged CV's (ANNEX 5A) of not more than 3 pages for internal and external examiners identified by the Department, to the SHDB for consideration and recommendation to HDegC for approval. Heads of Departments shall guard against any potential conflict of interest (ANNEX 5B) in the identification of examiners.
- F.1.5** For MPhil and PhD thesis/dissertation, upon receipt of the notice of intent from the student (ANNEX 4A), the Faculty Postgraduate Coordinator shall alert the Executive Dean (ED) to facilitate the appointment of an Independent Chair (IC) in consultation with the HoD. The IC shall be a senior academic, at least at the rank of Associate Professor for Doctoral students and Senior lecturer/researcher for Master's students. The IC will be responsible for sourcing suitable examiners of thesis/dissertation and possibly chair the viva voce.
- F.1.6** The HoD may recommend 4-6 possible names of examiners to the Independent Chair, who may or may not support/select from the list; and may source from elsewhere.
- F.1.7** Supervisors are not allowed to recommend examiners for their students, but can propose a pool of potential examiners for consideration.
- F.1.8** The IC shall complete, sign and submit ANNEX 4B together with the abridged CV's (ANNEX 5A) of not more than 3 pages for internal and external examiners as per his/her recommendation, to the SHDB through the department submission for consideration and recommendation to HDegC for approval.
- F.1.9** The IC shall be a senior academic, not necessarily a subject area expert, and may be appointed from UNAM or other Universities.
- F.1.10** at least two examiners recommended by the SHDB and approved by the HDegC shall examine every Master's thesis submitted. At least one of the examiners in each case must be external to the University of Namibia, except when the student is a staff member in which case all examiners must

- be external. The supervisor(s) should not be one of the examiners. In the case where no internal staff members are available/no expertise or the pool of internal examiners is too limited for examination, motivation for external examiners must be provided.
- F.1.11 In the case of doctoral dissertations, at least three examiners shall be appointed, of whom two must be external to the University of Namibia, except when the student is a staff member in which case all examiners must be external. The supervisor(s) should not be one of the examiners. In the case where no internal staff members are available/no expertise or the pool of internal examiners is too limited for examination, motivation for external examiners must be provided.
- F.1.12 Internal and external examiners shall be approved and appointed on the basis of their expertise, independent from appointment of external moderators already approved for modules in the specific programme.
- F.1.13 External examiners of a particular thesis/dissertation may not be appointed from the same institution.
- F.1.14 The examiner shall not have any direct involvement in the research project of the student and must declare any past or present (personal or professional) connections with the student. Before final appointment, all examiners must declare any direct conflict of interest (ANNEX 5B).
- F.1.15 An examiner for Masters/Doctoral students must have a doctoral degree and expertise in the field of study that he/she is expected to examine. In addition, the examiner must have relevant research and publication experience.
- F.1.16 Examiners of Thesis/Doctoral dissertation appointed from academic fraternity, including UNAM should be at Senior Lecturer/Senior Researcher level or above.
- F. 1.17 Examiners of Thesis/Doctoral dissertation appointed outside the academic fraternity, should provide evidence of expertise relevant to the research.
- F.1. 18 When the thesis/dissertation is ready to be submitted for examination, students with approval of the main supervisor (ANNEX 4C) shall submit a soft copy in Word version or other editable version to the relevant Faculty Postgraduate Coordinator, who will prepare the letters of appointment for their respective Faculties.
- F.1.19 All theses and dissertations must be submitted together with a similarity report generated, with support from CILT, by a software as specified by the University, with a similarity level of 15% or below for Master and PhDs.
- F.1.20 All theses and dissertations ready for examination must be submitted before or by 31 October of the previous year to be considered for graduation in April/May and before or by 30 April to be considered for September graduation.
- F.1.21 Students submitting the thesis or dissertation for examination after the dates 31 October and/or 30 April are most likely to delay their examination and graduation process.
- F.1.22 For students who submit their theses/dissertations for examination before or by 31 October, the following shall apply:
- (i) If, upon evaluation of Thesis/Dissertation, examiners recommend a pass with no corrections, a student is NOT required to register, provided that all subsequent requirements are fulfilled for the student to graduate.
 - (ii) If, upon evaluation of Thesis/Dissertation, examiners recommend a pass either with MINOR or MAJOR corrections, a student is NOT required to register, provided that all corrections are effected to the satisfaction of supervisor in time to be approved for graduation.
 - (iii) If a student fails to make the corrections by the end of the academic year, such a student will be required to register for the next academic year and pay both registration fees and 25% tuition fees.
 - (iv) A student whose examination reports require a resubmission or arbitration must register and pay full (100%) tuition fees.
 - (vi) All students whose theses/dissertations were submitted for examination on time and are

awaiting their examination results shall not be required to register until their examination results are back from the examiners and any of the above conditions prevail.

- F.1.23 A student whose thesis/dissertation was submitted between the 1 November and 31 January, will be required to register and pay 25% of tuition fees.
- F.1.24 A student whose thesis/dissertation was submitted after 31 January, will be required to register and pay 100% tuition fees.
- F.1.25 Registered students who submit their theses/dissertations for examination before or by 30 April shall be considered for September graduation provided all subsequent requirements are fulfilled for the student to graduate.
- F.1.26 Students with NO re-admission status must appeal for re-admission for the subsequent academic year before submitting theses/dissertation for examination.
- F.1.27 It is the duty of Faculty to ensure timeous dispatch of theses/dissertations and timeous receipt thereof. Faculties have to implement appropriate measures to ensure such timeliness. Late receipt of reports cannot serve as penalty to students to pay further registration or tuition fees. Examiners shall complete examination in the following periods:
 - a) All Master's thesis = 4 weeks;
 - b) Doctoral dissertation = 6 weeks.

G. EXAMINATION OF SUBMITTED THESES/DISSERTATIONS

G.1 Examination of Master's Theses and Dissertations

- G.1.1 Each examiner shall be required to examine the thesis or dissertation in detail and submit his/her comprehensive assessment under the following headings:
 - i. **Appropriateness of the Thesis/Dissertation Title:** Comment on the appropriateness of the title as it relates to the content of the thesis or dissertation.
 - ii. **Introduction:** Comment on the validity of the research problem, the extent to which the questions/objectives/hypotheses address the identified research problem and the justification for the study.
 - iii. **Completeness of the Literature Review:** Comment on the ability of the student to describe other researchers' contributions to similar problems. The literature review should lead the reader to a good understanding of what is already known about the research topic, what gaps of knowledge exist, what the study was intended to contribute, and what research questions, objectives and hypotheses guided the study, where applicable. The examiners should comment on the candidate's familiarity with the literature. Comment on conceptual or theoretical framework used in the study, in terms of relevance and appropriateness to the study, where applicable.
 - iv. **Research Methods:** Comment on the appropriateness of the research methods (research design and instruments, where relevant) employed in the study. Comment on ethical considerations should be included, if deemed fit.
 - v. **Presentation of the Results:** Comment on the manner in which the results and findings of the study are presented. Where applicable, if tables of data are provided, are they reduced statistically? Are the statistical analyses appropriate? If illustrations are provided, are they of publishable quality? Is the description of the research results of adequate clarity and scholarship?
 - vi. **Discussions and Conclusions:** Has the student sufficiently discussed and indicated how his/her results compare with those of others, as cited in the literature? Are they logically interpreted and supported by data? If there are weaknesses in the thesis/ dissertation, what are the shortcomings? Are conclusions clearly presented?
 - vii. **Recommendations:** Are the recommendations formulated addressing what was reported in the thesis/dissertation, in terms of relevance and appropriateness? Will the recommendations lead to addition of new knowledge to the current study?
 - viii. **Language and Technicalities:** Comment on general formatting and structure of the research report. Is the language used clear and concise? Are there major typographical errors? Is a language editing needed? (Where applicable).
 - ix. **Originality and Contribution to Knowledge:** From the thesis/dissertation, is his/her contribution to new knowledge clearly articulated and demonstrated? In the case of Doctoral dissertations, is there evidence of sufficient originality? If it is a PhD dissertation examination, the academic work must

demonstrate a clear sense of originality, novelty and significance contribution to knowledge. In the case of a Master's thesis, examiners comment on the significant contribution to the field of study. Further comment on research writing and scholarly writing skills, in terms of application of research knowledge.

- X. **References:** Are all the references cited in the text recorded on the reference list (and vice versa)? Are recent references used? Are the references used appropriate to the study? Is there consistency in the style of referencing used?
 - Xi. **Summary:** The examiner should present a summary indicating whether s/he recommends the thesis or dissertation for a higher degree award. In the case of Master's thesis, marks should be allocated by following guidelines in ANNEX 8 & ANNEX 9A and ANNEX 9B, and fully complete the summary form for dissertation, ANNEX 10.
- G.1.2 In addition, an examiner of a PhD by Publication shall take into consideration the following aspects:
- i. Papers are published by a discipline-specific reputable, high impact or indexed outlet requiring full peer review of contributions;
 - ii. The publications are linked to create a cohesive argument;
 - iii. The introductory chapter critically places the published work in the context of the appropriate field of study and provides an overview of the thesis topic as a whole clarifying the need for the research;
 - iv. The conclusion chapter summarises the work and the contribution of the research as a whole;
 - v. The number of publications included as part of the thesis submission shall vary by discipline, however, a minimum of three papers are required;
 - vi. Candidates for the degree of PhD by Publication shall be required to meet the same standards for award as candidates for the PhD by Dissertation.
- G.1.3 All examination reports from examiners shall be submitted to the Faculty Postgraduate Coordinator as specified in letter of appointment (ANNEX 7), within a stipulated timeframe from the date of receipt of the documents. If examination feedback is not received within the stipulated examination period, an extension of a maximum 2 weeks may be granted to the examiner after which new examiner(s) may be appointed if no feedback is received.
- G.1.4 The Faculty Postgraduate Coordinator shall immediately (within a day or two) forward the anonymised reports to the relevant Supervisor of examined thesis/dissertation who shall be responsible for distributing the reports to the student. The Faculty Postgraduate Coordinator must ensure that the names and affiliation of examiner(s) as well as the allocated marks are removed from the examination reports before sharing with the supervisors. Supervisors must also ensure that no examiner details and examination marks are shared with students before the results are discussed and approved by the relevant higher degrees committee, and formally released by the University.
- G.1.5 The supervisor shall share the anonymous reports with the student to make the indicated corrections. Where the reports contain conflicting recommendations, the supervisor shall guide the student in addressing them.
- G.1.6 The revised thesis or dissertation together with a comprehensive table of corrections must be submitted to the supervisor to verify that all corrections have been made to the satisfaction of the supervisor. Student must present the thesis or dissertation for inspection by the Postgraduate Research Support Services Coordinator before submitting final and bound copies for records keeping.
- G.1.7 Upon evaluation of the Masters' thesis, the examiner shall recommend one of the following:
- a) PASSES ($\geq 50\%$) subject to NO corrections
 - b) PASSES ($\geq 50\%$) subject to MINOR corrections
 - c) PASSES ($\geq 50\%$) subject to MAJOR corrections
 - d) RE-SUBMIT FOR RE-EXAMINATION (no mark allocated)
 - e) FAIL ($< 50\%$)
- G.1.8 A thesis re-submitted for re-examination shall be re-examined by the same examiner and awarded a maximum pass mark of 50%. When a thesis is submitted for re-examination, the examiner should indicate whether the student has satisfactorily addressed the identified shortcomings in the first submission.
- G.1.9 Upon evaluation of the PhD dissertation, the examiner shall recommend one of the following:
- a) PASSES subject to NO corrections

- b) PASSES with MINOR corrections
 - c) PASSES subject to MAJOR corrections
 - d) RE-SUBMIT FOR RE-EXAMINATION
 - e) FAIL
- G.1.10 No marks (only pass or fail) should be allocated for Doctoral dissertation.
- G.1.11 A dissertation re-submitted for re-examination shall be re-examined by the same examiner.
- G.1.12 A thesis/dissertation shall not be examined more than two times.
- G.1.13 Where a Master's thesis is recommended for re-submission, it must be re-submitted within 6 months, unless otherwise motivated, failure to submit the corrected version the student shall be deemed to have failed the thesis.
- G.1.14 Where a Doctoral dissertation is recommended for re-submission, it must be re-submitted within 12 months, unless otherwise motivated; failure to submit the corrected version the student shall be deemed to have failed the dissertation.
- G.1.15 In cases where an examiner is not available to re-examine a resubmitted thesis/dissertation, the Department submits a new CV recommending a new examiner to HDegC for approval through SHDB.
- G.1.16 In cases where the examiners of the thesis/dissertation disagree in their recommendations:
- a) Where one examiner fails and other passes the Master's thesis, an arbiter is recommended through SHDB and approved by the HDegC to examine the thesis.
 - b) Where two examiners pass and one fails the PhD dissertation, the Department proposes an independent external examiner to serve as arbiter on the dissertation to the HDegC for approval through SHDB.
 - c) Where two examiners fail a PhD dissertation and only one passes it, the student is deemed to have failed the dissertation.
- G.1.17 A copy of the first and unmarked version of the thesis or dissertation submitted for examination shall be sent to the arbiter.
- G.1.18 For both thesis and dissertation, the assessment of the arbiter shall be final.
- G.1.19 Where the difference in the pass marks allocated for a thesis by the internal and external examiner, is 20% or more, the Head of Department must set up a departmental committee (excluding the supervisor and internal examiner) to assess the case (that is, using the examiners reports) and recommend a mark for the thesis and provide a motivation on the decision to the SHDB. Where the HoD is the supervisor or the examiner, the Associate Dean shall appoint an independent person to set up a committee and recommend a mark for the thesis and provide a motivation for the decision to the SHDB. Averaging the examiners marks is not allowed, and full motivation is required where this is the outcome.
- G.1.20 After corrections from examiners are affected, and viva voce conducted (where applicable), all examination reports, including any reports that recommended a fail or pass must be submitted by the HoD to the SHDB for recommendation to HDegC for approval.

G.2 Publication from a Thesis/Dissertation

- G.2.1 Publications are only valid if published during the study period addressing the approved research topic. Publications should not have been used in another research degree and should not have been published prior to the date of enrolment for higher degree studies at UNAM.
- G.2.2 PhD by Dissertation students whose enrolment is based largely on a supervised research project are required to have a minimum of two (2) peer reviewed articles in internationally indexed, accredited journal; accepted for publication or published, with the student as main author and supervisor/s as co-author (s) before graduation.
- G.2.3 A PhD by Publication shall consist of at least three (3) published peer reviewed articles in internationally indexed and accredited journals as stand-alone chapters, with the student as main author and supervisor(s) as co-author (s), before graduation.
- G.2.4 Masters by Research students are required to have at least one (1) peer reviewed article accepted for publication or published in internationally indexed and accredited outlets with the student as main author and supervisor(s) as co-author (s), before graduation.

- G.2.5 Master's' by Coursework students are encouraged to present a paper at a conference before graduation.
- G.2.6 A list of publications and conference presentations by the student, that was part of their study, should be listed in the thesis/dissertation immediately after the abstract.
- G.2.7 Information on the list of internationally indexed and accredited outlets per discipline shall be provided by the UNAM Library research support services.
- G.2.8 All articles published by a student shall be uploaded to the UNAM repository.

G.3 Viva Voce Examination for Students Registered by Research or Dissertation

- G.3.1 In addition to writing a thesis or dissertation, higher degree students who are registered for Masters by research and all Doctoral students, shall appear for a viva voce examination, to defend the submitted work before a panel of examiners.
- G.3.2 The viva voce shall be chaired by the Independent Chair who recommended examiners of the thesis/dissertation or any other duly appointed Chairperson.
- G.3.3 The Centre for Research Services through Postgraduate Research Support Services Unit is responsible for administering the viva voce examinations for doctoral students while the respective Faculties/Schools/Departments are responsible for administering the viva voce examinations for Masters students.
- G.3.4 The viva voce examination shall take place only after the Department through the Supervisor(s) is satisfied that the thesis or dissertation submitted by the student is considered by the examiners as a PASS; corrections are effected and table of corrections is prepared and signed by supervisor(s) and student.
- G.3.5 The questions to be asked in the viva voce examination shall primarily be focused on the student's thesis or dissertation research area. The public can attend and are permitted to ask questions.
- G.3.6 The viva voce panel shall consist of the Chairperson and examiners of the thesis or dissertation. The Postgraduate Faculty Coordinator shall be in attendance.
- G.3.7 Supervisors of thesis/dissertation are required to attend the viva voce of their students, but do not form part of the panel.
- G.3.8 The Chairperson of the viva voce panel shall be a senior academic (at least at the rank of Associate Professor for Doctoral students and Senior lecturer/researcher for Master's students) and shall not be one of the supervisors or examiners.
- G.3.9 The main supervisor must provide the relevant Faculty PG Coordinator with an electronic copy of the corrected thesis or dissertation, who shall distribute it, together with copies of the examiners' reports, table of corrections and viva voce examination regulations to the panel members, at least, one week before the date of the viva voce examination.
- G.3.10 All members of the viva voce panel must, therefore, acquaint themselves with the rules and regulations of the higher degree viva voce examination process.
- G.3.11 The functions of the viva voce panel shall be:
 - a) to ascertain that:
 - i. the thesis/dissertation presented (the data, methodology, analysis and findings) is the original work of the student,
 - ii. the shortcomings identified during the examination process have been addressed,
 - iii. the broader subject area in which the study is based is fully grasped by the student,
 - iv. any weaknesses in the thesis/dissertation can be adequately clarified by the student and
 - b) to make a definite recommendation to HDegC through the SHDB, as to whether the student be deemed to have passed or failed the thesis/dissertation (ANNEX 11).
- G.3.12 The viva voce panel shall, as far as possible, endeavour to reach a unanimous decision on the student's performance. Where the panelists are unable to reach a consensus as to whether the student passes or fails, a vote may be taken to arrive at a reasonable decision. A MAJORITY VOTE

shall be required for reaching a final verdict on the viva voce examination.

- G.3.13 At the end of the viva voce, the panel shall sign a viva voce Examination Results Form (ANNEX 11) making a specific recommendation to HDegC through the SHDB on the student's performance.
- G.3.14 The Chairperson of the panel shall also submit to the HoD comprehensive report (ANNEX 12) signed off by the viva voce panelists, this should be done within one week of the viva voce examination. The report shall include, an attendance register, challenges faced with the viva voce examination, a summary of the presentation, the discussion during the viva voce examination, any strong/weak points identified during the presentation and discussions, including any specific recommendations to the student.
- G.3.15 The duration of the viva voce shall normally not exceed two hours for Masters and three hours for PhD. The presentation for viva voce shall follow a template as given in ANNEX 24.
- G.3.16 The recommended outcome of the viva-voce shall be approved as part of the examination results by HDegC.

H. APPROVAL OF EXAMINATION REPORTS AND GRADUATION

- H.1 Examination reports and award of higher degrees shall be approved by the HDegC, upon discussion and recommendation by the SHDB
 - H.2 The submission to SHDB as prepared by the Faculty Postgraduate Coordinators shall include the following documents
 - H.2.1 Updated academic records (reflecting the eligibility of student for graduation).
 - H.2.2 All signed examination reports and marks/results (including arbiter's examination report, where applicable).
 - H.2.3 Composite mark calculated as the total mark of average from the coursework and average from the thesis divided by two (2)
 - H.2.4 Table of Corrections, signed by student and supervisor
 - H.2.5 Completed checklist (ANNEX 6A) confirming, amongst others, that corrections have been effected after receipt of examiners reports and viva voce examinations.
 - H.2.6 Evidence of a published or accepted articles or/and conference presentation.
 - H.3 Submissions for approval of graduation to the HDegC shall consist of a summarized table showing:
 - H.3.1 Name of the student
 - H.3.2 Student number
 - H.3.3 Status of registration
 - H.3.4 Academic programmes
 - H.3.5 Financial status
 - H.3.6 Date when thesis/dissertation received from student
 - H.3.7 Date when thesis/dissertation sent for examination
 - H.3.8 Dates when examination reports received from examiners
 - H.3.9 Date when examination feedback sent to student
 - H.3.10 Date when signed table of corrections received
 - H.3.11 Examiner's marks and composite mark
 - H.3.12 SHDB resolution number
 - H.3.13 Proof of publication or conference presentation (ANNEX 23).
 - H.4 The Faculty Postgraduate Coordinator shall submit the list of approved higher degree students' final mark to School Examination Officers to be entered into the system.
 - H.5 Upon approval by HDegC, Faculty Postgraduate Coordinator shall further compile a list of higher degree students for graduation, to be submitted to the Registrar's Office through the Executive Dean.
- #### **I. REMUNERATION OF EXAMINERS**
- I.1 All examiners shall be remunerated upon receipt of the examination report compiled using the examination guidelines, according to the tariffs determined by the University.

I.2. Remuneration for the examination of resubmitted thesis/dissertation will be 50% of the approved examination tariffs

(ANNEX 16, ANNEX 17 and ANNEX 18).

J. SUBMISSION OF FINAL BOUND THESES/DISSERTATIONS

- J.1 After all the corrections as recommended by the examiners (including those from the viva voce, where applicable) have been made to the satisfaction of the supervisor(s), and examination marks approved by HDegC, a spiral ring bound copy shall be submitted to Postgraduate Research Support Services Coordinator for inspection.
- J.2 Upon satisfaction with ready-to-bind-copy, student shall be required to bind and submit one fully bound copy of the thesis or dissertation to the Postgraduate Research Support Services Coordinator (CRS), with ANNEX 6B, before graduation. A completed and signed checklist (ANNEX 6B) shall be submitted together with lists of approved students for graduation to the Office of the Registrar
- J.3 Final electronic version of the thesis or dissertation compiled as a single document in PDF format shall be submitted to Postgraduate Research Support Services Coordinator and subsequently to the Library to be uploaded and registered in the UNAM repository, before graduation.

K. HIGHER DEGREE FEES

- K.1 All students registered for higher degrees shall pay the prescribed fees as approved by the University Council on recommendation of appropriate Committees of UNAM (Refer to Student Fees prospectus).
- K.2 Requests for tuition fees waiver shall be processed through proper channels, as required per ANNEX 22

L. COLLABORATIVE HIGHER DEGREE PROGRAMMES

- L.1 Through collaborative arrangements, higher degree students may undertake part of their studies with other institutions of higher learning that the University is collaborating with, as per Joint Qualifications and Double Degrees Policy.
- L.2 Registration of students on collaborative programmes shall be guided by the particular Memorandum of Understanding/Agreement.
- L.3 The implementation of collaborative programmes should adhere to terms and conditions stipulated in the Memorandum of Understanding/Agreement.
- L.4 Students registered for higher degrees may go on a student exchange programme provided that the programme is aligned to their field of studies and that there is a signed agreement between the institutions as per University exchange programme regulations.

M. BREAK-IN-STUDIES, LEAVE OF ABSENCE AND RE-ADMISSION

Break in Studies

- M.1 Students who are unable to register for a specific year are expected to apply before or by 31 October for a break in studies for the subsequent academic year, to the SHDB through the Postgraduate Faculty Coordinator, for a maximum period of one academic year. Reasonable justifications for a break-in-studies should be provided (see ANNEX 14A Break in Studies Form).
- M.2 Students who are unable to register for a specific semester are expected to apply for a break in studies for the subsequent semester year, to the SHDB through the Postgraduate Faculty Coordinator, for a maximum period of one semester. Reasonable justifications for a break-in-studies should be provided (see ANNEX 14A Break in Studies Form).
- M.3 The Postgraduate Faculty Coordinator compiles a list of approved students for a break-In-studies and submit to the relevant Faculty Officer, to be captured on the system.
- M.4 When a student is on an approved break-in-studies, the year of non-registration shall not count as part of the duration of the study.
- M.5 To resume their studies after a break-in-studies, students must complete and submit ANNEX 14B (Resumption of Studies Form) to the Postgraduate Faculty Coordinator, by the 31 October to re-activate their registration for the subsequent academic year.
- M.6 When a student is on an approved break-in-studies, no academic services, such as supervision of

thesis/dissertation should be provided.

- M.7 A student is only permitted to apply for a break-in-studies two times for the duration of the specific registered program.

• **Leave of Absence**

- M.7 Students experiencing challenges during their studies are encouraged to apply for leave of absence. Failure to do so, may evoke a no-readmissions result where maximum study periods are exceeded.
- M.8 Leave of absence shall be granted as per guidelines provided by the Office of Registrar.
- M.9. Leave of absence shall not be granted for a period equivalent to a full academic year.
- M.10 Students who are unable to attend classes/tests or any other academic activities for extended period of time for any reason including maternity, death of a relative, sickness or hospitalisation, must complete leave of absence form (obtainable from the Office of the Registrar), and supply the necessary documentation to the relevant academic HoD.
- M.11 The leave of absence form must be commented on and signed by all lecturer (s)/ supervisor (s) concerned.
- M.12 Final approval for leave of absence rests with the relevant HoD.
- M.13 It shall be the responsibility of the student to make up for missed academic activities.
- M.14. Academic services, such as consultation and supervision shall be provided during their leave of absence, when required.

• **Re-Admission of Registered Students**

- M.15 Students who have exceeded their prescribed number of years shall not be allowed to continue with their studies unless they apply and are approved for re-admission (ANNEX 19B).

N. TEACHING AT THE HIGHER DEGREES LEVEL

- N.1 To teach modules at the masters and doctoral programme levels, a member of staff is required to have a doctoral degree or equivalent in the discipline of the higher degree programme being offered.
- N.2 Members of staff without PhD or equivalent qualifications but with specialised expertise or experience may co-teach with members of staff holding doctoral degrees.

O. WRITING OF RESEARCH PROPOSALS

O.1 Outline of the Proposal

All research proposals must be prepared according to the following layout:

- O.1.1 Title** of the proposed study (refer to ANNEX 13B for the format of the title page) The title of the mini thesis/thesis/dissertation research proposals should be clear and concise. From the title, one should be able to infer clearly the subject of the mini thesis/thesis/dissertation. This means that the title should be self-explanatory and limited to the scope of the study.

O.1.2 Introduction

Students should provide a concise, precise and clear introduction to the study

O.1.2.1 Background of the Study

Students should provide a general overview and relevant background of the research problem.

O.1.2.2 Statement of the Problem

Students should concisely formulate their research problems by clearly indicating research issues they would like to investigate in their studies. This should include the purposes of their studies.

O.1.2.3 Objectives of the Study/Research Questions

Based on the statement of the problem, students should state either objectives/research questions/hypotheses of their

studies. They should do this unambiguously.

O.1.2.4 Hypotheses of the Study (as applicable)

Where applicable, for example in some branches of the Natural Sciences, students should formulate unequivocal and testable hypotheses that are based on theory and on the statement of the problem. Each hypothesis should have a clear rationale.

O.1.2.5 Significance of the Study

Students should state the importance of their studies, the anticipated contribution of such studies to knowledge and to socio-economic progress.

O.1.2.6 Limitations of the Study

Students should indicate the logistical, resource and methodological limitations of their studies and indicate the possible impact of such limitations.

O.1.2.7 Delimitation of the study

Students should indicate the specific scope of the study, providing the rationale for such delimitation, as applicable.

O.2 Literature Review

Students should prepare critical, up to date, relevant, comprehensive, synthesised and integrated literature reviews that should demonstrate the need and justification of their studies. The reviews should show gaps in knowledge, theoretical and methodological shortcomings, the need for further research, unanswered questions, and disagreements in literature. In addition, the reviews should demonstrate what has been done in research areas of interest and what remains to be investigated.

O.2.1 Theoretical or Conceptual Framework

Where applicable to the discipline, students should indicate a clear theoretical, philosophical underpinnings or conceptual framework guiding their studies with literature support, according to the discipline's requirements. When necessary, a student can select more than one framework, however, the selection must be well motivated with literature support.

O.3 Research Methods

O.3.1 Research Design

Students should provide clear statements on research designs they intend to use. It is not necessary to provide the definitions of the research designs. However, they should specify how they intend to use particular research designs in their studies. They should not merely provide the distinction between the different research designs.

a) Population

Students should, where applicable, specify the population to which they would like to confine their research/studies, with empirical sources.

b) Study setting

Students should provide the physical, social or experimental context within which the study or research is conducted, as applicable.

O.3.2 Sample

Students should clearly explain how they intend to draw samples from the target populations, as applicable. They should specify how they intend to appropriately use sampling techniques to draw research samples, if applicable according to the discipline's requirements. Merely describing what these sampling techniques are, is inadequate. Student must also state the sample size and sampling technique (s) with clear rationale on selected techniques.

O.3.3 Research Instruments/Data Collection

Research instruments, as applicable and measures that would be used to collect data should be clearly provided under this section. Students should also indicate whether a new or already existing instrument (s) will be used, addressing implications for a pilot study and cross-cultural applicability, if applicable.

O.3.4 Procedure

The steps to be followed and manner in which data would be collected should be explained here, as applicable. How research instruments would be used to collect data should be specified in this section, as applicable according to the

discipline's requirements.

O.3.5 Data Analysis

In this section, students should provide specific descriptive and/or statistical tests/methods that they would employ to analyse their data, and rationale, as applicable. Mere reference to quantitative data analysis statistical packages and qualitative data analysis procedures would not be sufficient.

O. 4 Reliability and Validity

Students should provide steps taken to ensure the reliability and validity of the research findings, with literature support.

O. 5 Research Ethics

Students should provide detailed information about ethical issues and how they will address potential ethical dilemmas when conducting their research.

O.6 References

Students should use the referencing format approved by respective Faculties/Departments. Where there is no prescribed referencing format by Faculty/Department, the **American Psychological Association (APA)** becomes the default. There must be consistency between sources cited in the text of the proposal and sources of information indicated in reference lists. Unless critical or a seminal work in the area of research/discipline, primary and secondary sources of information cited shall not be more than 10 years old. Students should use refereed/verifiable sources of information.

O.7 Size and Formatting of Research Proposals

O.7.1 Research proposals submitted for consideration at the department shall capture the above information in a clear and concise manner and not exceed the maximum page number stated below:

- a) Masters by coursework (mini thesis) shall not exceed 8 pages
- b) Masters by research shall not exceed 10 pages.
- c) Doctoral Degree shall not exceed 15 pages.

O.7.2 In all cases the research proposal should be **Times New Roman, font size 12, double-spaced** and on one side of the paper.

O.8 Budget (where applicable): Provide basic figures and support information on financial implications of the study.

P. WRITING A THESIS/DISSERTATION MANUSCRIPT

P.1 Typing/Word-Processing

The document must be typed and printed on good quality white A4 paper. The typescript must be clear, Times New Roman, font size 12, double spaced (2.0.) and on one side of the paper. Discipline specific font styles and format may apply.

P.2 Pagination

The preliminaries (i.e., parts preceding the Introduction) must be in lower case Roman numerals (i.e.: (i), (ii), (iii), (iv)...), beginning with the title page which should not be numbered. The pages in the main body of the document should be numbered in Arabic numerals (i.e.: "1", "2", "3", "4" ...) consecutively throughout. The page numbers should be centred in the lower margin.

P.3 Margins

The left margin must be 4.0 cm; the right hand margin must be 2.5 cm; the top margin must be 2.5 cm, and the bottom margin must be 2.5 cm.

P.4 Title page

The title page must be organised according to (ANNEX 13A and 13B)

P.5 Components of the preliminary pages (Each starting on a separate page)

P.5.1 Abstract

Following the title page, the mini thesis/thesis/dissertation shall contain an abstract which concisely and comprehensively summarises the essential points and conclusions emanating from the research. The abstract should be between 200-300 words (not exceeding 1 page) in the case of Master's theses, and 300-400 words (not exceeding 2 pages) for Doctoral dissertations. Furthermore, it should include the purpose of the study, a brief overview of the methodology used, the main findings, major conclusions and recommendations. The abstract should neither contain headings nor paragraphs. The line

spacing of the abstract should be 1.5.

P.5.2 List of Publication(s)/Conference(s) Proceedings

A list of publications and conference presentations by the student, that was part of their study, should be listed in this section, where applicable. Any publication from the thesis/dissertation must show the University of Namibia as the student's affiliation.

P.5.2 Table of Contents

The table of contents shall be generated with a minimum level of three subheadings and up to a maximum of 5 subheadings level, when applicable.

P.5.3 List of Tables

If there is a list of Tables, these should be consecutively numbered in Arabic numerals following the guidelines of the relevant Department/Faculty approved referencing style.

P.5.4 List of Figures

If there is a list of Figures, these should be consecutively numbered in Arabic numerals following the guidelines of the relevant Department/Faculty approved referencing style.

P.5.5 List of Abbreviations and/or Acronyms

Acronyms and non-standard abbreviations should be listed alphabetically in bold; the definitions should not be bolded.

P.5.6 Acknowledgements

The document shall also contain an Acknowledgements section, in which a student expresses appreciation and gratitude to all the people and institutions, which rendered help in the course of the study.

P.5.7 Dedication

If the candidate wishes to dedicate the document to any person or entity, the dedication should be concisely written, and should appear in the preliminaries.

P.5.8 Declarations

The document shall contain the various declarations as outlined in (ANNEX21). The declaration should be dated and signed by the student.

P.5.9 Body of the Thesis/Dissertation

P.5.9.1 Masters Theses should broadly follow the outline in the proposal. In addition, it should include results, discussions, conclusions and recommendations as detailed below. Tables, text figures, diagrams and photographic illustrations should be numbered in separate sequence, and be referred to by number in the text. Each table and figure should have a concise but comprehensive caption. The illustrations should be of publishable quality (600 dot per image (dpi) or higher).

P.5.9.1 Presentation of Results:

- a) Data should be presented in a clear, concise and informative manner.
- b) A variety of forms may be used to present data, however the same data **must not** be presented in more than one form (e.g. tables and figures)

P.5.9.2 Discussions:

- a) Should not merely be a description of the findings (tables and figures) in words, but a critical analysis and synthesis of the results.
- b) Should demonstrate insight and understanding of the findings.
- c) Results and findings must be discussed in context and linked to literature and the stated research purpose.
- d) The discussion must address the objectives/hypotheses and/or questions of the study

P.5.9.3 Conclusions:

- a) This should not be a repeat of the results and /or discussion
- b) It should relate directly to the main objective(s) of the study.
- c) It must indicate whether the problem was solved, what was learned through the research, what remains to be learned, weaknesses and shortcomings, strengths as well as possible applications of the study (how it can be used).

P.5.9.4 Recommendations

- a) Must emanate from the research findings and must be feasible
- b) Gives opinion on what measures should be adopted to solve the problem based on the conclusions made.
- c) May endorse the research findings as the solution to the problem or may propose an alternative route.
- d) Identify information gaps or inconsistencies and suggest further studies to address these.

P.5.9.5 References

Should follow the Department/Faculty specific referencing style.

P.5.8.6 Appendices

Should be numbered sequentially and can include the following:

- a) Ethical Clearance Certificate
- b) Research Permission Letter
- c) Other relevant permissions (where applicable), e.g., collection permits, informed consent documents, etc.
- d) Data Collection Instruments such as questionnaires, interview protocols, pre and post-tests etc.
- e) Any other relevant data such as supplementary information, raw data etc.

P.6 Doctoral Dissertations should follow a **stand-alone chapter** approach.

Tables, text figures, diagrams and photographic illustrations should be numbered in separate sequence, and be referred to by number in the text. Each table and figure should have a concise but comprehensive caption. The illustrations should be of publishable quality (600 dpi or higher).

P.6.1 Introduction Chapter (Chapter 1)

This chapter must introduce the study and provide a comprehensive overview of the research problem, and broadly follow the guideline as indicated in Section O.1., above.

P.6.2 Literature Review (Chapter 2)

- P.6.2.1 This chapter must provide a comprehensive literature review and broadly follow the guidelines as indicated in Section O.2. above.
- P.6.2.2 This should demonstrate critical understanding and comprehension of the current state of knowledge in the area of research and lead to the motivation for the study.
- P.6.2.3 The literature should focus on recent developments in the area of study.
- P.6.3 Proceed using the Standard Guidelines for thesis/dissertation, as indicated in Section O.3 above for any subsequent chapters.

P.6.4 Concluding Chapter

This chapter integrates all findings of the study and conclusions with feasible recommendations or reflections. Original contribution(s) to knowledge must be clearly pointed out.

P.6.5 Appendices

Should be numbered sequentially and can include the following:

- P.6.5.1 Ethical Clearance Certificate;
- P.6.5.2 Research Permission Letter;
- P.6.5.3 Other relevant permissions (where applicable), e.g., collection permits, informed consent documents, etc.
- P.6.5.4 Data collection Instruments such as questionnaires, interview protocols, pre and post-tests etc.
- P.6.5.5 Any other relevant data such as supplementary information, raw data etc.
- P.6.6 **Doctorate by Publication:** PhD by Publication shall consist of an introduction chapter that critically summarises the published work in the context of the appropriate field of study, and provides an overview of the thesis topic as a whole and clarifying the need for the research; at least three (3) published articles as standalone chapters as well as the conclusion chapter that summarises the work and the contribution of the research as a whole.
 - P.6.6.1 Guidelines for stand-alone article chapters shall be as per journal specified format and shall comprise of, but not limited to, the Title, Abstract, Keywords, Introduction, Materials and Methods, Results and Discussion, Conclusion, and References.
 - P.6.6.2 Appendices shall be presented as specified in P.6.5.

P.6.7 Language

The presentation of the thesis or dissertation shall be in English. The use of a language other than English requires approval of the SHDB. In such cases, the abstract must be in both English and the approved language.

P.7 Length of Theses/Dissertations

The suggested guidelines are as follows (A4 double spacing):

P.7.1 Master's theses for coursework programmes (Mini Theses):

The recommended length of Mini theses for coursework programmes is as follows:

- a) Mini Theses with less than 100 credits: a minimum of 15,000 words and a maximum of 22,000 words (not exceeding 90 pages).
- b) Mini Theses between 100–140 credits: a minimum of 18,000 words and a maximum of 30,000 words (**not exceeding 120 pages**).
- c) Mini Theses above 140 credits: a minimum of 30,000 words and a maximum of 37,000 words (not exceeding 150 pages).

P.7.2 Master's theses (by research):

The recommended length of a Master's thesis is a minimum of 30,000 words and a maximum of 45,000 words (**not exceeding 180 pages**).

P.7.3 Doctoral Dissertations:

The recommended length of a Doctoral dissertation is a minimum of 46,000 words and a maximum of 75,000 words (**not exceeding 300 pages**).

P.8 Binding of Theses/Dissertations

P.8.1 Students should ensure that when binding the theses/dissertations, the spine shall contain the name of the student, the degree for which it was submitted, and the year of degree award (**graduation year**).

P.8.2 The colour of the cover for Master's theses shall be **red** and that for Doctoral Dissertations shall be **black**.

P.8.3 Refer to ANNEX 13A and ANNEX 13B for approved text on the Thesis/Dissertation cover.

Q. MATTERS OF DISPUTES AND RESOLUTION

Q.1.1. All matters of disputes shall be submitted through the relevant channels of communications, within a reasonable time.

Q.1.2 In the event that a dispute arises between two or more of the parties involved a particular higher degrees study, namely the student and one or more supervisors, and they are unable to resolve the dispute they should approach the Head of Department (HoD) to resolve the matter.

Q.1.3. If the matter is not resolved and after exhausting the departmental processes, any of the aggrieved parties may approach the Associate Dean (AD) responsible for school higher degrees studies to resolve the dispute.

Q.1.4. If the Associate Dean is unable to resolve the dispute, then the next office is the Executive Dean of the Faculty to take steps to resolve the dispute.

Q.1.5. In the event of a dispute related to the outcome of the higher degrees, and that such a dispute is not resolved at the Faculty level, the case shall be referred to the Chairperson of the HDegC for the final consideration and resolution.

Dear Prof/Dr XXX

Examination of Thesis/Dissertation: Mr/Ms XXX

I am pleased to inform you that you have been appointed as an examiner for the above-mentioned student. The manuscript is enclosed herewith. Attached, also find the guidelines for the compilation of the report and the relevant forms to be filled in. Please return the comprehensive report and completed forms in electronic format within 4 weeks (Masters)/ 6 weeks (PhD) from the date of receipt of the manuscript to the Postgraduate Faculty Coordinator (xxxxx@unam.na.).

Please acknowledge receipt of the manuscript. Should you be unable to complete the examination by the indicated time frame, given your other commitments, kindly inform me accordingly.

Best regards,

Name and Surname

ANNEX 8: MARK ALLOCATION OF MASTER's THESIS

CENTRE FOR RESEARCH SERVICES

Name of Student:

Student Number:

Thesis Title:

.....

Assessment Criteria	Allocatedmark	Maximum mark
Title: (appropriateness, clear and informative)		2
Abstract: (concise, outlines aims of study, methodology, findings and conclusions)		4
Introduction: background/orientation of study (sufficient and relevant)		3
Introduction: problem statement (clear and logical progression from literature to aims of the study)		3
Introduction: objectives/hypothesis/research questions (well formulated and relevant to the problem statement)		3
Literature review: (relevant, recent, critical, comprehensive, logical and conceptually/theoretically integrated)		10
Research methods: (clear, detailed, informative, appropriate and supported by literature)		10
Results: Data collected (adequate and relevant)		7
Results: Data analysis (appropriate, relevant to aims and objectives/hypotheses/research questions)		10
Results: Data presented (technical aspects , appropriate, concise, informative and clear)		7
Discussions: Critical, comprehensive, logically integrated, linked to literature, acknowledgment and discussion of limitations, significance and implications of the findings		25
Conclusion and recommendations: clear, concise and supported by data, findings must relate/respond to the objectives/hypotheses/research questions. Recommendations must be linked to the findings		5
Contribution to knowledge: originality and relevance to subject area		5
References: Appropriate format, consistency between in-text citation and reference list		3
Language and technicalities: clear and legible language use and format		3
TOTAL		100

ANNEX 19A: APPLICATION FOR RE-ADMISSION AS A HIGHER DEGREES STUDENT
CENTRE FOR RESEARCH SERVICES

Academic Year Applied for:

--	--	--	--

First Year of Registration in the current Programme

--	--	--	--

Name:											
Student number:											
Telephone Number											
Email Address											
Study Programme											

MOTIVATION FOR THE APPLICATION

1. For all reasons stated, submit all relevant documents with sufficient details as evidence, examples: Police statement; Job lay-off notice; Psychologist report; Medical certificates, etc.
2. Throughout, you must establish a clear connection between the circumstance that was beyond your control and the supporting documentation.
3. Research Progress Reports Annexes 3A & 3B, must be submitted together with this application.

REASONS THAT CONTRIBUTED TO YOUR UNDERACHIEVEMENT.

Please select your reason(s) for underachievement and expand on them below:

(i) Academic ☐ (ii) Personal ☐ (iii) Financial ☐ (iv) Social ☐

(v) Health ☐ (vi) Any other ☐

Write your motivation here (continue on separate page if necessary):

2. HOW WILL YOU BE ABLE TO SUCCEED IF RE-ADMITTED?

Write your strategies for academic improvement here (continue on separate page if necessary):

ANNEX 20: TEMPLATE OF A CONCEPT NOTE**CENTRE FOR RESEARCH SERVICES**

(guide to all HD students, studying by Research only or doing doctoral studies)

1. Tentative Title
2. Brief Introduction of Study
3. Purpose of Study
4. Brief Preliminary Literature Review
5. Rationale/Significance of Study
6. Brief Methodology
7. Preliminary References

The concept note should not be more than 2 pages (Masters) and not more than 3 pages (PhD)

ANNEX 21: THESIS/DISERTATION DECLARATION

CENTRE FOR RESEARCH SERVICES

Format of declarations to be included in every thesis/dissertation:

DECLARATIONS

I, [student's name], hereby declare that this study is my own work and is a true reflection of my research, and that this work, or any part thereof has not been submitted for a degree at any other institution.

No part of this thesis/dissertation may be reproduced, stored in any retrieval system, or transmitted in any form, or by means (e.g. electronic, mechanical, photocopying, recording or otherwise) without the prior permission of the author, or The University of Namibia in that behalf.

I, [student's name], grant The University of Namibia the right to reproduce this thesis in whole or in part, in any manner or format, which The University of Namibia may deem fit.

C. DEPARTMENT OF ECONOMICS

C.1. BACHELOR OF ECONOMICS (NEW QUALIFICATION) (62BECO)

C.1.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The purpose of this qualification is to provide students with technical and intellectual competence in the development and application of economic theories and models to address problems of how to use, regulate and distribute resources including land, labour, raw materials and capital to produce goods and services in the economy. The qualification will develop the capacity for quantitative and qualitative analysis, and critical thinking in line with current technological, social and cultural developments in Namibia. Different modules within the Bachelor of Economics degree programme focus on the development of skills covering the different technical and intellectual competencies relevant for addressing different economic aspects of the economy. Examples of social concerns that the skills address include unemployment, inflation, economic growth and business cycles. Economic skills can be used to solve problems in specific areas, such as transportation, labour, health, finance, marketing, corporate planning, energy, or agriculture. Technical and analytical skills of economists are relevant for decision making in government agencies, business firms, banks, insurance companies, labour unions, and others. They are therefore relevant society and industry needs, and achievement of national development goals such as Vision 2030, as well as international imperatives such as Sustainable Development Goals (SDGs), 4th/5th IR. As it covers economic aspects the qualification based in the Economics Department, fits into the School of Business Management, Governance and Economics within the Faculty of Commerce, Management and Law. The purpose of the qualification fits into the University of Namibia (UNAM) mission that is to provide quality higher education through teaching, research and advisory services to our customers with the view to produce productive and competitive human resources capable of driving public and private institutions towards a knowledge-based economy, economic growth and improved quality of life.

1.2. Admission requirements

Normal Enrolment

(1) A pass in five different subjects as follows:

- a. 2 subjects on NSSCAS level with an average d or higher
- b. 3 subjects on NSSCO level with a C or higher
- c. English must be at minimum C at NSSCO level
- d. Mathematics must be at minimum C at NSSCO level

OR

(2) A pass in five different subjects as follows:

- a. 3 subjects on NSSCAS level with an average d or higher
- b. 2 subjects on NSSCO level with a D or higher
- c. English must be at minimum C at NSSCO level
- d. Mathematics must be at minimum C at NSSCO level

OR

(3) For school leavers prior to 2021

A candidate should be in possession of a grade 12 certificate, with a minimum of 25 points in five subjects on the UNAM point scale including English with at least a C symbol; also a C symbol in Mathematics is required. A candidate who is in possession with a minimum of 27 points in five subjects on the UNAM point scale including English with at least a D symbol in Mathematics will be considered for admission.

(4) Mature Age Entry Scheme

In addition to the above, admission may also be considered for persons who qualify on Mature Age Entry Scheme upon successful completion of the relevant entry examination as set out in the General Regulations. A special application form is available for that purpose.

Applicants aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions:

- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought;
- (b) Applicants should have successfully completed at least junior secondary education for admission into undergraduate certificate/diploma programmes, and senior secondary education for admission into undergraduate degree programmes.
- (c) They should normally have proof of at least five years relevant work experience relating to the proposed study programme.

The Mature Age Entry Examination will consist of three / four papers:

- (a) Paper 1: An English Proficiency Paper;
- (b) Paper 2: A General Knowledge Paper;
- (c) Paper 3: A Numerical Ability Paper;
- (d) Paper 4: A Faculty Specific Paper (where applicable).

Subject to Programme Specific Regulations Mature Age Entry applicants seeking admission into an undergraduate programme shall score an average of at least 50% with no paper less than 40%.

Extended Enrolment

A pass in five different subjects as follows:

- a. 1 subject on NSSCAS level with a D or higher
- b. 2 subjects on NSSCO level with a C or higher
- c. 2 subjects on NSSCO level with a D or higher
- d. English must be at minimum D at NSSCO level
- e. Mathematics must be at minimum D at NSSCO level

1.3. Additional Selection Criteria

The selection of candidates will be done based on the highest points on the UNAM Evaluation scale guided by matters of equity as outlined in the National Policy document

1.4. Articulation Options

This qualification may serve as an entry point to relevant honours degrees in economics or any related postgraduate diplomas.

1.5. Assessment Criteria

A minimum CA Mark of 40% is required to gain entrance into the relevant module examination, unless otherwise stated in the individual module descriptor.

In order to pass a module, a minimum final mark of 50% is required, unless otherwise stated in the individual module descriptor.

The final mark for each module will be calculated using a ratio of CA mark to Exam mark of 50% unless otherwise stated in the individual module descriptor.

Notwithstanding the above, a subminimum of at least 40% will apply to the Exam Mark, unless otherwise stated in the individual module descriptor.

1.6. Minimum requirements for re-admission into the School / Programme

Normal Enrolment

To be re-admitted to the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

40 credits (of which 24 must be non-core) by the end of the first year of registration

124 credits (of which 100 must be non-core) by the end of the second year of registration

220 credits by the end of the third year of registration

330 credits by the end of the fourth year of registration

371 credits by the end of the fifth year of registration

The programme must be completed after a maximum of 5 years of registration

Extended Enrolment

The following re-admission regulations will apply to students enrolled for the extended programme:

To be re-admitted to the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

30 credits (of which 12 must be non-core) by the end of the first year of registration

100 credits (of which 80 must be non-core) by the end of the second year of registration

180 credits by the end of the third year of registration (all year 1 credits + 50% of year 2 credits)

260 credits by the end of the fourth year of registration (all year 1 + year 2 + 10% of year 3 credits)

304 credits by the end of the fifth year of registration (all year 1 + all year 2 + 10% of year 3 credits + 40% of 90% of year 3 credits)

371 credits by the end of the sixth year of registration.

1.7. Advancement and progression rules

A student advances to the subsequent academic year of study when the following conditions have been met:

Normal Enrolment

Year 1 to Year 2: At least 96 credits (of which 77 must be non-core) (50% of the credits of year 1)

Year 2 to Year 3: At least 217 credits (All first year credits plus 75% of the second year credits)

Year 3: All credits

Extended Enrolment

Year 1 to Year 2: At least 62 credits (of which 77 must be non-core) (75% of the credits of year 1 of which 80% must be non-core)

Year 2 to Year 3: At least 124 credits (remaining 50% of year 1 + 50% of year 2 of which 50% must be non-core)

Year 3 to Year 4: At least 149 credits (60% of the remaining programme credits)

Year 4 to Year 5: All credits

A student who fulfilled the re-admission regulations, but could not advance to the next academic year must first register for all failed modules. Subject to pre-requisites, such a student may then add modules of the subsequent academic year, provided that the total number of registered credits does not exceed the prescribed number of credits of the current academic year by more than 20%.

1.8. Requirements for Qualification Award

This qualification will be awarded to candidates credited with a minimum of 371 credits and who have met all other UNAM requirements.

1.9. Career Opportunities

Economist, Economic Research Assistant, Economic Statistician, Trade Analyst, Economic Development Planner, etc.

1.10. Implementation strategy

The new programme, Bachelor of Economics will be implemented in 2023 in a phased approach: Year 1 in 2023, Year 2 in 2024, and Year 3 in 2025.

Students in the old programme will continue from 2022 to 2025. If by 2027 there are still students who will not have completed the programme, those students will be integrated into the new programme and credits will be awarded using the equivalent module table below

Equivalent Modules

The following table depicts the norms on equivalence which will apply to the New Programme:

Old Code	Old Module	Old Level	Old Credit	New code	New module	New level	New Credit

A.1.11 Syllabi**YEAR 1 : SEMESTER 1****Financial Accounting 1A****C3511FF****NQF Level:** 5 **Credits:** 12 **Contact hours:** 2 hours lecture & 2 tutorials per week for 14 weeks**Module assessment:** Continuous assessment will make up 50% of the module grade consisting of a combination of

Summative Assessment:

- Examination: 1 x 3h examination at the end of the semester that counts 50% towards the final mark
- Final Mark: 50% CA mark and 50% Examination mark
- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark of 50%.

Pre-requisites: None**Module Description:**

Mathematical Economics Review of Differential and Integral Calculus; Economic application of graphs and equations; Relative scope of graphs and equations; Supply and demand analysis; Income determination models; The use of derivative in Economics; Marginal concepts; Maximization and minimization of a function. **Calculus of the multivariable functions in Economics:** Marginal productivity; Income determination multiplier; Partial elasticities; Incremental Changes; Maximization and minimization of multivariable functions in Economics; Maximization and minimization of multivariable functions under constraint; Use of inequality constraints in Economics. **Matrix algebra:** Addition and Subtraction of matrices; Multiplication of Matrices. Commutative; Associative; and Distributive Laws in Matrix Algebra. Vector Multiplication; Identity and Null Matrices; Matrix Expression of a set of Linear Equations.

BUSINESS MATHEMATICS**G3511EC****NQF Level:** 5 **Credits:** 12 **Contact hours:** 4 hours lecture & 2 tutorials per week for 14 weeks**Module assessment:** Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark of 50%.

Pre-requisites: None**Module Description:**

Numbers: Natural numbers; (addition; subtraction; multiplication; division); number properties; order of operations; fractions and powers. Rate; ratio; and percentage: Measurement (length; distance; capacity; mass and temperature); mensuration (area and volume). Introduction to Algebra: Sets; language of algebra; removing brackets and factorizing. Formulae: Changing the subject of formulae; arithmetic and geometric sequences; compound interest; logarithms and annuities. Equations and inequalities: Linear equation; quadratic equation; simultaneous equations; linear inequality and quadratic inequality. Graphs: Straight line graph (slope of a line; intersection of two lines); parabola (sign table; intersection of line and parabola); graph of a square root and exponential graphs. Linear programming; Break-even analysis; Indices.

Basic Microeconomics**G3511EA**

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 hours lecture & 2 tutorials per week for 14 weeks
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark of 50%.

Pre-requisites: None

Module Description:

Introduction – Economics: Definitions of economics – Microeconomics and Macroeconomics. **The economic problem:** Production Possibilities Curve; Using resources efficiently; Economic growth; Gains from trade; Economic coordination; How **markets work:** Market and prices; Demand; Supply; Market equilibrium; Predicting changes in price and quantities; Forward Markets. **Elasticity:** Price elasticity of demand; More elasticities of demand; Elasticity of supply. **Markets in action:** Efficiency; Demand and marginal benefit; Supply and marginal benefit; The competitive market efficient; Housing markets and rent ceiling; The labour market and the minimum wage; Taxes; Subsidies and quotas; Markets for illegal goods. **Households' choices – Introduction:** Utility and demand; Possibilities, preferences and choices. **Firms and markets:** Organising production; Output costs; Perfect competition; Monopoly; Monopolistic competition; Mark-up pricing. **Market Failure and Government intervention:** Externalities; Public goods and common resources. **Factor market, inequality and uncertainty:** Markets for factors of production; Economic inequality

Economic Statistics I	G3511ES
------------------------------	----------------

NQF Level: 5 **Credits:** 12 **Contact hours:** 4h lectures per week for 14 semester.
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark

Pre-requisites: None

Module Description:

Introduction and Key Statistical Concepts: Data Collection and Sampling: Methods of Collecting Data; Sampling; Sampling and Non-sampling Errors. **Graphical Descriptive Techniques:** Describing a Set of Nominal Data –frequency distributions, histograms, ogive, stem and leaf plots, pie charts; Describing the Relationship between Two Nominal; Variables and Comparing Two or More Nominal Data Sets; Describing Time-Series Data. **Numerical Descriptive Techniques:** Measures of Central Location – mean, median and mode; Measures of Variability - variance and standard deviation; Measures of Relative Standing and Box Plots; Correlation and causation. **Index Numbers:** Definition and interpretation; Classification of Index Numbers; Computing Price Indexes; Computing Quantity Indexes; Problems of Index Number Construction. **Probability Theory and Rules:** Experiment, Outcomes and Sample Space; Calculating Probability; Marginal and Conditional Probabilities; Mutually Exclusive Events; Independent versus Dependent Events; Complementary Events; Intersection of Events and the Multiplication Rule. Union of Events and the Addition Rule; **Discrete Probability Distributions:** Random Variables; Probability Distribution of a Discrete Random Variable; Mean of a Discrete Random Variable; Standard Deviation of a Discrete Random Variable; The Binomial Probability Distribution; The Poisson Probability Distribution. **Continuous Probability Distributions:** Continuous Probability Distributions; The Normal Distribution; The Standard Normal Distribution; Standardising a Normal Distribution; Applications of the Normal Distribution; Determining Z and X Values When an Area Under the Normal Curve is Known; The Normal Approximation to the Binomial Distribution.

Financial Accounting 1B	C3512FF
--------------------------------	----------------

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 hours lecture & 2 tutorials per week for 14 weeks.
Module assessment: Continuous Assessment (50%): two tests and one assignment
Examination (50%): 1 x 3 hour paper)
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: C3511FF & C3512FF

Module Description:

The detailed contents are as follows: The framework for the preparation and presentation of financial statements (FRW) – underlying assumptions, definitions of assets, liabilities, equity, income, expenses, recognition of the elements of financial statements, preparation and presentation of financial statements (specific reference to auditors', directors' and other reports), Introduction to companies – formation, operation, introduction to taxation, share and debenture transactions, accounting

records and financial statements, deregistration and liquidation. Introduction to the Statement of cash flow (IAS 7; Analysis and interpretation of financial statements.

Basic Mathematical Economics		G3512EC
NQF Level: 5	Credits: 12	Contact hours: 4 hours lecture & 2 tutorials per week for 14 weeks.
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark. Final Mark: 50% CA mark and 50% Examination mark		
<ul style="list-style-type: none"> A subminimum of 40% in the examination is required to pass, irrespective of the final mark 		
To pass this Module the student must obtain a minimum final mark.		

Pre-requisites: G3511EC (Co-requisite)

Module Description:

Measuring Gross Domestic Product: Gross Domestic Product defined; Measuring Namibian's GDP; Calculating Real GDP; Uses and Limitations of Real GDP. **Economic growth:** Basics of Economic Growth; Calculating Growth rates; Potential GDP; Labour Productivity Growth; Growth Theories, Evidence and Policies. **Monitoring Jobs and Inflation:** Employment and unemployment; Unemployment and Full Employment; The Price level, inflation and deflation; The Consumer Price Index; Measuring the Inflation rate; Real variables in Macroeconomics. **Finance, Saving and Investment:** Financial Institutions and Financial Markets; Loanable Funds Market; Government in the loanable funds Market; Global loanable funds Market. **Money, the Price Level, and Inflation:** What is Money? Depository Institutions; The Namibian Central Bank; How Banks Create Money; The Demand for and Supply of Money; The Money market; The Quantity Theory of Money. **The Exchange Rate and the Balance of Payments:** The Foreign Exchange Market; Currencies and Exchange Rates; Changes in Demand and Supply: Exchange Rate Fluctuations; Financing International Trade; Exchange Rate Policy. **Expenditure Multipliers: The Keynesian Model:** Fixed Prices and Planned Expenditure; Real GDP with a Fixed Price Level; The Multiplier; The Multiplier and the Price Level; The Algebra of the Keynesian Model. **Aggregate Supply and Aggregate Demand:** Aggregate Supply; Aggregate Demand; Explaining Macroeconomic Trends and Fluctuations; Macroeconomic Schools of Thought. **Inflation, Unemployment and the Business Cycle:** Inflation Cycles; Inflation and Unemployment: The Phillips Curve; The short-run and Long run Phillips Curve; The Natural Rate of Unemployment; The Business Cycle. **Fiscal Policy:** The National Budget; Supply Side effects of Fiscal Policy; Fiscal Stimulus. **Monetary Policy:** Monetary Policy Objectives and Framework; Framework for Monetary Policy in Namibia; Executing Monetary Policy; Monetary Policy Transmission; Alternative Monetary Policy Strategies

History of Economic thought		G3620EH
NQF Level: 6	Credits: 5	Contact hours: 2 contact lecture periods per week for one semester.
Module assessment: Continuous assessment contributes 100% of the final mark. The continuous assessment consists of two tests, two assignments. There will be no final examination for this module but the student will be required to submit a paper/ report at the end of semester that will contribute the final mark.		
Pre-requisites: None		
Module Description:		
Introduction: History of Economic Thought and its role: Economics and the History of Economic Thought; A time scale of economic ideas; The value of studying economics and its history. Ancient Economic Thought: Plato; Aristotle; Scholasticism; Mercantilism and Cameralism. Classical Economics: Adam Smith; David Ricardo; Thomas Malthus. Marxism: Karl Marx. Neo-Classical Economics: Alfred Marshall. Keynesianism: John Maynard Keynes. Monetarism: Milton Friedman.		

Numerical Methods and Computational Economics		G3620EN
NQF Level: 6	Credits: 5	Contact hours: 2 contact lecture periods per week for one semester.
Module assessment: Continuous assessment contributes 100% of the final mark. The continuous assessment consists of two tests, two assignments. There will be no final examination for this module but the student will be required to work on and present a practical computer economic model.		
Pre-requisites: None		
Module Description:		
Numerical analysis: Solution of equations in one variable and two variables. Deterministic dynamic programming; Understanding the fundamentals of dynamic programming and applying to solve the models for equipment replacement; shortest path;		

resource allocation. Applications: Demand and supply; solving systems of linear equations; Labour market flows: Markov chains; Residential segregation: Schelling model and agent-based economics;

Economic Statistics II	G3612ES
-------------------------------	----------------

NQF Level: 6	Credits: 14	Contact hours: 2 contact lecture periods per week for one semester.
---------------------	--------------------	--

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hours examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3511ES (Co-requisite)

Module Description:

Estimation and Sampling Distributions: Sampling Distributions: Population and Sampling Distributions; Sampling and Non-Sampling Errors; Mean and Standard Deviation of \bar{X} ; Shape of the Sampling Distribution of \bar{X} ; Applications of the Sampling Distribution of \bar{X} ; Population and Sample Proportions; Mean, Standard Deviation, and Shape of the Sampling Distribution of \hat{p} ; Applications of the Sampling Distribution of \hat{p} . Estimation: Point and Interval Estimates; Interval Estimation of a Population Mean: Large Samples; Interval Estimation of a Population Mean: Small Samples; Interval Estimation of a Population Proportion: Large Samples; Determining the Sample Size for the Estimation of the Mean; Determining the Sample Size for the Estimation of the Proportion. Hypothesis Testing: Hypothesis Testing (I): Single Population: Hypothesis Tests: An Introduction; Hypothesis Tests About μ for Large Samples Using the p-Value Approach; Hypothesis Tests About a Population Mean: Large Samples; Hypothesis Tests About a Population Mean: Small Samples; Hypothesis Tests About a Population Proportion: Large Samples Hypothesis Testing II: Two Population Tests: Inferences About the Difference Between Two Population Means for Large and Independent Samples; Inferences About the Difference Between Two Population Means for Small and Independent Samples: Equal Standard Deviations; Inferences About the Difference Between Two Population Means for Small and Independent Samples: Unequal Standard Deviations; Inferences About the Difference Between Two Population Proportions for Large and Independent Samples Chi-Square Tests: The Chi-Square Distribution; Contingency Tables; A Test of Independence. Simple Linear Regression: Simple Linear Regression Model; Simple Linear Regression Analysis; Coefficient of Determination; Inferences About β ; Linear Correlation; Using the Regression Model; Cautions in Using Regression; Analysis of Variance: One-Way Analysis of Variance, Multiple Comparisons; Analysis of Variance Experimental Designs; (Two-Way) Analysis of Variance; Two-Factor Analysis of Variance; Non-Parametric Tests: Wilcoxon Rank Sum Test; Sign Test and Wilcoxon Signed Rank Sum Test; Kruskal-Wallis Test and Friedman Test; Spearman Rank Correlation Coefficient.

Intermediate Mathematical Economics I	G3611EC
--	----------------

NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester
---------------------	--------------------	---

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3512EC

Module Description:

Static (equilibrium) analysis: Linear partial equilibrium model; Non-linear partial market equilibrium model; General market equilibrium model; Two commodity market model; National income equilibrium model. Linear models and matrix algebra: Matrices; vectors and their operations; Geometric interpretation of vector operations; Linear dependence and vector spaces; Identity and null matrices; Determinants and their properties; Transposes and inverses; Applications: (Finite Markov chains; Input-output models; Market and national income models). Comparative static analysis (Applications of partial differential calculus): Differentials and Derivatives; Comparative static analysis of general function models; Market models and National income models (IS – LM analysis of a closed economy; IS – LM analysis of an open economy)

Intermediate Microeconomics I	G3611EA
--------------------------------------	----------------

NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester
---------------------	--------------------	---

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3611EA

Module Description:

Consumer Theory (Choice, Preferences, and Utility): Utility and Indifference curve analysis; Budget constraints; Consumer equilibrium; Deriving the individual demand curve; Income and substitution effects. **Firms and Production:** Ownership and management of firms; Production; Production function and its properties; Time and variability of inputs; Returns to scale; **Cost of Production:** The nature of costs; Short run costs; Long run costs; **Perfect Competition:** Competitive firms and markets; Applying the competitive model; **Monopoly:** Monopoly profit maximization; Market power; Welfare effects of monopoly; Cost advantages that create monopolies; Government actions that create monopolies; Government actions that reduce market power; Imperfect Competition: **Monopolistic competition;** Oligopoly and Game Theory; Walrasian Equilibrium.

Intermediate Macroeconomics I		G3611EB
NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3511EB

Module Description:

Scope and Methodology: Scope and methodology of macroeconomic analysis; goals of macroeconomic policy; schools of macroeconomic thought. **National income Accounting (Aggregate output):** Key concepts in national income accounting: GDP, GNP, and Net national product (NNP), methods of estimating GDP: expenditure approach, income approach and production approach; GDP at market prices and GDP at factor cost; consumer price indices and GDP deflators, GDP at current prices and GDP at constant prices; limitations of GDP as an indicator of welfare and as an indicator for international comparisons. **The level of Economic Activity (The Goods Market):** Determination of equilibrium income: saving-investment approach, injections-leakages approach, shifts in the S+T function (the paradox of thrift); the consumption function; Keynesian expenditure multiplier, autonomous tax multiplier, balanced budget multiplier; fiscal policy and full employment; international transactions: balance of trade, balance of payments, trade deficit, international trade multiplier. **The aggregate consumption function:** Keynesian absolute income hypothesis; Friedman's permanent income hypothesis; Albert Ando and Franco Modigliani's life cycle hypothesis. **The investment function:** The decision to invest: present value concept, marginal efficiency of investment and the rate of interest; the accelerator theory of investment; the internal funds theory of investment; the neoclassical theory of investment; the q theory of investment. **Financial Markets:** The demand for money; income velocity of money; The quantity Theory; supply of money; The money multiplier; determining interest rates; Instruments on monetary control; Bond prices and Bond yields.

Namibian Economy		G3611EN
NQF Level: 6	Credits: 7	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: None

Module Description:

Common and Diverse Features of developing Countries: Political economy of Namibia: A case study Resources of the Namibian economy; Factors of production. **Population-Growth Nexus/Namibian Population Dynamics:** The population debate; Population Dynamics: Namibia. **The Namibian Labour Force & Employment Issues in Namibia:** Labour regulation (Laws etc); Sector employment; Employment issues and unemployment; Causes of unemployment & possible remedies. **Macroeconomic Performance & Structural Reforms:** Structure of the Namibian Economy; Economic shocks and narrow economic structure;

Downgrades (The Namibian experience) and policy options for Namibia. **Sector Performance; Development & Analysis:** Primary Sector (Mining/mineral resources; Agriculture & Forestry; Fisheries etc); Secondary Sector (Manufacturing; Water & Electricity; Wholesale & Retail etc); Tertiary Sector (Financial intermediaries; Government services; Tourism; Other services). **Namibian Public Sector & Public Sector Reform:** The size of the public sector and economic implications; Revenue raising and initiative (Independent Revenue authority); Public sector debt; Reforms in the Namibian Public Sector (Downsizing; other options). **Trade Relations & Trade Issues (Regional and Global Economic Integration):** Regional trade agreements (SACU, SADC, SADC/Comesa FTA; Tripartite Agreement; Africa Continental FTA); WTO & EPAs; AGOA; China and USA Beef exports (Multilateral; Unilateral, Bilateral Agreements). **Poverty and Income Inequality in Namibia:** Measuring poverty; Poverty Indices in Namibia; Causes of poverty; Regional disparities; The war on Poverty. **Land Question and Reform in Namibia:** Regional context (The Southern African Experience); The Namibian Experience (Historical background); Economics of Land; Urban land (land servicing and shacks) – escalating prices and rent control; Rural/Agricultural Land Reform Initiatives; Reforms and their failures (failure to come up with sustainable solutions to land reforms and its economic repercussions). **Development Planning & Namibia Industrialization Drive/Namibia Development Agenda:** Vision 2030; NDPs (The priority sectors NDP5); Harambee Prosperity Plan; Industrial Policy; Growth-at-Home Strategy and its challenges, ten sector strategies; SME support & development. **Competition and Consumer Protection:** Competition policy and economic development; Namibian competition law; Interface between competition law and consumer protection; Competition policy in SACU. **Cross Cutting Issues: Aids/HIV; Gender; Gender-based Violence & the Environment:** AIDS/HIV: an economic challenge; Gender Gap in local and global perspective; Gender Based Violence, Estimating the Economic cost of GBV & Methodological challenges; Environment and Sustainable development

Intermediate Mathematical Economics II		G3612EC
NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3611EC (Co-requisites)

Module Description:

Optimization problems: Optimum values and extreme values; Relative maximum and minimum turning points; First – and second – derivative tests; Maclaurine and Taylor series; n-th derivative test; **Optimization:** Case with more than one explanatory variable; Economic Applications. Problems of a multi-product firm; Price Discrimination; Input decisions of a firm; **Comparative static aspects of optimization:** Optimization with equality constraints; Constraints qualification.

Intermediate Microeconomics II		G3612EA
NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3611EA (Co-requisite)/ G3611EB

Module Description:

Applications of supply and demand analysis: Commodity tax and market equilibrium: Taxation incidence; Single market analysis; Taxation and Market Efficiency; Two Models of Optimal taxation; **Quantity rationing: Cartels as monopolies: Allocative efficiency and market structure; Welfare economic: Pareto efficiency:** Three conditions for efficiency; Utility possibility frontier; First fundamental theorem; Second Fundamental Theorem; Theory of Second Best; **Social Justice / Equity:** Social Optimum; Social Welfare Function; First Best Policy Rule; **Failure to achieve Pareto efficiency:** What is market failure; Increasing returns to scale / Monopoly; Externalities; Private Market solution; Public goods; Evaluating Welfare changes; **Public Choice: Monopoly and**

monopsony in the labour market: Public policy in the labour market: Minimum wages; Labour unions; Discrimination in the labour market; **Choice under uncertainty:** Economics of information; Communication between potential adversaries; The costly – To-Fake Principle; The Full-Disclosure Principle; Choosing a relationship; Conspicuous consumption as ability signal; Adverse selection; Statistical discrimination; **Expected utility:** Probability and expected value; The Von Neumann-Morgenstern Expected Utility Model; **Risk preference:** Insuring against Bad outcomes; The reservation price for insurance. **Prices and Distortions across International Markets:** exporters, importers and speculators, Government and Politics – agenda setting and manipulation of policy, institutional restraint on policy manipulation, rent seeking, political competition, government as Leviathan.

Intermediate Macroeconomics II		G3612EB
NQF Level: 6	Credits: 14	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3611EB (Co-requisite)/G3611EA

Module Description:

Introduction and revision: What macroeconomics is all about, Revision: A summary of the differences in the Keynesian and Classical approach, Keynesian cross, quantity theory of money: **The Goods market: The IS curve: The financial market: The LM curve: The Goods and Financial Markets together: The IS-LM Model:** A Review of concepts; The investment demand schedule; Determining output; Deriving the IS curve; The slope of the IS curve; Shifts of the IS curve; Financial markets and the LM relation; Deriving the LM curve; The slope of the LM curve; Shifts of the LM curve; Putting the IS and LM relations together. Monetary and fiscal policy; the transmission mechanism; the liquidity trap; The Classical case; Fiscal policy and crowding out; The Classical case and crowding out.: **The Labour market:** Wage determination; Bargaining; Efficiency wages; Wages, prices and unemployment; The expected price level; The unemployment rate; Other factors; price determination; The natural rate of unemployment; The wage setting relation; The price setting relation; Equilibrium real wages and unemployment; From unemployment to employment; From employment to output.: **General equilibrium of the economy: AD-AS Model:** Aggregate supply; Aggregate demand; The AD-AS model; Shifts in the AD curve; Equilibrium in the short-run and in the long-run; Effects of monetary expansion; Money neutrality; Effects of a change in the budget balance.: **Inflation and unemployment:** Inflation, expected inflation and unemployment; The Phillips curve; Back to the natural rate of unemployment.: **Inflation, Activity, and Nominal Money Growth:** Output, unemployment, and inflation; Okun's Law; The Phillips curve; The aggregate demand relation; The effects of monetary growth; Disinflation.: **Goods market in an open economy:** The IS relation in an open economy; Equilibrium output and the trade balance; Increases in domestic or foreign demand; Nominal exchange rates; Real exchange rates; Depreciation and the trade balance; The Marshall-Lerner condition; Effects of a depreciation.: **The IS-LM in an open economy:** Equilibrium in the goods market; equilibrium in the financial markets; Putting the goods and financial markets together; Effects of policy in an open economy; Comparing the impact of fiscal and monetary policy.

Preparation for Practical Engagement		G3622EP
NQF Level: 6	Credits: 8	Contact hours: 2 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 100% of the final mark. The continuous assessment consists of two tests, two assignments and an paper on practical engagement modalities.

Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: None

Module Description:

This module will introduce students to basic concepts and topics related to the work environment. It will cover topics such as labour relations, system of national accounts, statistical tools for empirical economic analysis, report writing and presentation skills, employability skills.

Practical Engagement	W3700IC
NQF Level: 7	Credits: 24 Contact hours: NA

Module assessment: The students will be assessed by their supervisors during work engagement on the following attributes: Desire and willingness to take on new assignments; Potential for further development; Concern for needs of fellow employees; Willingness to work through an assignment to completion; Ability to communicate; Ability to learn; Quality of work; Dependability; Attitude (application to work); Attendance; Tardiness; Judgment; Imaginativeness and resourcefulness; Cooperation - willingness to get along with others.

Pre-requisites: None

Module Description:

Quality of Work: The degree to which the student's work is thorough, accurate, and completed in a timely manner. **Ability to Learn:** The extent to which the student asks relevant questions, seeks out additional information from appropriate sources, understands new concepts/ideas/work assignments, and is willing to make needed changes and improvements. **Initiative and Creativity:** The degree to which the student is self-motivated, seeks out challenges, approaches and solves problems on his/her own, and develops innovative and creative ideas/solutions/options. **Character Traits:** The extent to which the student demonstrates a confident and positive attitude, exhibits honesty and integrity on the job, is aware of and sensitive to ethical and diversity issues, and behaves in an ethical and professional manner. **Dependability:** The degree to which the student is reliable, follows instructions and appropriate procedures, is attentive to detail, and requires supervision. **Attendance and Punctuality:** The degree to which the student reports to work as scheduled and on-time.. **Organizational Fit:** The extent to which the student understands and supports the organization's mission, vision, and goals; adapts to organizational norms, expectations, and culture; and functions within appropriate authority and decision-making channels. **Response to Supervision:** The degree to which the student seeks supervision when necessary, is receptive to constructive criticism and advice from his/her supervisor, implements suggestions from his/her supervisor, and is willing to explore personal strengths and areas for improvement.. Engagement in applied work within the community/ organisation

Econometrics I	G3711EE
NQF Level: 7	Credits: 16 Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hours examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3611ES

Module Description:

Basic Mathematical Tools & Fundamentals of Probability: The Nature of Econometrics and Economic Data: The Simple Regression: Deriving the ordinary Least Squares estimates; Properties of OLS; Fitted Values and Residuals; Goodness-of-Fit; Units of Measurement and Functional Form; The Effects of Changing Units of Measurement on OLS Statistics; Incorporating Nonlinearities in Simple Regression; Expected values and variances of the OLS estimators; Unbiasedness of OLS; Variances of the OLS Estimators; Estimating the Error Variance; Regression through the origin and Regression on a Constant; Regression on a Binary explanatory variable; **Multiple Regression Analysis:** Estimation Inference; OLS Asymptotic; Further Issues; Sampling distributions of the OLS estimators; Testing hypotheses; Testing Multiple Linear Restrictions; Reporting Regression Results; Consistency; Asymptotic normality and Large Sample; Asymptotic efficiency of OLS; **Multiple Regression Analysis with Qualitative Information:** Using dummy variables; Interaction terms; Interpreting Regression Results with discrete dependent variables; A Binary dependent variable; **Heteroscedasticity:** Consequences of heteroskedasticity for OLS estimators; Testing for Heteroskedasticity; **Multicollinearity:** Consequences of perfect multicollinearity; Detecting multicollinearity; **Autocorrelation:** causes and consequences of autocorrelation; Detection of autocorrelation.

International Economics	G3711EI
NQF Level: 7	Credits: 16 Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hours examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3612EA, G3612EB

Module Description:

Introduction: Introduction to Patterns of Trade; World Trade, an Overview; Macroeconomic Issues; Namibia's Place in International Trade. **Section 1: International Trade Theory:** Overview - International Trade Theory (the State of World and Namibian Trade); The Ricardian Model; Specific Factors of Production, Trade and the Distribution of Income; The Heckscher-Ohlin Theory; The Standard Trade Model; Economies of Scale, History and Geography-Polarization and Economic Agglomeration; Monopoly, Oligopoly and Monopolistic Competition in International Trade; The concept of the Value Chain 2. **International Trade Policy:** Instruments of Trade Policy; Political Economy of Free Trade and Protectionism (Political economy of Trade Policy); Trade Policy in Developing Countries. **Global Trade Governance:** The World Trade Organization - International Law and its Operation; Basic Principles of the Global Trading System – Most Favoured Nation Status; National Treatment and Tariff rules; Agriculture, Services and Intellectual Property Rights; The Dispute Settlement Mechanism and Recent Disputes. **Regional Trading Arrangements:** Regionalism in Economic Theory and Law; The Southern African Customs Union - SACU; Africa's Economic Partnership Agreement with the European Union & Brexit; SADC, the Trilateral FTA and African Continental Free Trade Area (AfCFTA) and African Integration. **The Political Economy of Trade Policy:** The case for free trade; national welfare arguments against free trade; income distribution and free trade. **Trade policy in developing countries:** import substituting industrialization; problems of dual economy; export-oriented industrialization. **Controversies in Trade Policy:** Sophisticated arguments for Activist Trade Policy; Globalization and low-wage labour.

The balance of payments, foreign exchange markets, and exchange rates: The Balance of Payments; Foreign Exchange Markets and Exchange Rates; Exchange Rate Determination; **Open economy macroeconomics and the international monetary system:** The Price Adjustment Mechanisms with Flexible and Fixed Exchange Rates; The Income Adjustment Mechanism and Synthesis of Automatic Adjustments; Open Economy Macroeconomics: Adjustment Policies; Prices and output in an Open Economy; Aggregate Demand and Aggregate Supply; Flexible versus Fixed Exchange Rates, the European Monetary System, and Macroeconomic Policy Coordination; The International Monetary System: Past and Present

Monetary Economics		G3711EM
NQF Level: 7	Credits: 16	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hours examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3612EA , G3612EB

Module Description:

Evolution of Money including Electronic Money and Crypto Currencies, Definition and Measurement: Why study Money, banking and financial markets? An overview of financial markets: Financial institution/intermediaries: Functions of financial markets; Structure of financial markets; An economic of analysis of financial structure; Internationalization of financial markets; The role of finance the economy, Regulation of financial system **Central Banking: Commercial banking: The money creation function of commercial banks; Structure of commercial banks in Namibia: Money supply: Theories of demand for money: Inflation: Understanding interest rate: Transmission Mechanism: Monetary Policy Strategies: Financial crisis and Financial Stability, Digital Currencies and their implications for Monetary Policy.**

Financial Economics		G3712EF
NQF Level: 7	Credits: 16	Contact hours: 4 contact lecture hours per week for one semester

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hours examination paper that contributes 50% to the final mark.
Final Mark: 50% CA mark and 50% Examination mark

- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark.

Pre-requisites: G3612EA, G3612EB

Module Description:

Introduction: Asset classes, Financial instruments, Time value of money, Investment companies and Financial markets; Time value of money: present value, future value and compounding; Investment returns: calculating return figures; Financial markets and types of orders; Short selling and buying on margin; Mutual funds/ unit trusts and other types of investment companies. Risk, return, diversification and asset pricing models: Expected utility hypothesis (EUH): investor preferences, uncertainty, risk aversion; Mean variance analysis (MVA), Efficiency frontiers of risky assets: optimal portfolio selection; Capital asset pricing model (CAPM) and factor models. Efficient markets, behavioural finance and technical analysis: Bonds: Bond markets and fixed interest securities; Term structure of interest rates; duration and convexity. Valuation/Security analysis: Macroeconomic and industry analysis, Equity valuation, financial statement analysis; Capital structure theory: Capital sources; Gearing and risk; Modigliani- Miller Theorem Additional notes; Derivatives: options, futures, swaps, hedging and speculation with derivatives. Financial inclusion, block-chain technology.

Research Methodology		G3711EM
NQF Level: 7	Credits: 16	Contact hours: 4 contact lecture hours per week for one semester
Module assessment: Continuous assessment contributes 100% of the final mark. The continuous assessment consists of two tests, two assignments. There will be no final examination for this module but the student will be required to submit a paper/ report at the end of semester that will contribute the final mark.		

Pre-requisites: G3611ES

Module Description:

Introduction: Justification for the study of Research Methodology; Definitional, conceptual and philosophical aspects (Research, Knowledge etc); Quantitative and qualitative research approaches; Mixed methods research: Breaking the divide between quantitative and qualitative approaches. **Main steps in research:** Getting started: Planning a research project and getting to know the literature; Formulating a proposal and reviewing the literature; Planning the research project: Research design; Ethics in Business/Economic research; Writing up research. **Data gathering methods:** Sampling; Surveys and questionnaires; Interviews and focus groups; Field work: Ethnography and observation; Gathering data for secondary analysis; E-research: Internet research methods; Content analysis. **Data analysis methods:** Quantitative data analysis methods; Qualitative data analysis methods; **Research Methods in Economics:** Basic concepts; What do economists do? Scientific methods; Logical process; Language of scientific method; Is economics a science? **Getting Started with Project Management:** Describe a Project; Describe the Project Management Life Cycle; Identify the Role of a Project Manager. **Initiating A Project:** Determine the Scope of a Project; Identify the Skills for a Project Team; Identify the Risks to a Project. **Planning for Time and Cost:** Create a Work Breakdown Structure; Sequence the Activities; Create a Project Schedule; Determine Project Costs. **Planning for Project Risks, Communication, and Change Control:** Analyse the Risks to a Project; Create a Communication Plan; Plan for Change Control. **Managing a Project:** Begin Project Work; Execute the Project Plan; Track Project Progress; Report Performance; Implement Change Control; **Executing the Project Close out Phase:** Close a Project; Create a Final Report.

D. ENTERPRISE DEVELOPMENT AND MANAGEMENT DEPARTMENT

D.1 BACHELOR OF BUSINESS ADMINISTRATION (Level 7) 62CBBA/62CBAX

(NEW QUALIFICATION)

D.1.1 OBJECTIVE OF THE PROGRAM

The purpose of the Bachelor of Business Administration is help equip students with skills and knowledge on how to manage different aspects of a business from marketing, human resources, finance, operations and conduct research to help make informed decisions that ultimately help a business grow and employ more people and subsequently reduce poverty.

One of the current challenges for business development is as per the National development Plan 5 (NDP5) is that the majority of SMEs in Namibia are not creative and innovative due to a lack of entrepreneurship culture and the fear of taking risks. It is for this reason that the BBA programme will emphasis both introductory and detailed entrepreneurship modules as well as Business Simulation practical course. The desired outcome of NDP 5 is providing government-sponsored services to support and incubate new businesses, raise awareness about; how to start and grow an SME and the BBA programme will contribute towards this desired outcome.

Finally, in order to realise Vision 2030, one of the strategies is to establish and sustain business standards of competence, productivity, ethical behaviour and high trust. For this reason, this version of Business Administration will include modules such as corporate ethics and morality to bring awareness about the moral responsibility of organisations and assess the role of corporate governance in determining ethical standards and behavior.

The programme is fully aligned with requirements of the UNAM Curriculum Framework and the National Qualifications Framework (NQF). The skills attained are important to achieving some of the sustainable development goals (SDGs) in particular 1 (no poverty), 8 (decent work and economic growth), 9 (industry innovation and infrastructure) and 11 (sustainable cities and communities). In addition, the programme considers the efforts of the government through the short development plans (NDP 5) and Vision 2030.

1.2. Admission requirements

1.2.1. Normal enrolment

The basic requirements for entrance to the Bachelor of Business Administration shall be:

- (1) A pass in five different subjects as follows:
 1. 2 subjects on NSSCAS level with an average D or higher
 2. 3 subjects on NSSCO level with a C or higher
 3. English must be at minimum C at NSSCO level

OR

- (2) A pass in five different subjects as follows:
 1. 3 subjects on NSSCAS level with an average d or higher
 2. 2 subjects on NSSCO level with a D or higher
 3. English must be at minimum C at NSSCO level

Meeting the minimum requirements as per above does not necessarily ensure and/or guarantee admission. Admission will be based on the availability of space. Applicants from marginalized communities, those with higher NSSC grades in five subjects or those who may have completed the Diploma in Business Administration may well be given preferential treatment for admission when demand is stretched. Priority will be given to students who demonstrate readiness to start the program in terms of competency. This will be guided by the University's mature age entry policy.

(3) Mature age entry scheme

Applicants aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions:

- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought
- (b) Applicants should have successfully completed at least junior secondary education for admission into undergraduate certificate/diploma programmes, and senior secondary education for admission into undergraduate degree programmes
- (c) They should normally have proof of at least five years' relevant work experience relating to the proposed study programme.
- (d) The Mature Age Entry Examination will consist of three papers:
 - (i) Paper 1: An English Proficiency Paper;
 - (ii) Paper 2: A General Knowledge Paper;
 - (iii) Paper 3: A Numerical Ability Paper;

(e) Subject to Programme Specific Regulations Mature Age Entry applicants seeking admission into an undergraduate programmes shall score an average of at least 50% with no paper less than 40%.

(f) Applicants who meet the qualifying requirement (as per d (i)) and passed the MAE examination (as per d (iv)), may be called for an additional interview before the final selection is made.

(g) For school leavers prior to 2021 interested in the Bachelor of Business Administration, a candidate must hold a valid NSSC Certificate or any other relevant qualification. English is a compulsory subject and should normally be obtained at NSSC (English as a second Language) grade C or better, or a grade D or Better at NSSC (English First Language) level. A candidate should obtain a minimum of 25 points in five subjects on the UNAM Point Scale to be admitted. However, if the minimum of 25 points is obtained, it does not necessary ensure and or guarantee admission. Entrance is based on availability of places within the department and awarded on the basis of merit. The Faculty reserves the right to interview students before admission. Admission could also be considered per persons who qualify through Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Regulations. A special application form is available for this purpose.

Extended Enrolment

(4) A pass in five different subjects as follows:

- (a) 1 subject on NSSCAS level with D or higher
- (b) 2 subjects on NSSCO level with a C or higher
- (c) 2 subjects on NSSCO level with a D or higher
- (d) English must be at minimum D at NSSCO level

1.3. Additional Selection Criteria

The selection of candidates will be done based on the highest points based on the UNAM Evaluation Scale guided by matters of equity as outlined in the National Policy document.

1.4. Articulation Options

The Bachelor of Business Administration programme may serve as entry point to relevant honors degree in Business Administration or any related postgraduate diploma.

1.5. Assessment Criteria

A minimum CA mark of 40% is required to gain entrance into the relevant module examination unless otherwise stated in the module descriptor.

In order to pass a module, a minimum final mark of 50% is required, unless otherwise stated in the individual module descriptor.

The final mark for each module using a ratio of CA mark to Exam mark of 50% unless stated otherwise in the individual module descriptor.

Notwithstanding the above, a submission of at least 40% will apply to the Exam Mark, unless otherwise stated in the individual module descriptor.

1.6. Quality Assurance Arrangements

Within the programme, monitoring of student progress is done through tests, observation and interaction, frequent evaluations, as well as formative assessments. The monitoring methods are used in order to show areas in which students need more help or additional instruction to achieve success.

Tracer studies and employer feedback will be carried out at frequent intervals in order to find out the status of graduates after they have completed their studies. Employer feedback is obtained through engagements as well as through questionnaires and interviews.

Examination papers and scripts for all first year modules will moderated internally

Examination papers and scripts for all second and third year modules will be moderated externally

For 100% CA modules at least 50% of the assessment will be moderated internally or externally as per the guidelines above.

The programme will be reviewed every 5 years or earlier as may be required.

The programme will be submitted to NQA for registration on the NQF, and NCHE for accreditation.

1.7. Minimum requirements for re-admission into the School / Programme

Normal enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have complete the following minimum number of credits as indicated below:

- 40 credits (of which 24 credits must be non-core) by the end of first year of registration.
- 120 credits (of which 100 credits must be non-core) by the end of the second year of registration.
- 220 credits by the end of the third year of registration
- 328 credits by the end of the fourth year of registration

- 370 credits by the end of the fifth year of registration

The programme must be completed after a maximum of 5 years of registration.

Extended enrolment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have completed the following minimum number of credits as indicated below:

- 30 credits (of which 16 credits must be non-core) by the end of the first year of registration.
- 100 credits (of which 80 credits must be non-core) by the end of the second year of registration.
- 185 credits by the end of the third year of registration
- 270 credits by the end of the fourth year of registration
- 320 credits by the end of the fifth year of registration
- 370 credits by the end of the fifth year of registration

The programme must be completed after a maximum of **6 years of registration**.

1.8. Advancement and progression rules

Normal enrolment

A student advances to the subsequent academic year of study when the following conditions have been met:

- Year 1 to Year 2: 90 credits (of which 72 credits must be non-core)
- Year 2 to Year 3: 220 credits

Extended enrolment

- Year 1 to Year 2: 60 credits (of which 36 credits must be non-core)
- Year 2 to Year 3: 126 credits (of which 63 credits must be non-core)
- Year 3 to Year 4: 120 credits

1.9. Requirements for Qualification Award

This qualification will be awarded to candidates credited with a minimum of 370 credits and who have met all other UNAM requirements.

1.10. Career Opportunities

Traditional career springing from business administration discipline are limitless, but can be broken into a few categories:

- Sales manager assistants
- Human Resource Officer Management of human resources is crucial for success.
- Loan administrator
- Office Administrator
- Advertising and marketing officers
- Tutors
- Research Assistant

1.11. Implementation strategy

The new programme, Bachelor of Business Administration will be implemented in 2023 in a phased approach. Year 1 in 2023, Year 2 in 2024 and Year 3 in 2025.

Fundamentals of Project Management

G3560MP

NQF Level: 5 **Credits:** 4 **Contact hours:** 2h/w

Module assessment: Continuous assessment will make up 50% of the module grade consisting of a combination of

- There will be practical formative assessments but there will be no examination
- Final Mark: 50% CA mark and 50% Examination mark
- A subminimum of 40% in the examination is required to pass, irrespective of the final mark

To pass this Module the student must obtain a minimum final mark of 50%.

Pre-requisites: None

Module Description:

Fundamentals of project Management – What is a project, the phases of the life-cycle of a project, predictive and agile projects, project management stages

Initiating the project – this will focus on stakeholder management, project organization, business case and crisis management

Monitoring and controlling the project - tracking progress and preparing reports focuses
Closing the project

Principles of Financial Accounting A	C2531FF
NQF Level: 5	Credits: 14
Contact hours: 4 hours lecture & 2 tutorials per week for 14 weeks	
Module assessment: Continuous Assessment (50%): two tests and one assignment	
Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None
Module Description:	
Introduction to the basic principles of accounting – nature and function of accounting and accounting theory, the history and development of accounting, the statements of financial position and of comprehensive income and of changes in equity and its elements. Determining the information needs of different users, collecting and processing accounting data, the accounting cycle, designing source documents, Journalising, posting entries from journal to the ledger, Creating subsidiary ledgers and Control accounts and Compiling a trial balance before adjustments. Determining and recording adjustments. Recording closing entries, compiling a worksheet in the closing-off procedure and compiling a post-closing trial balance. Preparing financial statements for a sole proprietor, non-profit organisations and trading and service entities. The cost concept - determination of the Cost of Goods Sold (COGS). Creating a complete accounting system that will fulfil the requirements of a specific entity.	

Principles of Financial Accounting B	C2532FF
NQF Level: 5	Credits: 14
Contact hours: 4 hours lecture plus 1 hour tutorial per week for 24 weeks	
Module assessment: Continuous Assessment (50%): two tests and one assignment	
Examination (50%): 1 x 3 hour paper	
Pre-requisites:	C2531FF
Module Description:	
Introduction to the framework for the preparation and presentation of financial statements	
Financial position,	
Financial performance,	
Determining profit and preparing financial statements,	
Accounting for current and non-current assets – cash and cash equivalents,	
Trade and other receivables, inventory, property, plant and equipment and other non-current assets, accounting for current and non-current liabilities.	
Introduction to VAT (Value Added Tax).	
Inventory systems.	
Preparing financial statements from incomplete records	
Prepare financial statements of non-profit organisations	

Basic Microeconomics	G3511EA
NQF Level: 5	Credits: 12
Contact hours: 4 contact lecture hours per week for one semester	
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.	
Pre-requisites:	None
Module Description:	
Introduction – What is economics? ; Definitions of economics – Microeconomics and Macroeconomics. The economic problem; Production Possibilities Curve; Using resources efficiently; Economic growth; Gains from trade; Economic coordination; How markets work; Market and prices; Demand; Supply; Market equilibrium; Predicting changes in price and quantities; Forward Markets. - Credit Agreements, Hire- purchase agreements, Formation of a credit agreement. The consequences of a credit agreement. Labour Law The employment contract; definition and the parties thereto, The duties of the employer and employee after conclusion of the employment contract. Termination of the contract of employment.

Business Research Methodology	G3671MR
--------------------------------------	----------------

NQF Level: 6 **Credits:** 14 **Contact hours:** 4h/w

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Definition of research – to know how to establish facts from opinions and reach new conclusions from informed decisions;

Formulating a research problem focusing on how to state the problem in a way that is researchable or to shape the research topic in a manner that it becomes ready for scientific investigation;

Research design – detailing the procedures necessary for obtaining the required information, and how to design a study that will test the hypotheses of interest, determine possible answers to the research questions, and provide the information needed for decision making.

Data preparation, data analysis tools – to make better business decisions -higher quality data that can be processed and analyzed more quickly and efficiently leads to more timely, efficient and high-quality business decisions.

Business Simulation	G3770MS
----------------------------	----------------

NQF Level: 7 **Credits:** 24 **Contact hours:** 5-6 Weeks

Module assessment: Project simulation – 60%, Test – 20%, Exam – 20%

Pre-requisites: None

Module Description:

Understand **how the different functional pieces of a business fit together** - Discuss how and why decisions made in one area affect outcomes in other areas of the business

Explain revenue-cost-profit relationships, interpret financial reports, prepare forecasts and analyze operating activity reports - Assess and interpret trend analysis data, prepare Sales, Production, Income Statement and Balance Sheet Forecasts, understand the concepts of markups, markdowns, per unit product cost, wage costs, overhead costs, distribution;

Discuss and implement strategies to react to the forces of global competition - Understand and develop production strategies, supply chain logistics and product distribution strategies.

Make strategic and operating decisions for a business - Establish a plan to co-manage a business

Marketing Management A	G3761MM
-------------------------------	----------------

NQF Level: 7 **Credits:** 8 **Contact hours:** 2 h/w 2tutorials per week for 14 weeks

Module assessment: Project simulation – 60%, Test – 20%, Exam – 20%

Pre-requisites: **G3661MO and G3662MO**

Module Description:

Understand **how the different functional pieces of a business fit together** - Discuss how and why decisions made in one area affect outcomes in other areas of the business

Explain revenue-cost-profit relationships, interpret financial reports, prepare forecasts and analyze operating activity reports - Assess and interpret trend analysis data, prepare Sales, Production, Income Statement and Balance Sheet Forecasts, understand the concepts of markups, markdowns, per unit product cost, wage costs, overhead costs, distribution;

Discuss and implement strategies to react to the forces of global competition - Understand and develop production strategies, supply chain logistics and product distribution strategies.

Make strategic and operating decisions for a business - Establish a plan to co-manage a business

Human Resources Management A	G3771MH
-------------------------------------	----------------

NQF Level: 7 **Credits:** 8 **Contact hours:** 2 h/w 2tutorials per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least three assessments)

Examination (50%): 1x 3h paper

Pre-requisites: **G3661MO and G3672MO**

Module Description:

Key concepts of HRM and development of HRM - the conceptual framework of HRM; HRM practice today, goals of HRM,

Theories of HRM – Philosophy of human resource management; reservations about the original concept of HRM,

Models of HRM and HRM today – Definition of Human Resource Management, Human Resource, Recruitment & selection; Performance management, Learning & development; succession planning, Compensation and benefits, HR Information Systems

Operations Management A	G3761MO
--------------------------------	----------------

NQF Level: 7 **Credits:** 8 **Contact hours:** 2 h/w

Module assessment: Continuous Assessment 50% (at least three assessments)

Examination (50%): 1x 3h paper

Pre-requisites: **Business Statistics G3672MS**

Module Description:

The course focuses on the basic concepts, issues, and techniques for efficient and effective operations. Topics include operations strategy, project management, product and service design, process management, quality management, forecasting, layout and location strategies.

Banking & Finance A	G3771MB
--------------------------------	----------------

NQF Level: 7 **Credits:** 16 **Contact hours:** 4h/w

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: **NONE**

Module Description:

Module Content

The role and environment of managerial finance – Exposes the students to what finance is, the career opportunities within finance, the legal forms of business organizations, the role of business ethics, managerial finance function as well as.

Analysis – Provides a comprehensive introduction to the concept of Company analysis, Technical analysis, industry analysis and fundamental analysis.

D.2 DIPLOMA IN BUSINESS ADMINISTRATION (Level 6) (NEW QUALIFICATION) 62CDBA/62DBAX REVISED

D.2.1 Purpose

The program will address the national development goal of equitable access to quality business education. The purpose of this program is to provide quality higher education in the discipline of business administration, equip graduates with skill, abilities and cutting edge knowledge in the latest trends in business administration education.

and capacitate graduates to become part of the global 4th and 5th industrial revolutions. The programme will also speak to the Sustainable Development Goals (SDGs) particularly goals 8,9,10 and 11 on decent work and economic growth, industry innovation and infrastructure, reduced inequalities and sustainable cities and communities respectively. This will be done through an emphasis on leadership not only within the modules that will be taught but also by partnering with other department and industry leading institutions to give students an opportunity to co-create knowledge that will bring about solutions to existing problems in society. Furthermore, this program aims to provide professional academic education in the discipline of management science with a focus on narrowing the knowledge and development gaps in the public and private sectors by continuously engaging relevant stakeholders to ensure translational knowledge transfer through a distinguished academic program tailor made specifically for the industry while serving as a beacon of excellence in community service nationally, regionally and continentally by 2030.

2.1. Admission requirements

2.2.1 Normal Enrolment

The basic requirements for entrance to the Diploma in Business Administration programme shall be;

(1) A pass in five different subjects as follows;

- (a) 2 subjects on NSSCAS level with a minimum E or higher
- (b) 3 subjects on NSSCO level with a D or higher
- (c) English is a compulsory subject and students should obtain a minimum D at NSSCO level

OR

(2) A pass in five different subjects as follows;

- (a) 5 subjects on NSSCAS level including
 - i. 3 (of the best 5) subjects on NSSCO level lower than a C (D or E)
 - ii. English must be at minimum E at NSSCO level

Meeting the minimum requirements as per above does not necessarily ensure and/or guarantee admission. Admission will be based on the availability of space. Applicants from marginalized communities, those with higher NSSC grades in five subjects or those who may have completed the Diploma in Business Administration may well be given preferential treatment for admission when demand is stretched. Priority will be given to students who demonstrate readiness to start the program in terms of competency. This will be guided by the University's mature age entry policy.

(3) Mature Age Entry Scheme

Applicants aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions;

- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought
- (b) Applicants should have successfully completed at least junior secondary education for admission into undergraduate certificate/diploma programmes, and senior secondary education for admission into undergraduate degree programmes
- (c) They should normally have proof of at least five years' relevant work experience relating to the proposed study programme.
- (d) The Mature Age Entry Examination will consist of three / four papers;
 - (i) Paper 1; An English Proficiency Paper;
 - (ii) Paper 2; A General Knowledge Paper;
 - (iii) Paper 3; A Numerical Ability Paper;
 - (iv) Paper 4; Department Specific Paper (Introduction to Management and Leadership) This will assess a candidates' ability in decision making, problem solving and leadership abilities to evaluate information presented in different formats and from multiple sources. In addition, analytical skills on once ability to analyse arguments will be assessed.

(e) Subject to Programme Specific Regulations Mature Age Entry applicants seeking admission into an undergraduate programmes shall score an average of at least 50% with no paper less than 40%.

(f) Applicants who meet the qualifying requirement (as per d (i)) and passed the MAE examination (as per d (iv)), may be called for an additional interview before the final selection is made.

(g) For school leavers prior to 2021 interested in the Diploma in Business Administration, a candidate must hold a valid NSSC Certificate or any other relevant qualification. English is a compulsory subject and should normally be obtained at NSSC (English as a second Language) grade D or better, or a grade E or Better at NSSC (English First Language) level. A candidate should obtain a minimum of 22 points in five subjects on the UNAM Point Scale to be admitted. However, if the minimum of 22 points is obtained, it does not necessary ensure and or guarantee admission. Entrance is based on availability of places within the department and awarded on the basis of merit. The Faculty reserves the right to interview students before admission. Admission could also be considered per persons who qualify through Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Regulations. A special application form is available for this purpose.

2.3. Additional Selection Criteria

The selection of candidates will be done based on the highest points based on the UNAM Evaluation Scale guided by matters of equity as outlined in the National Policy document.

2.4. Articulation Options

Student who successfully complete the Diploma in Business Administration will articulate to the second year of the Bachelor of Business Administration (BBA level 7) programme. The Diploma in Business Administration programme may serve as entry point to any relevant bachelor's degree in Business Administration.

2.5. Assessment Criteria

A minimum of CA of 40% is required to gain entrance into the relevant module examination unless otherwise stated in the module descriptor

In order to pass a module, a minimum of 50% is required unless otherwise stated in the individual module descriptor

The final mark for each module using a ratio of CA mark to Exam mark of 50% unless stated otherwise in the individual module descriptor

Notwithstanding the above, a submission of at least 40% will apply to the Exam mark, unless otherwise stated in the individual model descriptor.

Supplementary examinations will be allowed if a student obtains a final mark of between 45 and 49. However the students must have obtained an examination mark of at least 40%

2.6. Minimum requirements for re-admission into the School / Programme

Normal enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have complete the following minimum number of credits as indicated below;

- 32 credits (of which 16 credits must be non-core) by the end of first year of registration.
- 112 credits (of which 92 credits must be non-core) by the end of the second year of registration.
- 212 credits by the end of the third year of registration
- 320 credits by the end of the fourth year of registration
- 368 credits by the end of the fifth year of registration

The programme must be completed after a maximum of 5 years of registration.

Extended enrolment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have completed the following minimum number of credits as indicated below;

- 22 credits (of which 8 credits must be non-core) by the end of the first year of registration.
- 92 credits (of which 72 credits must be non-core) by the end of the second year of registration.
- 177 credits by the end of the third year of registration
- 268 credits by the end of the fourth year of registration
- 322 credits by the end of the fifth year of registration
- 368 credits by the end of the fifth year of registration

The programme must be completed after a maximum of **6 years of registration**.

2.7 Advancement and progression rules

Normal enrolment

A student advances to the subsequent academic year of study when the following conditions have been met;

- Year 1 to Year 2; 82 credits (of which 64 credits must be non-core)
- Year 2 to Year 3; 212 credits

2.8 Requirements for Qualification Award

This qualification will be awarded to candidates who pass all modules (equivalent to 368 credits) All the modules offered on this programme are compulsory.

2.9 Career Opportunities

Administrative Assistant, Office Coordinator, Human Resource Trainee, Retail Assistant, School Administrator, Controller, Public Sector Employee

2.10 Implementation strategy

The new programme, Diploma in Business Administration will be implemented in 2023 in a phased approach. Year 1 in 2023, Year 2 in 2024 and Year 3 in 2025.

E3.14 Syllabi

YEAR 1 : SEMESTER 1

NEW VENTURE CREATION

G2460MV

NQF Level: 4 **Credits:** 6 **Contact hours:** 4 hours lecture per week

Module assessment: Continuous Assessment (50%); two tests and one assignment
Examination (50%); 1 x 3-hour paper)

Pre-requisites: None

Module Description:

Modern approaches to new venture creation - It focuses on the nexus between the entrepreneurial team, their opportunity and the iterative process of venture development they engage with. It is designed for anyone who needs to assess, develop or create potential business or project opportunities that are mainly, but not exclusively, based on a technological concept or a social innovation;

Screening techniques - that will address the new venture value proposition; including analysis of the underlying business concept, the base technology, benefits to customers, and fit with potential markets;

Models for new venture development - which include consideration of the resourcing requirements, the competitive landscape, team development and future strategies will be treated in depth; and a comprehensive model for new venture validation will be developed during the course.

PLANNING THE VENTURE		G2660MP
NQF Level: 6	Credits: 8	Contact hours 2 hours lecture per week
Module assessment:	Continuous Assessment (50%); two tests and one assignment	
Examination (50%); 1 x 3 hour paper)		
Pre-requisites:	None	
Module Description:		
Preparing a business plan, aspects covered in the business plan		
Screening techniques - that will address the new venture value proposition; including analysis of the underlying business concept, the base technology, benefits to customers, and fit with potential markets;		
Basic financial planning , explain basic financial concepts in accounting		
Setting prices and break even analysis, financial capital requirements		

PRINCIPLES OF BUSINESS ENTREPRENEURSHIP		G2612DM
NQF Level: 6	Credits: 6	Contact hours: 2 hours
Module assessment:	Continuous Assessment 50% (at least two assessments)	
Examination (50%); 1x 2h paper		
Pre-requisites:	None	
Module Description:		
Entrepreneurial perspective will focus on types of entrepreneurs, characteristics of entrepreneurs, examples of successful entrepreneurs.		
Pursuit of entrepreneurial opportunities will concentrate on Business motivation, competencies and skills, innovative ideas

Financial projections - with a focus on pursuit of finance and other needed resources, growth strategy and resource management.		

PRINCIPLES OF BUSINESS MATHEMATICS		G2431DM
NQF Level: 4	Credits: 6	Contact hours: 4 hours
Module assessment:	Continuous Assessment 50% (at least two assessments)	
Examination (50%); 1x 3h paper		
Pre-requisites:	None	
Module Description:		
Principles of Business Mathematics focus on the basic concepts of business mathematics with emphasis on problem solving.		
Number systems; operations on whole numbers, integers and fractions; powers and surds; rates and ratios; basic algebraic operations; linear and quadratic equations; arithmetic and geometric sequence and logarithm.		

PRINCIPLES OF BUSINESS ACCOUNTING		G2471DA
NQF Level: 4	Credits: 12	Contact hours: 4 hours
Module assessment:	Continuous Assessment 50% (at least three assessments)	
Examination (50%); 1x 3h paper		
Pre-requisites:	None	
Module Description:		
Introduction to the basic principles of accounting – nature and function of accounting and accounting theory, the statements of financial position and of comprehensive income and its elements.		
Determining the information needs of different users , collecting and processing accounting data, the accounting cycle, journalising, posting entries from journal to the ledger, compiling a trial balance before adjustments.		
Determining and recording adjustments , recording closing entries, and compiling the post adjustment trial balance. Preparing financial statements for a sole proprietor.		

PRINCIPLES OF BUSINESS MANAGEMENT		G2431DP
NQF Level: 4	Credits: 12	Contact hours: 4 contact lecture periods per week

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

The module will focus on the following topics: Introduces Organizational behavior to students by looking at several themes that are current in contemporary organizational life.

It looks at concepts, theories and techniques as applied in management of organizations.

Specific topics will be determinants of organizational performance (teamwork, motivation, rewards, job design, job satisfaction etc.), organizations and the environment, Organizational cultures, structures and processes, and management of growth and decline.

CORPORATE ETHICS AND MORALITY

G3670MC

NQF Level: 6 **Credits:** 4 **Contact hours:** 5-6 Weeks

Module assessment: There will be at least 2 formative assessments through assignments. No examination will be written.

Pre-requisites: None

Module Description:

An analysis of the scope and purpose of corporate ethics, examining what it is, why do it and, does it work? An examination of moral issues in business; why 'good' managers make bad ethical choices; case studies.

PRINCIPLES OF BUSINESS STATISTICS

G2531BM

NQF Level: 5 **Credits:** 12 **Contact hours:** 4h lectures per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Collection of data and summarising and interpreting them through numerical and graphical techniques;

Various measures of dispersion; compute measures of skewness; identify the various measures of central location for both grouped and ungrouped data; application of probabilities rules as well as construction and interpretation of probability from a contingency table (joint probability table); and identify when to apply each of these distributions (probability distribution), and the computation thereof.

PRINCIPLES OF BUSINESS ECONOMICS

G2422BE

NQF Level: 4 **Credits:** 12 **Contact hours:** 4h lectures per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Business economics analysis, and considers substantive topics such as; determinants of demand and supply, elasticity of demand and supply, price determination under different market structures, production functions, cost concepts, optimal level of output and input use, risk and uncertainty, and the macroeconomic environment.

PRINCIPLES OF BUSINESS ETHICS AND LAW

G2462ML

NQF Level: 4 **Credits:** 12 **Contact hours:** 4 contact lecture periods per week

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Define and explain fundamental legal terminology regarding contracts, torts with law of contract and examines issues of liability in negligence relating to business and how to avoid it, property, and wills; differentiate between business ethics and legal issues;

Identify and explain required elements of torts, requirements of contracts, offer, acceptance, intention, consideration, capacity, remedies when contract is not fulfilled in accordance with its terms.

ELEMENTS TO BANKING	G2531DB
NQF Level: 4 Credits: 12 Contact hours: 4 hours lecture per week for 14 weeks Module assessment: Continuous Assessment 50% (at least two assessments) Examination (50%); 1 x 3h paper Pre-requisites: None Module Description: Introduction to Banking functions of commercial banks, Introduction to Banking, money and payments Government's role in Banking and function of Bank of Namibia, central banking & bank regulation, online banking, money laundering and bank payment system.	
FUNDAMENTALS OF ACCOUNTING A	C2531FF
NQF Level: 5 Credits: 14 Contact hours: 4 hours lecture & 2 tutorials per week for 14 weeks Module assessment: Continuous Assessment (50%); two tests and one assignment Examination (50%); 1 x 3 hour paper Pre-requisites: None Module Description: Introduction to the basic principles of accounting statements of financial position and of comprehensive income and of changes in equity and its elements.	
BASIC MICRO ECONOMICS	C2531FE
NQF Level: 5 Credits: 14 Contact hours: 4 hours lecture per week for 14 weeks Module assessment: Continuous Assessment (50%); two tests and one assignment Examination (50%); 1 x 3 hour paper Pre-requisites: None Module Description: Introduce basic concepts and tools used in microeconomics and macroeconomic analysis. PRINCIPLES OF CREDIT	G2532MC
NQF Level: 5 Credits: 14 Contact hours: 4 hours lecture per week for 14 weeks Module assessment: Continuous Assessment (50%); two tests and one assignment Examination (50%); 1 x 3 hour paper Pre-requisites: None Module Description: Commercial lending , the role of banking in today's economy. Principles of lending in banking, types of borrowers. Credit analysis and lending management , understanding the credit environment key financial statements of banks, overview of development banking in Namibia, problem loan management and different types of risk in credit.	
BUSINESS MATHEMATICS	G2531MM
NQF Level: 5 Credits: 14 Contact hours: 4 hours lecture per week for 14 weeks Module assessment Continuous Assessment 50% (at least two assessments) Examination (50%); 1 x 3h paper Pre-requisites: Principles of Business Mathematics (G2431BBM) Module Description: Mathematical concepts , applications necessary for successful business careers. Topics will include; Number system and Sets operation; Removing of brackets and Factorizing; Linear equation, simultaneous equations; Sequences and Series; Introduction to Matrices; Simple and Compound interest; Logarithm and Linear programming.	
FUNDAMENTALS OF ACCOUNTING B	C2532FF
NQF Level: 5 Credits: 14 Contact hours: 4 hours lecture plus 1 hour tutorial per week for 24 weeks Module assessment Continuous Assessment (50%); two tests and one assignment Examination (50%); 1 x 3 hour paper Pre-requisites: Principles of Business Mathematics (G2431BBM)	

Module Description:

Preparation and presentation of financial statements

Financial position, financial performance, determining profit and preparing financial statements

Accounting for current and non-current assets – cash and cash equivalents,

Trade and other receivables, inventory, property, plant and equipment and other non-current assets, accounting for current and non-current liabilities.

Introduction to VAT (Value Added Tax). Inventory systems.

BASIC MACRO ECONOMICS	C2532FE
------------------------------	----------------

NQF Level: 5 **Credits:** 14 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous Assessment (50%); two tests and one assignment

Examination (50%); 1 x 3 hour paper)

Pre-requisites: None

Module Description:

This course aims to introduce basic concepts and tools used in microeconomics and macroeconomic analysis. The theory, measurement, and determination of national income; business cycles; the multiplier; fiscal policy, budget deficits, and national debt; aggregate supply and aggregate demand; money, banking, and monetary policy; exchange rates and balance of payment accounts; stabilization policy for unemployment, inflation; demand and supply, market structures, Factor markets and introduction to international trade.

BUSINESS MANAGEMENT	G2532DM
----------------------------	----------------

NQF Level: 5 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: Principles of Business Management (G2431DP)

Module Description:

Organizational behavior to students by looking at several themes that are current in contemporary organizational life. It looks at concepts, theories and techniques as applied in management of organizations.

Organizational performance (teamwork, motivation, rewards, job design, job satisfaction etc.), organizations and the environment, Organizational cultures, structures and processes, and management of growth and decline.

E-COMMERCE	G2572DC
-------------------	----------------

NQF Level: 5 **Credits:** 12 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

This proposed formulation is intended to take care of blended / online teaching and provide flexibility

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Drawbacks of online banking, firms and individuals on online buying and selling goods and services over the internet ecommerce platforms in all four of the following major market segments: Business to consumer. Consumer to consumer and to explore social media or mobile marketing through online interactions with clients.

Activities related to online banking, crypto currencies, mobile marketing, e-crm, online purchases and sales and online trading.

Critique and provide solutions to ecommerce

ORGANIZATIONAL MANAGEMENT I	G3671OM
------------------------------------	----------------

NQF Level: 6 **Credits:** 16 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

This proposed formulation is intended to take care of blended / online teaching and provide flexibility

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: Pre-requisite; Principles of Management

Module Description:

Organizational behavior to students by looking at several themes that are current in contemporary organizational life.

Theories and techniques as applied in management of organizations. Specific topics will be determinants of organizational performance (teamwork, motivation, rewards, job design, job satisfaction etc.), organizations and the environment, Organizational cultures, structures and processes, and management of growth and decline.

Human Capital Management	G2671DH
---------------------------------	----------------

NQF Level: 6 **Credits:** 16 **Contact hours:** 2h/w & 2 tutorials per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least three assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Key concepts of HRM as a discipline

HRM concept, specific topic

Recruitment & selection

Performance management

Learning & development

Succession planning

Compensation and benefits

HR Information Systems

Ethics in HR

BUSINESS STATISTICS

G2632BM

NQF Level: 6 **Credits:** 16 **Contact hours:** 4

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: Principles of Business Statistics (G2531BM)

Module Description:

Statistical Inference in Business builds on Statistics for Business and Economics (or equivalent) and focuses on making inferences about population quantities from sample data via hypothesis testing and confidence intervals.

Statistical Inference in Business applies statistical methods in a business context in order to address business related questions and help make evidence based decisions.

Statistical Inference in Business, students will learn to apply commonly used statistical methods in business contexts and how to interpret analyses performed by others.

Sampling and sampling distribution, point and interval estimation, hypothesis testing, regression analysis and index numbers.

BUSINESS LAW AND ETHICS

G2661BL

NQF Level: 6 **Credits:** 14 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Theory of Law, the definition and concept of "law", the various sources of Namibian law.

Customs, legislation (statute), common law etc. as sources of Namibian law.

Direct and indirect sources of law, the various divisions of our law.

Essentials for the creation of a contract of purchase and sale. Establishment of the price to the merx (things) and intentions to buy and sell. Lease agreements, obligations of the parties to a lease agreement "Huur gaat voorkoop rule" Negotiable instruments, Definitions of a negotiable instrument and the requirement of a negotiable instrument. Type of negotiable instrument.

Credit Agreements, Hire- purchase agreements, Formation of a credit agreement. The consequences of a credit agreement. Labour Law The employment contract; definition and the parties thereto, The duties of the employer and employee after conclusion of the employment contract. Termination of the contract of employment.

ORGANISATIONAL MANAGEMENT II

G2672DM

NQF Level: 6 **Credits:** 14 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

This proposed formulation is intended to take care of blended / online teaching and provide flexibility

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: Co-requisite; **Organisational Management I**

Module Description:

Causes and management of change: organizational development (OD); learning organizations; resistance to change; overcoming resistance to change.

Workforce diversity – case for diversity; ethical and social responsibilities; economic considerations; knowledge and skill factors; characteristics of successful diversity management Power, politics and conflict resolution – sources of power; empowerment; power, politics and morality; forms of political manipulations and management of politics.

Different types of leaders– principles and value systems; disintegration and integration processes; elements of conceptual framework; forms of leadership styles.

The ultimate purpose is for students to acquire and develop skills to take rational decisions in the process of Organisational Behaviour.

CUSTOMER RELATIONSHIP MANAGEMENT

G2552DR

NQF Level: 6 **Credits:** 16 **Contact hours:** 4p/w

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Dimensions of service quality and customer satisfaction.

Factors that impacts on customer loyalty process of exploration; the moment of truth is given meaning whilst service profit chain is being described in detail.

Courtesy as customers are viewed as lucrative assets an organisation and leading service

Customer service culture in a competitive environment

FUNDAMENTALS OF CORPORATE FINANCE
--

G2672DC

NQF Level: 6 **Credits:** 14 **Contact hours:** 4p/w

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

The gap between theory and practice, principal and agency relationship,

Present and future values of a single amount, an annuity, perpetuity and mixed streams of investment amounts, the primary objective of the company

Financial risks that an organisation is faced with, the key aspects of financial securities, securitisation, economic crisis, financial institutions & financial markets.

WEALTH CREATION ENTREPRENEURSHIP

G2662NW

NQF Level: 6 **Credits:** 8 **Contact hours:** 2h lectures per week for 14 weeks and 2h tutorials per week for 14 weeks

Module assessment: Continuous Assessment 50% (two tests and one assignment)

Examination (50%); 1x 3h paper

Pre-requisites: None

Module Description:

Scope of wealth creation, factors influencing wealth creation, various forms of wealth, effective wealth creation strategies, how to build a more secure financial future, monetary matters, pinpointing potentials to enhance your savings and investments, influencing your investment choices, investment trust and cultivating a habit of disciplined investing risk and uncertainty, and Rural Wealth Creation Concepts, Strategies, and Measures.

E. PUBLIC MANAGEMENT AND POLITICAL STUDIES DEPARTMENT

E.1. BACHELOR OF PUBLIC MANAGEMENT (62BPAM/62BPMX) (NEW CURRICULUM)

E.1.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The purpose of this qualification is to provide students with the necessary knowledge, skills and competence in the area of Public Management in order to develop Namibia's own human resources and build capacity in the Public Sector in Namibia. Graduates of the Bachelor of Public Management programme will be able to act and work within a democratic, accountable and responsive public and private environment. To enhance the capacity of managers, planners, researchers and students; to be able to test and

explore new ideas, sharpen their analytical capacities, broaden awareness and deepen understanding of complex issues that influence decision-making in Namibia. Graduates of Public Management will be able to interact with peers, leading academics and practitioners and reflect on their personal goals, values and careers. Programme participants will also complete an in-depth research project under the guidance of their supervisors. Students will be confronted with the rapidly changing political, economic, technological and social challenges that test their knowledge, competencies, decision-making and governance capacity throughout the country. A key component of this new revised degree programme is to ensure that the programme blends in with the concepts of regionalism within the SADC environment. Students will be exposed to the latest developments within the region in terms of Public Management practices and academic developments to enhance the general welfare of the region. Concepts and practices such as regional economic, social and welfare development aspects will be dealt with extensively. Emphases will be on issues such as embracing and implementing the Sustainable Development Goals and the Africa 2060 agenda on development and cooperation.

This programme addresses the ongoing need for qualified managers in the public sector, private sector, public enterprises and in community organisations. The programme will allow public managers to gain the necessary knowledge, skill and competence to implement Namibia's key development policies such as the pillars on Economic Progression, Social Transformation and Good Governance as identified in Namibia's 5th National Development Plan (NDP5), and the four pillars of the Harambee Prosperity Plan. This approach is in line with UNAM's Vision to train students to address the needs of the Namibian people. The programme is fully aligned with the requirements of Vision 2030, namely to enhance service delivery through effective and efficient service delivery. This has been perceived as one of the key goals of Vision 2030 in order to enhance the general welfare of the Namibian nation.

1.2 Admission requirements

Normal enrolment

The basic requirements for entrance to the Bachelor of Public Management programme shall be:

- (1)** A pass in five different subjects as follows:
 - (a) 2 subjects on NSSCAS level with an average d or higher
 - (b) 3 subjects on NSSCO level with a C or higher
 - (c) English must be at minimum C at NSSCO level

Or

- (2)** A pass in five different subjects as follows:
 - a. 3 subjects on NSSCAS level with an average d or higher
 - b. 2 subjects on NSSCO level with a D or higher
 - c. English must be at minimum C at NSSCO level

In addition to the above, admission could also be considered for persons who qualify on Mature Age Entry Scheme upon successful completion of the relevant entry examination as set out in the General Regulations. A special application form is available for that purpose.

(3) Mature age entry scheme

Applicants aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions:

- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought;
- (b) Applicants should have successfully completed at least junior secondary education for admission into the undergraduate degree programme, and senior secondary education for admission into undergraduate degree programme.
- (c) They should normally have proof of at least five years relevant work experience relating to the proposed study programme.
- (d) The Mature Age Entry Examination will consist of three / four papers:
 - (i) Paper 1: An English Proficiency Paper;
 - (ii) Paper 2: A General Knowledge Paper;
 - (iii) Paper 3: A Numerical Ability Paper;
- (e) Programme Specific Regulations Mature Age Entry applicants seeking admission into an undergraduate programmes shall score an average of at least 50% with no paper less than 40%.

- (f) Applicants who meet the qualifying requirements (as per d(ii)) and passed the MAE examination (as per d (iii)), may be called for an additional interview before the final selection is made.

(4) Admission criteria based on School Leaving Certificates prior to 2021

A pass in five different subjects as follows:

- (a) 2 subjects on higher level (NSSCH) with a 4 or higher
- (b) 3 subjects on ordinary level (NSSCO) with a D or higher
- © English must be at minimum C at NSSCO level

Or

A pass in five different subjects as follows:

- (a) 3 subjects on higher level (NSSCH) with a 4 or higher
- (c) 2 subjects on ordinary level (NSSCO) with a D or higher
- © English must be at minimum C at NSSCO level

Extended Enrolment

A pass in five different subjects as follows:

- (a) 1 subject on NSSCAS level with an average d or higher
- (b) 2 subjects on NSSCO level with a C or higher
- (c) 2 subjects on NSSCO level with a D or higher
- (d) English must be at minimum D at NSSCO level

1.3 Additional Selection Criteria

The selection of candidates will be done based on the highest points on the UNAM Evaluation scale guided by matters of equity as outlined in the National Policy document.

1.4 Articulation Options

The Bachelor of Public Management programme may serve as an entry point to relevant honours degrees in Public Management Honours or any related Postgraduate diploma.

1.5 Assessment Criteria

A minimum CA Mark of 40% is required to gain entrance into the relevant module examination unless otherwise stated in the individual module descriptor.

In order to pass a module, a minimum final mark of 50% is required, unless otherwise stated in the individual descriptor.

The final mark for each module will be calculated using a ratio of CA mark to Exam mark of 50% unless stated otherwise in the individual module descriptor.

Notwithstanding the above, a subminimum of at least 40% will apply to the Exam Mark, unless otherwise stated in the individual module descriptor.

1.6 Minimum requirements for re-admission into the School / Programme

Minimum requirements for re-admission into the School / Programme for **full-time students** only:

Normal enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

- 40 credits (of which 24 must be non-core) by the end of the first year of registration.
- 124 credits (of which 100 must be non-core) by the end of the second year of registration.
- 220 credits by the end of the third year of registration.
- 330 credits by the end of the fourth year of registration.
- 363 credits by the end of the fifth year of registration.

The programme must be completed after a maximum of 5 years of registration.

Extended enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

- 30 credits (of which 16 must be non-core) by the end of the first year of registration.

- 100 credits (of which 80 must be non-core) by the end of the second year of registration.
- 180 credits by the end of the third year of registration.
- 260 credits by the end of the fourth year of registration.
- 303 credits by the end of the fifth year of registration.
- 363 credits by the end of the six year of registration

The programme must be completed after a maximum of 6 years of registration.

1.7 Advancement and progression rules

Normal enrollment

A student advances to the subsequent academic year of study when the following conditions have been met:

- Year 1 to year 2: 90 credits (of which 72 credits must by non-core).
- Year 2 to year 3: 212 credits

Extended enrolment

A student advances to the subsequent academic year of study when the following conditions have been met:

- Year 1 to year 2: 60 credits (of which 36 credits must by non-core).
- Year 2 to year 3: 122 credits (of which 61 credits must be non-core).
- Year 3 to year 4: 145 credits.

1.8 Requirements for Qualification Award

This qualification will be awarded to candidates credited with a minimum of 363 credits and who have met all other UNAM requirements.

1.9 Career Opportunities

Holders of the Bachelor of Public Management degree will find career opportunities in the public/private sector, and civil society sectors as:

- Administrators
- Development/Regional Planners
- Parliamentary clerks
- Disaster risk managers/officers
- Project/Programme Managers/Coordinators
- Community Activists
- Socio-economic Commentators
- Regional and Local Government Managers
- Non-Governmental Organisation officers
- Diplomats
- Tutors.

1.10 Implementation strategy

- The new programme, Bachelor of Public Management will be implemented in 2023 in a phased approach. Year 1 in 2023, Year 2 in 2024, and Year 3 in 2025. **Equivalent modules**

The following courses serve as equivalents for the old curriculum. These modules are listed below:

Old Code	Old Module	Old Level	Old Credit	New Code	New Module	New Level	New Credit
PIG3572	Government Studies	5	16		(No equivalent)		
PSE3571	Public Sector Accounting 1	5	16	G3511PB	Public Sector Accounting 1	5	12
EMI3571	Basic Micro Economics	5	16	G3511ED	Basic Micro Economics	5	12

Diplomacy in Practice		G3620PD
NQF Level: 6	Credits: 6	Contact hours: 2 lecture hours per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	
Module Content		
Nature of Diplomacy: Evolution of the Ambassador's role; Ministry of Foreign Affairs (THE Organisation of Diplomacy); Diplomacy of international organisations e.g UN, Multilateral vs. Bilateral diplomacy; functions of the world diplomatic system in the 21st century; advantages and disadvantages of different diplomatic methods; Structures of an Embassy etc...		
Right to Development; origin, definition; legal status; content and functions		
Contestations; the deep substantive and political divisions about the exact content and implications of the RTD and their implications for the achievement of greater normative clarity, follow-up and implementation action.		
International legal instruments – Universal Declaration of Human Rights (1946), International Covenant on Economic; Social and Cultural Rights (1966); International Covenant on Civil and Political Rights, Declaration on the Right to Development (1986); UN Charter for the Elimination of All Forms of Discrimination Against Women (1979); UN Declaration on the Rights of Indigenous People		

African legal instruments; African Charter on Human and Peoples' Rights; the Protocols on the Establishment of an African Court on Human and Peoples' Rights; the African Charter on Human and Peoples' Rights on the Rights of Women in Africa; African Charter on the Rights and Welfare of the Child; the 1969 OAU Refugee Convention; Convention on Preventing and Combating Corruption
Mobilisations and conceptualization; of existing provisions of international law towards the achievement of international coherence, cooperation and solidarity

RTD Assessment and Monitoring Resources; UNDP Human Development Indexes, Transparency International Corruption Perception Index; World Bank World Development Reports; Mo Ibrahim African Governance Report; Gender Equality Index

Introduction to Public Management	G3511PA
--	---------

NQF Level: 5	Credits: 22	Contact hours: 4 contact lecture periods per week for one semester.
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	

Module content

The theory of Public Management focus on the historical development and theoretical foundations of Public Management. It explains the basic principles underlying the area of study and why any academic study be based on guidelines that define its domain to enable students to understand the extent of the field of study and how it differs from other fields of study.

Public resource management focus on the importance of and analysis of public resource management within the public sector and specifically in the Namibian context.

Ethical public information services explore the differences between data, information, knowledge, information management and knowledge management. It will enable the students to use information technology for effective governance and distinguish between e-government and e-governance. The focus will also be on ethics, values, morality, public interest and explores the role of ethics in public information services.

Introduction to Public Policy will focus on the nature and environment of public policy in the public sector. The focus will also be on the difference between policymaking and decision making. Furthermore, it explains policy levels, types, categories of policy making and its application.

Public service delivery explains the fundamentals of service delivery and explore the notion of service quality and innovation in the public sector. Furthermore, it focus on the relevance of professionalism and reputational management in the public sector

Key aspects of administrative law deals with the manner in which government should function when exercising its powers in terms of executive authority. In this regard the focus will be on just administrative action and the judicial review based on infringement of administrative rights.

Public sector project management will explore the basics of project management as it applies in the public sector. In this regard the project management body of knowledge methodology and its approach will be used to explain the basic techniques and skills associated for effective project management.

Strategic public sector management will explain the links between policies, national development plans, strategic plan and programmes. Furthermore, the focus will be analyzing the unique public sector context and challenges in strategic planning and execution.

Public Sector Accounting 1	G3511PA
-----------------------------------	---------

NQF Level: 5	Credits: 12	Contact hours: 4 contact lecture periods per week for one semester.
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	

Module Content

Define Public Sector Accounting: Differentiate concepts between public sector and private sector accounting; Government Accounting Basis;

International Public Sector Accounting Standards (IPSAS); Explain International Public Sector Accounting Standards (IPSAS) on presentation of financial statements; financial Control System in Government;

Budgeting; Auditing of government Accounts: The importance and types budgets in public sector organizations.

Capturing Economic Events: General Ledger entries & Accounting cycle; Normal Account balances

Financial Statement Analysis: Inventories; Evaluations of Accounts in Public Sector

Corporate Governance and Internal Audit: Governance Frameworks & Code of Conducts; Internal controls; Introduction to Audit Cycles; Revenue cycle ;Payment Cycle; Salary and wages cycle

Learning and Teaching Strategies/Activities

The course will be facilitated through the following learning activities: Face-to-face and online lectures, presentations and written tests and assignments.

Basic Microeconomics G3511EA

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 contact lecture periods per week for one semester.
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.
Pre-requisites: None

Module Content

Introduction – Economics: Definitions of economics – Microeconomics and Macroeconomics. **The economic problem:** Production Possibilities Curve; Using resources efficiently; Economic growth; Gains from trade; Economic coordination; How **markets work:** Market and prices; Demand; Supply; Market equilibrium; Predicting changes in price and quantities; Forward Markets. **Elasticity:** Price elasticity of demand; More elasticities of demand; Elasticity of supply. **Markets in action:** Efficiency; Demand and marginal benefit; Supply and marginal benefit; The competitive market efficient; Housing markets and rent ceiling; The labour market and the minimum wage; Taxes; Subsidies and quotas; Markets for illegal goods. **Households' choices – Introduction:** Utility and demand; Possibilities, preferences and choices. **Firms and markets:** Organising production; Output costs; Perfect competition; Monopoly; Monopolistic competition; Mark-up pricing. **Market Failure and Government intervention:** Externalities; Public goods and common resources. **Factor market, inequality and uncertainty:** Markets for factors of production; Economic inequality

Introduction to Political Science G3511PP

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 contact lecture periods per week for one semester.
Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.
Pre-requisites: None

Module Content

Conceptualization of Politics: Politics as the art of government; Politics as public affairs; Politics as compromise and consensus; Politics as power; Approaches to the study of politics.
Politics and the State: Definitions of a state; The political importance of the state; Key features of the state; the role of the state; Typologies/forms of the state.
Debates in the Study of Nations: Definition (s) of a nation; Varieties of Nationalism States; and Nations; Relations and Interactions; Nations and Nationalism; the issue of Ethnic Nationalism.
Political Culture and the Media: Political Culture; Three types of Political Culture; Political Communication; Politics of Spin; Media, democracy and governance.
Contending Political Ideologies: Democracy and its alternatives

History of Economic Thought G3620EH

NQF Level: 6 **Credits:** 5 **Contact hours:** 2 contact lecture periods per week for one semester.
Module assessment: Continuous assessment contributes 100% of the final mark. The continuous assessment consists of two tests, two assignments. There will be no final examination for this module but the student will be required to submit a paper/ report at the end of semester that will contribute the final mark.
Pre-requisites: None

Module Content

Introduction: History of Economic Thought and its role: Economics and the History of Economic Thought; A time scale of economic ideas; The value of studying economics and its history. **Ancient Economic Thought:** Plato; Aristotle; Scholasticism; Mercantilism and Cameralism. **Classical Economics:** Adam Smith; David Ricardo; Thomas Malthus. Marxism; Karl Marx. **Neo-Classical Economics:** Alfred Marshall. **Keynesianism:** John Maynard Keynes. **Monetarism:** Milton Friedman.

Public Sector Accounting 2 G3512PA

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 contact lecture periods per week for one semester.
Module assessment: Continuous Assessment 50% (at least two assessments)
 Examination (50%): 1x 3h paper
Pre-requisites: Public Sector Accounting 1 (G3511PA) (Co-requisites)

Module Content

Internal control; Definition of internal control; internal control objectives; Imitations of controls; Components of internal controls.

Internal Auditing; Definition of internal auditing; Structure of Internal Auditing function; Objectives of internal auditing; Roles and responsibilities of internal auditors; Purpose, Authority and Responsibility; Code of Ethics for Internal Auditors; Independence and Objectivity; Organizational Independence

Corporate governance; Brief background to corporate governance in South Africa and Namibia (King Report 1994, 2004, 2009 and Namcode2014); Definition of corporate governance; Principles of corporate governance

Risk management; Risk management strategies; Risk management programme; Enterprise risk management; Risk identification; Risk responses; Documenting the risk (Risk register)

Linear programming; Meaning and nature of linear programming; Linear programming as a resource allocation tool; Assumptions of linear programming; Formulation of linear programming problems; Graphical solution of linear programme problems; Mathematical (equations) solution of linear programme problems.

Learning and Teaching Strategies/Activities

The course will be facilitated through the following learning activities: Face-to-face and online lectures, presentations and written tests and assignments.

Basic Macroeconomics

G3512EB

NQF Level: 5 **Credits:** 12 **Contact hours:** 4 contact lecture periods per week for one semester.

Module assessment: Continuous assessment contributes 50% of the final mark. The continuous assessment consists of two tests and one assignment. There will be a 3 hour examination paper that contributes 50% to the final mark.

Pre-requisites: None

Module Content

Organisational Development

G3611PB

NQF Level: 6 **Credits:** 14 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Content

History of Organisation Development: Core Values and Ethics of Organisation Development

Foundations of Organisational Change: The Organisation Development Practitioner and the OD Process

Data Gathering: Diagnosis and Feedback; Interventions

Sustaining Change, Evaluating, and Ending an Engagement

Global Issues in Organization Development: The Future of Organization Development.

Public Sector Human Capital Management

G3612PC

NQF Level: 6 **Credits:** 14 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Content

Strategic human capital management: Acquisition and assimilation of employees into the workplace; Affirmative action, employment equity and managing diversity; Public sector compensation; Motivating staff; Performance management; Training in the public sector; Career management;

Talent and retention management: Employee relations; and Managing employee wellness in the workplace

Regional and Local Government 2

G3612PR

NQF Level: 6 **Credits:** 14 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Content

Analysis of the structure, the role, modes and functions of local government organisations in developed and the developing world.

Regional and local government issues of democracy, development and decentralisation.

Project Management

G3612PM

NQF Level: 6 **Credits:** 14 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Content

Origins and History of Project Management;

Characteristics of Projects; The Project Life Cycle; Work Breakdown Structure; Project Initiation and Implementation; Negotiation; Procurement & Resource Allocation; Project Control and Communication; The Project Manager; Project HR Management and Human Relations; Project Termination; Avoiding Project Pitfalls; Managing for Success.

Practical Engagement	W3700IC
-----------------------------	----------------

NQF Level: 7 **Credits:** 24 **Contact hours:** None

Module assessment: The students will be assessed by their supervisors during work engagement on the following attributes: Desire and willingness to take on new assignments; Potential for further development; Concern for needs of fellow employees; Willingness to work through an assignment to completion; Ability to communicate; Ability to learn; Quality of work; Dependability; Attitude (application to work); Attendance; Tardiness; Judgment; Imaginativeness and resourcefulness; Cooperation - willingness to get along with others.

Pre-requisites: None

Module Content

Quality of Work: The degree to which the student's work is thorough, accurate, and completed in a timely manner. **Ability to Learn:** The extent to which the student asks relevant questions, seeks out additional information from appropriate sources, understands new concepts/ideas/work assignments, and is willing to make needed changes and improvements. **Initiative and Creativity:** The degree to which the student is self-motivated, seeks out challenges, approaches and solves problems on his/her own, and develops innovative and creative ideas/solutions/options. **Character Traits:** The extent to which the student demonstrates a confident and positive attitude, exhibits honesty and integrity on the job, is aware of and sensitive to ethical and diversity issues, and behaves in an ethical and professional manner. **Dependability:** The degree to which the student is reliable, follows instructions and appropriate procedures, is attentive to detail, and requires supervision. **Attendance and Punctuality:** The degree to which the student reports to work as scheduled and on-time. **Organizational Fit:** The extent to which the student understands and supports the organization's mission, vision, and goals; adapts to organizational norms, expectations, and culture; and functions within appropriate authority and decision-making channels. **Response to Supervision:** The degree to which the student seeks supervision when necessary, is receptive to constructive criticism and advice from his/her supervisor, implements suggestions from his/her supervisor, and is willing to explore personal strengths and areas for improvement. **Engagement in applied work** within the community/ organisation.

Public Finance	G3711PF
-----------------------	----------------

NQF Level: 7 **Credits:** 16 **Contact hours:** Up to 4 contact lecture periods per week for one semester.

Module assessment: Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Content

Defining money; Monetary policy and fiscal policy;

Public provision of goods and services, key sources of government revenue

Role players in public financial management; Accounting and finance; Organisation and functioning of government in terms of inter-governmental fiscal relations (IGFR);

E.2	BACHELOR OF ARTS IN POLITICAL SCIENCE	(NEW CURRICULUM)	62BPOL/62BPOX
------------	--	-------------------------	----------------------

E.2.1 Introduction and Objectives of the Programme

The purpose of this qualification is to provide students with a robust and theoretically-grounded foundation to more advanced degrees and study in Political Science and other related disciplines. The rationale of the qualification lies at different levels, chief of these are: First, to ensure a theoretically-informed articulation between the qualification and related bodies of knowledge at a more advanced level of study. Secondly, to deliver more rounded graduates in Political Science with an improved prospect of employment in the private- and public sectors. Thirdly, to properly meet the knowledge requirements of the evaluation framework embedded in the National Qualification Framework (NQF). Fourthly, to facilitate an understanding of the epistemic and philosophical relationship between Political Science and other Social Sciences in the Humanities.

In addition to the epistemic and conceptual rationale of the qualification, the qualification supports the overall mission and objectives of the University, namely to contribute to knowledge creation, research, community service and enlightened critical thinking. The content of the qualification shows a systematic concern with personal and social development, especially in respect of the constructs of active citizenship, critical thinking, democratic culture, ethics and socially-embedded Africa-entered knowledge. The latter, Africa-centered knowledge is most evident in some of the foundation courses, most notably in the courses on African Philosophy, African Ethics, The Sociology of Development, aspects of African International Relations, Public International Law and its relevance to Africa, and in the broader introduction to Political Philosophy, with specific reference to metaphysical, epistemological, ethical, and political problems in Africa and elsewhere.

The content of the qualification is sensitive to, and reflects, the needs as expressed in deliberative discussions with students, potential employers and other civil society agencies. The purpose of this qualification is to provide students with a current and theoretically-robust foundation for knowledge generation, transfer and application. In response to the nations call on contributing to the development of the economy, industry needs as well as the society as a whole, this qualification intends to permit graduates to make responsive contributions which will be in line with the country's Vision 2030 as well as the to the development of society and economy in terms of responsiveness to society and industry needs, and achievement of national development goals such as Vision 2030, as well as global essentials such as the 4thIR and the Sustainable Development Goals (SDGs) of providing quality education and strive to ensure gender equality in both the employment of staff member and students intake, to mention but a few.

The content of the qualification is sensitive to, and reflects, the needs as expressed in deliberative discussions with students, potential employers and other civil society agencies. The purpose of this qualification is to provide students with a current and theoretically-robust foundation for knowledge generation, transfer and application. 2.2 Admission requirements

Normal enrolment

The basic requirements for entrance to the Bachelor of Arts in Political Science programme shall be:

- (3) A pass in five different subjects as follows:
- (d) 2 subjects on NSSCAS level with an average d or higher
 - (e) 3 subjects on NSSCO level with a C or higher
 - (f) English must be at minimum C at NSSCO level

Or

- (4)** A pass in five different subjects as follows:
- (a) 3 subjects on NSSCAS level with an average d or higher
 - (b) 2 subjects on NSSCO level with a D or higher
 - (c) English must be at minimum C at NSSCO level

In addition to the above, admission could also be considered for persons who qualify on Mature Age Entry Scheme upon successful completion of the relevant entry examination as set out in the General Regulations. A special application form is available for that purpose.

(3) Mature age entry scheme

Applicants aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions:

- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought;
- (b) Applicants should have successfully completed at least junior secondary education for admission into the undergraduate degree programme, and senior secondary education for admission into undergraduate degree programme.
- (c) They should normally have proof of at least five years relevant work experience relating to the proposed study programme.
- (d) The Mature Age Entry Examination will consist of three / four papers:
 - (i) Paper 1: An English Proficiency Paper;
 - (ii) Paper 2: A General Knowledge Paper;
 - (iii) Paper 3: A Numerical Ability Paper.
- (e) Programme Specific Regulations Mature Age Entry applicants seeking admission into an undergraduate programmes shall score an average of at least 50% with no paper less than 40%.
- (f) Applicants who meet the qualifying requirements (as per d(i)) and passed the MAE examination (as per d(iii)), may be called for an additional interview before the final selection is made.

(4) Admission criteria based on School Leaving Certificates prior to 2021

A pass in five different subjects as follows:

- (a) 2 subjects on higher level (NSSCH) with a 4 or higher
- (c) 3 subjects on ordinary level (NSSCO) with a D or higher
- (d) English must be at minimum C at NSSCO level

Or

A pass in five different subjects as follows:

- (a) 3 subjects on higher level (NSSCH) with a 4 or higher
- (d) 2 subjects on ordinary level (NSSCO) with a D or higher
- © English must be at minimum C at NSSCO level

Extended Enrolment

A pass in five different subjects as follows:

- (e) 1 subject on NSSCAS level with an average d or higher
- (f) 2 subjects on NSSCO level with a C or higher
- (g) 2 subjects on NSSCO level with a D or higher
- English must be at minimum D at NSSCO level

2.3 Additional Selection Criteria

The selection of candidates will be done based on the highest points on the UNAM Evaluation scale guided by matters of equity as outlined in the National Policy document.

2.4. Articulation Options

The Bachelor of Arts in Political Science programme may serve as an entry point to relevant Honours degrees in Bachelor of Arts in Political Science Honours or any related Postgraduate Diploma.

2.5 Assessment Criteria

A minimum CA Mark of 40% is required to gain entrance into the relevant module examination unless otherwise stated in the individual module descriptor.

In order to pass a module, a minimum final mark of 50% is required, unless otherwise stated in the individual descriptor.

The final mark for each module will be calculated using a ratio of CA mark to Exam mark of 50% unless stated otherwise in the individual module descriptor.

Notwithstanding the above, a subminimum of at least 40% will apply to the Exam Mark, unless otherwise stated in the individual module descriptor.

2.6 Minimum requirements for re-admission into the School / Programme

Minimum requirements for re-admission into the School / Programme for **full-time students** only:

Normal enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

- 40 credits (of which 24 must be non-core) by the end of the first year of registration.
- 124 credits (of which 100 must be non-core) by the end of the second year of registration.
- 221 credits by the end of the third year of registration.
- 330 credits by the end of the fourth year of registration.
- 363 credits by the end of the fifth year of registration.

The programme must be completed after a maximum of 5 years of registration.

Extended enrollment

To be re-admitted into the School of Business Management, Governance and Economics, a student must have successfully completed the following minimum number of credits as indicated below:

- 30 credits (of which 16 must be non-core) by the end of the first year of registration.
- 100 credits (of which 80 must be non-core) by the end of the second year of registration.
- 180 credits by the end of the third year of registration.
- 260 credits by the end of the fourth year of registration.
- 304 credits by the end of the fifth year of registration.
- 363 credits by the end of the six year of registration

The programme must be completed after a maximum of 6 years of registration.

2.7 Advancement and progression rules

A student advances to the subsequent academic year of study when the following conditions have been met:

Normal enrollment

A student advances to the subsequent academic year of study when the following conditions have been met:

- Year 1 to year 2: 90 credits (of which 72 credits must be non-core).
- Year 2 to year 3: 212 credits

Extended enrolment

A student advances to the subsequent academic year of study when the following conditions have been met:

- Year 1 to year 2: 60 credits (of which 36 credits must be non-core).
- Year 2 to year 3: 122 credits (of which 61 credits must be non-core).
- Year 3 to year 4: 146 credits.

2.8 Requirements for Qualification Award

This qualification will be awarded to candidates credited with a minimum of 363 credits and who have met all other UNAM requirements.

2.9 Career Opportunities

Upon successful completion of the qualification, students should be able to find employment in the State at Central-, Regional and Local Level; private sector, and civil society sectors as:

- Diplomats
- Politicians
- Development planners
- Community activists
- Parliamentary clerks
- Community Activists

Comparative Political Economy	G3752PE
--------------------------------------	----------------

NQF Level: 7 Credits: 16 Contact hours: 4 hours per week Module Assessment: Continuous Assessment 50% (at least two assessments) 1x test, 1 x presentation Examination (50%): 1x 3h paper Pre-requisites: G3631PE Module Description: Key features of the International Political Economy trade; finance; investments and technology Comparative Political Economy Of Regions; European Union (EU); Association of South East Asian Nations (ASEAN); Asia-Pacific Economic Cooperation (APEC); Southern African Development Community (SADC); Economic Community of West African States(ECOWAS) The new emerging countries & economic success; Japan; Malaysia; Indonesia; India; China; Brazil; Russia; ; Mexico; Argentina and selected African states The BRICS & the World Economy; the alliance of emerging powers in the international economy
--

Peace and Conflict Studies	G3752PC
-----------------------------------	----------------

NQF Level: 7 Credits: 16 Contact hours: 4 hours per week Module Assessment: Continuous Assessment 50% (at least two assessments) 1x test, 1 x presentation Examination (50%): 1x 3h paper Pre-requisites: G3751PA Module Description: Module Content Introduction To Conflict Resolution: Concepts And Definitions; Conceptualizing ; Conflict containment; Conflict Resolution; Conflict Transformation; Negotiation Visions of Peace; Zones of Instability Researching Conflict; The Conflict Domain; Measuring Peace and Peacefulness; Measuring State Fragility; Conflict Trends; Conflict Types; Conflict Distribution; Terrorism and Conflict. Understanding Contemporary Conflict; Edward Azar's Theory of Protracted Social Conflict (PSC); An Interpretative Framework for Transnational Conflict (TNC); The Arab Revolutions, 2011-2014: A Case Study. Resources Wars; Wars of greed; ; Transnational Orgnaised Crime; Proto-nationalism Feminist Understanding of Violence; Violence against Women; Construction of Gender Identities Masculine and Feminine Values; Patriarchy and Domination; Feminist Critique of the World Order Women and the Military Cosmopolitan Conflict Resolution; Towards Cosmopolitan Conflict Resolution; The Nature of the International Collectivity; The Arrow of the Future; Conflict Resolution and World Politics; Conflict Resolution and International Institutions; Conflict Resolution and International Law
--

Practical Engagement	W3700IC
-----------------------------	----------------

NQF Level: 7 Credits: 24 Contact hours: 240
--

Module Assessment: Continuous Assessment 100%

Pre-requisites: None

Module Description:

The following the aspects to be considered within practical engagement

Quality of Work: The degree to which the student's work is thorough, accurate, and completed in a timely manner. **Ability to Learn:** The extent to which the student asks relevant questions, seeks out additional information from appropriate sources, understands new concepts/ideas/work assignments, and is willing to make needed changes and improvements. **Initiative and Creativity:** The degree to which the student is self-motivated, seeks out challenges, approaches and solves problems on his/her own, and develops innovative and creative ideas/solutions/options. **Character Traits:** The extent to which the student demonstrates a confident and positive attitude, exhibits honesty and integrity on the job, is aware of and sensitive to ethical and diversity issues, and behaves in an ethical and professional manner. **Dependability:** The degree to which the student is reliable, follows instructions and appropriate procedures, is attentive to detail, and requires supervision. **Attendance and Punctuality:** The degree to which the student reports to work as scheduled and on-time. **Organizational Fit:** The extent to which the student understands and supports the organization's mission, vision, and goals; adapts to organizational norms, expectations, and culture; and functions within appropriate authority and decision-making channels. **Response to Supervision:** The degree to which the student seeks supervision when necessary, is receptive to constructive criticism and advice from his/her supervisor, implements suggestions from his/her supervisor, and is willing to explore personal strengths and areas for improvement. **Engagement in applied work** within the community/ organisation

Western Political Philosophy	G3631PW
-------------------------------------	----------------

NQF Level: 6 **Credits:** 16 **Contact hours:** 4 hours per week

Module Assessment: A minimum of one (1) test which counts 50% towards the continuous assessment, one (1) individual assignment which counts 20% towards the continuous assessment and one (1) group assignment which counts 30% towards the continuous assessment.

Examination (50%): 1x 3h paper

Pre-requisites: None

Module Description:

Introduction to Western Political Thought: This topic introduces students to the foundational ideas, thinkers, and key themes that have shaped political theory in the Western tradition, from ancient Greece to modern times.

The Distribution of Property: This section examines how political philosophers, particularly Locke and Marx, have theorized the ownership, control, and distribution of property in society, and its implications for justice and inequality.

The State of Nature: This topic explores the hypothetical condition before the establishment of political authority, as discussed by Hobbes, Locke, and Rousseau, to understand human nature and the necessity of governance.

Justifying the State: This section investigates the various philosophical arguments for the legitimacy of the state and political authority, including social contract theories and utilitarian perspectives.

Who Should Rule?: This module also unpacks the different models of governance proposed by thinkers like Plato and Mill, focusing on the criteria for political leadership and authority, such as wisdom, democracy, or meritocracy.

The Place of Liberty: This addresses the central political concept of liberty, examining its different interpretations (positive vs. negative liberty) and the balance between individual freedom and state authority.

Importance of Ideas: This focuses on the role of political ideas and ideologies in shaping political systems and influencing social change, highlighting the power of thought in political movements and revolutions.

Political Sociology	G3631PS
----------------------------	----------------

NQF Level: 6 **Credits:** 14 **Contact hours:** 4 hours per week

Module Assessment: Continuous Assessment 50% (at least two assessments) 1x test, 1 x presentation

Examination (50%): 1x 3h paper

Pre-requisites: POL3532

Module Description:

Definition, origin and development of political sociology; Conceptualizing the field of political sociology; Marxist conception of power; Weberian Conception of power; Durkheimian Political Sociology; Types of power; Social class and politics; Conceptualization of power in political sociology

The Relationship of Civil Society and State Institutions

Political and civic participation; Political participation as power; Theories of political participation

Institutional vs. non-institutional forms of political participation; Social capital and political participation; Collective Action

Theories of social movements; Pluralism and classical collective behavior; Elite theory and resource mobilization; Class framework / political process model; Rational choice / postmodern theory; **Social Capital**

Political parties, partisanship and voting; Race and politics; Politics of ethnicity and identity

Class, culture and politics; "Born-frees", inter-generational conflict and politics of subversion

F.1. BACHELOR OF ECONOMICS (Honours) (OLD CURRICULUM) (12 BECN) (phased out 2023)

F.1.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The Bachelor of Economics Degree (Honours) programme aims to produce graduates who are technically and intellectually competent in the applications of economic theories, models and techniques in day to day economic decision making processes. Specifically, the programme will:

- Provide a good understanding of economic concepts and tools that have direct applications to economic issues.
- Develop an understanding of the present interpretations and potential future developments in economic issues.
- Provide students with a basic understanding of economic theory and analytical tools that can be used in decision making processes.
- Sharpen the student's analytical skills through integrating their knowledge of the economic theory with real life economic issues.
- Develop the capacity for quantitative and qualitative analysis, critique and creative thinking in the economics discipline.
- Develop the skills of written and oral presentation, argument and analysis, including other practical skills such as computer skills appropriate for economic discipline.
- Increase the number of the much needed critical mass of trained people in the area of economic research in the country.

F.1.2 CRITERIA FOR ADMISSION

This should be read in conjunction with the General Information and Regulations Prospectus.

- A candidate should be in possession of a grade 12 certificate, with a minimum of **25 points in five subjects** on the UNAM point scale including English with at least a **C symbol**; also a **C symbol in Mathematics** is required.
- A candidate who is in possession with a minimum of **27 points in five subjects** on the UNAM point scale including English with at least a **D symbol in Mathematics** will be considered for admission.
- Admission could also be considered for persons who qualify through the Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Information and Regulations Prospectus.
- Advanced Subsidiary (AS) - 25 points in five subjects including a **C or above in English and a C or above in Mathematics** as compulsory subjects with at least two subjects at AS Level (minimum grade E)

F.1.3 ARTICULATION OPTIONS

This qualification serves as an entry point to the Master of Science degree in economics or any related postgraduate qualification.

F.1.4 ASSESSMENT CRITERIA

For detailed examination, promotion and re-examination rules, consult the General Information and Regulations Yearbook. A candidate will be admitted to the examination in a course if he/she has obtained the required continuous assessment mark of 40%. The Faculty determines the number and form continuous assessment takes. Examinations will be administered at the end of each semester. A candidate passes a course if a final mark of 50% is obtained. The final mark consists of the continuous assessment and the examination mark. The weight ratio between continuous assessment and examination mark is 50:50 respectively.

F.1.5 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

A student will not be re-admitted into the program if he/she has not passed at least 1/3 of the credits by the end of the First year.

F.1.6 ADVANCEMENT AND PROGRESSION RULES

A student advances to the following academic level of study when at least 2/3 of the credits of the curriculum for a specific year have been passed. If a student passed only one third (1/3) of the full curriculum of a specific year, he/she may not register for any courses on the following higher level. In all cases prerequisite for courses have to be passed before a student can proceed to register for courses that require a prerequisite.

- 96 credits out of the 144 credits prescribed for Year 1
- 80 credits out of the 128 credits prescribed for Year 2
- 80 credits out of the 128 credits prescribed for Year 3
- All credits prescribed for the curriculum for Year 4

F.1.7 PASS WITH DISTINCTION

A candidate shall pass a course with distinction if she/he obtains a final mark of 80%.

F.1.8 PRACTICAL AND CLASS ATTENDANCE

The attendance of lectures and practical classes is compulsory.

No exemption from class attendance shall be given to a student because of employment.

F.1.9 MAXIMUM NUMBER OF COURSES PER YEAR

A student can register for all courses (128 credits) in a year.

F.1.10 REQUIREMENTS FOR QUALIFICATION AWARD

This qualification will be awarded to candidates who pass all the modules offered on the program with a total of 128 credits. All the modules offered on this program are compulsory.

F.1.11 IMPLEMENTATION STRATEGY

The program is already existing and running during the day (face to face) mode.

F.1.12 CAREER OPPORTUNITIES

Economist, Economic help desk Officer, Trade Analyst, Economic Development Planner, etc.

F.1.13 MODE OF DELIVERY

The Bachelor of Economics degree is a four-year programme offered during the day through face to face mode.

F.1.14 DURATION OF STUDY

The Bachelor of Economics degree (Honours) cannot be obtained in less than FOUR years. The degree must be completed within SIX YEARS of full-time registration.

EXEMPTIONS: Candidates holding a **three-year diploma** in Economics from any recognized institution may be exempted from all first year courses as determined by the Department, **except** for Business Mathematics (BCM3579) and English Communication and Study Skills if they do not offer it. The Faculty has the right to amend the curriculum for academic and professional reasons.

F.1.15 CURRICULUM

The curriculum for the Bachelor of Economics degree (Honours) consists of **THIRTY FOUR (34)** courses

TEN (10) courses (equivalent to 144 credits) must be offered on the first-year level

EIGHT (8) courses (equivalent to 128 credits) must be offered on the second-year level

EIGHT (8) courses (equivalent to 128 credits) must be offered on the third-year level

EIGHT (8) courses (equivalent to 128 credits) must be offered on the fourth-year level

COURSE CODES AND RESTRICTIONS ON COURSES

Kindly note that: UCSI3580 IS A YEAR MODULES OFFERED IN BOTH SEMESTERS

Course code	Course	NQF Level	Credits	Compulsory (C) Electives (E)	(Co-requisite)/ Pre-requisite
YEAR 1 : SEMESTER 1					
ULCE3419	English Communication & Study Skills	4	16	C	None
CAFE3581	Fundamentals of Accounting A	5	12	C	None

F.1.16 Syllabi

YEAR 1 : SEMESTER 1		
FUNDAMENTALS OF ACCOUNTING A	CAFE3581	EQUIVALENT: CAFE3511
NQF Level: 5	Credits: 12	Contact hours: 3 hours & 1 hour tutorial per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	
Module Description:		

The detailed contents are as follows: Introduction to the basic principles of accounting – nature and function of accounting and accounting theory, the history and development of accounting, the statements of financial position and of comprehensive income and of changes in equity and its elements. Determining the information needs of different users, Collecting and processing accounting data, the accounting cycle, designing source documents, Journalising, posting entries from journal to the ledger, Creating subsidiary ledgers and Control accounts and Compiling a trial balance before adjustments. Determining and recording adjustments. Recording closing entries, compiling a worksheet in the closing-off procedure and compiling a post-closing trial balance. Preparing financial statements for a sole proprietor, non-profit organisations and trading and service entities. The cost concept - determination of the Cost of Goods Sold (COGS). Creating a complete accounting system that will fulfil the requirements of a specific entity.

BUSINESS MATHEMATICS	CBCM3571
-----------------------------	-----------------

NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous Assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper)	
Pre-requisites:	None	

Module Description:

Number systems; operations on whole numbers, integers and fractions; powers and roots; measurements (length, mass, capacity, temperature) and mensuration (area and volume); rates and ratios; basic set theory; basic algebraic operations; linear and quadratic equations; linear inequalities; linear functions and graphs; simple and compound interest; single and regular investments; hire purchase and loans; arithmetic and geometric sequence.

BASIC MICROECONOMICS	CEMI3571
-----------------------------	-----------------

NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	None	

Module Description:

Economics is the study of how society allocates scarce resources to satisfy the wants of its members for goods and service. As such, it is a subject concerned with issues of both efficiency and equity. An efficient economy gets the most it can from its scarce resources; an equitable economy fairly distributes the benefits of its resources among its members. Is the economy efficient? Is the economy fair? The course aims to introducing students to key concepts used in microeconomics and facilitate a basic understanding of the economic phenomena. The course is designed to help students understand that society's economic choices often involve trade-offs between efficiency and equity.

YEAR 1 : SEMESTER 2

PRINCIPLES OF MANAGEMENT	CMPP3572
---------------------------------	-----------------

NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50% (Minimum of 2 tests and 1 assignment)	
Pre-requisite:	None	

Module Description:

Students will also be exposed to the various functions of management which are planning, organising, leading and control. As management forms part and parcel of our daily lives, students are expected to keep abreast with the latest developments in terms of local and international media and how it impacts on businesses, looking at the social, economic, political and cultural environments. Additional topics to be covered in this module are: introduction to various forms of entrepreneurship, religion and business world and business management, various economic systems, business counselling, coaching and networking. Above all students will be introduced to the history and evolution of the theories of management.

BASIC MATHEMATICAL ECONOMICS	CEEM3572
-------------------------------------	-----------------

NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Basic Mathematics (CBCM 3571) (Co-requisite)	

Module Description:

This course, which will run through the second semester of the first year, introduces the student to functions, derivatives, integration and matrix algebra. It presupposes knowledge of basic mathematics. The contents are: Functions: Remainder and factor theorem with applications i.e. drawing graphs of cubic functions. Derivatives: Definition; differentiation rules; higher order derivatives, application of derivatives (maxima and minima, stationary points, price elasticity) functions of more than one variable. Integration: Definition; integration rules; applications of integrals; numerical integration (trapezium rule). Matrices: Definition; matrix operations; inverse of matrix, Gauss reduction; applications.

BASIC MACROECONOMICS	CEMA3572
-----------------------------	-----------------

NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment	

Examination 50%: 1 x 3 hour examination paper
None

Pre-requisites:

Module Description:

This course introduces basic concepts and tools used in macroeconomic analysis: the theory, measurement, and determination of national income; business cycles; the multiplier; fiscal policy, budget deficits, and the national debt; aggregate supply and aggregate demand; money, banking, and monetary policy; exchange rates and balance of payments accounts; and stabilization policy for unemployment and inflation.

YEAR 2 : SEMESTER 1		
INTERMEDIATE MATHEMATICAL ECONOMICS I	CEEM3671	EQUIVALENT: CEEM3651

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Business Mathematics (CBCM3571), Basic Mathematical Economics (CEEM3572), Basic Microeconomics (CEMI3571) and Basic Macroeconomics (CEMA3572)

Module Description:

This course, which will run through the first semester of the second year, will cover static and comparative static non-goal equilibrium analyses. It presupposes knowledge of total and partial techniques of differentiation (Differential Calculus). Static (equilibrium) analysis: A linear partial market equilibrium model; a non-linear partial market equilibrium model; general market equilibrium; a two – commodity market model; national income equilibrium model; linear models and matrix algebra. Comparative static analysis: Comparative static analysis of general function models; applications of partial differential calculus to comparative static analysis; national income model; input-output model; IS-LM analysis of a closed economy; IS-LM analysis of an open economy.

INTERMEDIATE MICROECONOMICS I	CEMI3671
-------------------------------	----------

NQF Level: 6 **Credits:** 16 **Contact hours:** 4 lectures per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Microeconomics (CEMI3571), Basic Macroeconomics, (CEMA3572)and Basic Mathematical Economics (CEEMI3572)

Module Description:

Microeconomics is a sub-field of economics concerned with the behaviour of households and firms and the interaction of buyers and sellers in various types of markets. It deals with how households and firms make decisions and how their interactions determine market prices. The prices in turn determine the allocation of scarce resources and their benefits. The course aims at providing students with a good foundation of the microeconomics analysis and to familiarize students with the key concepts of microeconomics theories. The behaviour of individuals and firms are analysed under the assumptions of maximization of consumer's utility and profit of the firms. Contents: 1: Introduction, 2: Consumer theory; 3. Theory of the firm; 4. Production; 5. Cost; 6. Perfect competition; 7. Monopoly; 8. Imperfect Competition.

INTERMEDIATE MACROECONOMICS I	CEMA3671
-------------------------------	----------

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours lecture for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Microeconomics (CEMI3571), Basic Macroeconomics (CEMA3572), and Basic Mathematical Economics (CEEMI3572)

Module Description:

Macroeconomics will be presented in three inter-related parts. The first part will cover an analysis of the *real sector* of the economy. That is, an analysis of what happens in the market for goods and services. The course will cover the following issues in macroeconomics; Scope and methodology of macroeconomic analysis, goals of macroeconomic policy and schools of macroeconomic thought, National income accounting (Measurement of GDP, GNP, nominal growth, real growth and the rate of inflation), Analysis of changes in the level of economic activity (Injections into and withdrawals from the national income stream), Keynesian expenditure multipliers, Consumption theories, and Investment theories. This course will run through the first semester.

ECONOMIC STATISTICS I	CEST3671	EQUIVALENT: CABA3631
-----------------------	----------	----------------------

NQF Level: 6 **Credit:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Basic Microeconomics (CEMI3571), Basic Macroeconomics (CEMA3572), Basic Mathematical Economics (CEEM3572) and Business Mathematics (BCM3579)

Module Description: The detailed contents are as follows:

The course involves some use of mathematical and computer tools. This course is designed for students majoring in economics, to many applications of descriptive and inferential statistics. The definition of statistics is that it involves organizing, presenting, analysing and summarizing the data in an informative way, while inferential statistics can be used to determine something about population characteristics on the basis of a sample. A very important part of the course involves giving students a practical know-how on to apply Microsoft Excel to work with the economic data.

YEAR 2 : SEMESTER 2		
INTERMEDIATE MATHEMATICAL ECONOMICS II	CEEM3672	EQUIVALENT: CEEM3652
NQF Level: 6	Credits: 16	Contact Hours: 4 lectures and 1 tutorial per week for 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Business Mathematics (CBCM3571), Basic Mathematical Economics (CEEM3572), Basic Microeconomics (EMI3571) and Basic Macroeconomics (EMA3572) and Intermediate Mathematical Economics I (CEEM3671) (Co-requisite)	
Module Description:		
This course, which will run through the second semester of the second year, will cover optimization, which is goal-equilibrium analysis. It presupposes knowledge of total and partial differentiation techniques. Contents:		
1. Optimization problems: Optimum values and extreme values; relative maximum and minimum turning points; first - and second - derivative tests; Maclaurine and Taylor series; n–th derivative test; exponential and logarithmic functions.		
2. Optimization: the case of more than one explanatory variable; economic applications: problem of a multi-product firm, price discrimination, input decisions of a firm; comparative static aspects of optimization; optimization with equality constraints; constraint qualification; and economic applications.		
INTERMEDIATE MICROECONOMICS II	CEMI3672	
NQF Level: 6	Credits: 16	Contact hours: 4 lectures per week for 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Microeconomics (CEMI3571) Basic Macroeconomics (CEMA3572), Basic Mathematical Economics (CEEMI3572) and Intermediate Microeconomics II (CEMI3672) (Co-requisite)	
Module Description:		
This course involves the application of demand and supply to policy issues such as taxation, and price controls. It is relevant to students who have a good grasp of basic microeconomic theory. The course will consist of both theory and case studies drawn from Namibia and other countries. Generally, there is a need for economists to understand the role of government as the policy maker and how its actions affect different economic agents in any economy. Contents: Applications of supply and demand analysis; Allocative efficiency and Market Structure; Market Failure; Labour Market and the different types of actors; Choice under uncertainty; Economics of Information.		
INTERMEDIATE MACROECONOMICS II	CEMA3672	
NQF Level: 6	Credits: 16	Contact Hours: 4 Lecture hours per week for 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Microeconomics (CEMI3571) Basic Macroeconomics (CEMA3572) and Basic Mathematical Economics (CEEMI3572); CEMA3671 Intermediate Macroeconomics I (Co-requisite),	
Module Description:		
This module will cover an analysis of the <i>financial sector</i> of the economy. That is, an analysis of what happens in the market for money and other financial assets. It will also bring together <i>real sector</i> and <i>financial sector</i> analyses, to define <i>general equilibrium of the economy</i> and use it in analysing economic issues and problems as well as possible policy measures to deal with macroeconomic problems. It will run through the second semester. Course Contents: Supply of money; demand for money; general equilibrium of the economy: IS-LM analysis; general equilibrium of the economy: AD-AS analysis; general equilibrium of the economy: Rational Expectations; Inflation and Unemployment.		
ECONOMIC STATISTICS II	CEST3672	EQUIVALENT: CABA3632
NQF Level: 6	Credit: 16	Contact Hours: 4 lectures and 1 tutorial per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Basic Microeconomics (CEMI3571), Basic Macroeconomics (CEMA3572) and Basic Mathematical Economics (CEEM3572)and Economic Statistic I(CEST3672) (Co-requisite)	
Module Description:		
The course involves some use of mathematical and computer tools. This course is designed for students majoring in economics, to many applications of descriptive and inferential statistics. It covers estimation and sampling distributions, estimation of point and intervals, hypothesis testing for one and two populations, Chi-Square tests, simple linear regression and analysis of variance. A very important part of the course involves giving students a practical know-how on to apply Microsoft Excel to work with the economic data.		
YEAR 3 : SEMESTER 1		
ECONOMETRICS I	CETM3771	
NQF Level: 7	Credit hours: 16	Contact hours: 4 lectures per week over 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment	

Examination 50%: 1 x 3 hour examination paper
Economic Statistics I (CEST3671) and Economic Statistics II (CEST3671)

Pre-requisites:

Module Description:

This course aims to introduce the study of economic measurement- in which we apply the real world economic data to economic theory to examine relations among economic variables by means of regression analysis. It will start with the discussion on multicollinearity, heteroscedasticity, and autocorrelation. After that, it will introduce students to model specification, non-linear regression models and qualitative response regression models. A very important part of the course involves giving students a practical know-how on to apply econometric software package such as "Gretl, Eviews, etc." to work with the economic data.

INTERNATIONAL TRADE	CEIT3771
---------------------	----------

NQF Level: 7 **Credits:** 16 **Contact hours:** 4 lectures per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672),
Intermediate Macroeconomics I&II (CEMA3671 & CEMA3672)

Module Description:

The course introduces the students to theories of International trade. This includes the early form of trade by the Mercantilism. It then goes further to look at other trade theories such as The Ricardian model: Factor Productivity and Comparative Advantage; Assumptions of a One-factor Economy; Absolute vs. Comparative Advantage; Gains from Trade; Misconceptions about Comparative Advantage, The Specific factors model: Assumptions; Specific Production Factors; Factor Movements; Income Distribution; Misconceptions about Specific Factors (model), The Heckscher-Ohlin model: Two-factor economy; Assumptions; Factor prices and goods prices; Effects of trade between two-factor economies. The course also introduces students to issues regarding Protection of domestic industries, that is tariff and NTBs protection. The course also examines trade policy and the WTO that is History, WTO and developing countries; main tasks of WTO; Regional Trade Integration.

DYNAMIC QUANTITATIVE ANALYSIS	CEDA3771
-------------------------------	----------

NQF Level: 7 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment will account for 50% of the final mark, obtained from 4 tests.
A 1x3 hour examination at the end of the semester will account for the other 50%.

Pre-requisites: Intermediate Mathematical Economics I & II (CEEM3671 & CEEM3672),
Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

This course, which will run through the first semester of the third year, will cover dynamic analysis. It presupposes basic understanding of integral calculus. Course Content: Dynamic Analysis: Dynamics and integration; indefinite integrals; definite integrals; rules of integration; economic applications: investment and capital formation; present value of a cash flow; present value of a perpetual flow; and Domar Growth Model. Continuous time first-order differential equations: linear differential equations with constant coefficient and constant term; dynamics of market price; variable coefficient and variable term; exact differential equations; Solow Growth Model; and discrete time first-order difference equations.

RESEARCH METHODS & ECONOMIC REPORTING	CERR3771
---------------------------------------	----------

NQF Level: 7 **Credits:** 16 **Contact hours:** 4 hours lecture for week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Economic Statistics I & II (CEST3671 & CEST3672)

Module Description:

The application of learned theories and analytical tools to a concrete research question, either of an academic or a briefing nature, and to put this into the prescribed format of a written Research Paper often poses problems for students. It is also of importance that the formalities of doing a Research Paper are mastered. In their later professional life students will often have to do presentations. Doing research, putting the results into a written standard form, respecting the formalities and presenting the findings to an audience is a matter of knowledge gained through lecturing as well as a matter of ability gained by exercising. The course introduces students to applying economic theory and research methods in an academic paper and in business and policy briefings. The course aims at preparing students for the 4th year Research Paper course as well as for economic and policy briefings to be done in a later non-academic professional career. Thus, the writing of an Exercise Research Paper, with either an academic or a briefing character, and the presentation of the Paper to a student audience is the focus of the course. The didactical methods used in this course are lecturing and exercising.

YEAR 3 : SEMESTER 2

ECONOMETRICS II	CEIM3772
-----------------	----------

NQF Level: 7 **Credit hours:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 2.5 hour examination paper

Pre-requisites: Economic Statistics I (CEST3671), Economic Statistics II (CEST3672) and Econometrics I (CETM3771)(**co-requisites**)

Module Description:

This course aims to introduce the study of economic measurement- in which we apply the real world economic data to economic theory to examine relations among economic variables by means of regression analysis. The course covers General introduction to usage of lags in economic modelling, estimation methods: Maximum likelihood, Generalised least square, problem of Simultaneity and OLS estimators, identification problems, methods of estimating simultaneous equation models and their uses in forecasting and policy, econometric forecasting methods: single equation, simultaneous equation models, exponential smoothing methods, time series econometrics: unit root stochastic process, trend and difference stationary, detecting nonstationary and unit root tests, spurious regression, cointegration and error correction mechanism and panel data.

INTERNATIONAL FINANCE		CEIF3772
NQF Level: 7	Credits: 16	Contact hours: 4 lectures per week for 14 weeks
Module Assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672), Intermediate Macroeconomics I&II (CEMA3671 & CEMA3672)	

Module Description:

The course starts by analyzing the statement of international transactions and highlights the main items that constitute the components of the BOP namely the current, capital and financial accounts. The second component emphasizes the role of exchange rates, as determined by market forces as well as the exchange rates that are fixed, and how policy intervention influence the relative price of foreign currencies. The third component analyses how the BOP can be adjusted through the automatic in- and out-flow of foreign exchange and through policy intervention. The course ends with a focus on the traditional and more recent approaches of exchange rate determination, the empirical testing of these models.

FINANCIAL ECONOMICS		CEFE3772
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 2.5 hour examination paper	
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672), Intermediate Macroeconomics I&II (CEMA3671 & CEMA3672)	

Module Description:

This module acquaints students with the workings of the financial institutions. The contents are: Overview of financial markets (objectives, participants and instruments), financial market institutions. Basic tools for portfolio analysis (concept of risk aversion, investor preferences), mean variance analysis- diversification, risk and return, efficiency frontiers of risky assets etc. Capital asset pricing model (CAPM) – difference between mean variance analysis and CAPM, required return of common stock using CAPM, beta analysis. Factor models and arbitrage pricing theory – concept of arbitrage, hedging portfolio etc. Markets, traders and the trading process - motivation for security trade and the process involved. Fixed income securities – main sources of debt financing, its features, yield to maturity and relation to coupon yields etc. Bond pricing and the term structure of interest rates – spot and forward rates, theories of the term structure of interest rate, pricing of default free bonds. Derivatives: pricing, options and futures, hedging and speculation. Capital structure: sources, gearing and risk, Modigliani- Miller Theorem, valuation models. Agency problem.

NAMIBIAN ECONOMY		CENE3772
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672); and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)	

Module Description:

In Namibian Economy, Namibian issues are analysed in the context of developing countries. Main themes are the characteristics of the Namibian economy and, Namibia in the context of global capitalism. It is a comprehensive survey of the problems and challenges facing the Namibian economy. These include income distribution, population dynamics, sectoral performance, agriculture and land policy, trade policies, external debt, and macroeconomic stability. The course also examines the role of government and market incentives in the development process.

YEAR 4 : SEMESTER 1		
ECONOMIC THEORY AND POLICY I		CEPT3871
NQF Level: 8	Credit: 16	Contact Hours: 4 lectures and 1 tutorial per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	

Pre-requisites: Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672), Intermediate Mathematical Economics I & II (CEEM3671 & CEEM3672) and Intermediate Microeconomics I and II (CEMI3671 & CEMI3672)

Module Description:

This course is designed to help the students to learn how various aggregate economic identities are related, and problems and policy lessons that can be learned from them. Labour market structure issues and policy choices used elsewhere to improve employment. Behavioral theories of macroeconomics, how policies can bring about behavioral changes and impact the economy. To learn about AD and AS and how to use them to study business fluctuations, about demand and supply policies that are used to influence the economy.

MONETARY ECONOMICS	CEMU3871
--------------------	----------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672),
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

This course will introduce students to a basic understanding of monetary theory and working finance institutions. It will also provide students with an elementary understanding of the relationship between money and macroeconomic variables like employment, output, and price.

Course content: Money- Nature, definitions, and the value of money, role of money in the modern economy; Commercial Banking; Other Financial Institutions; Central banking; International banking; The Demand and Supply of Money; The Theory of Inflation; The Theory of Interest Rate Determination; Techniques of Monetary Control; The Administration of Monetary Policy in Namibia; The Transmission Mechanism of Monetary Policy; Strategies of Monetary Policy; Relative Effectiveness of Monetary and Fiscal Policy; Impact of Monetary Policy; Money and the International Economy.

RESEARCH PROJECT	CERP3870	EQUIVALENT: CERM3870
------------------	----------	----------------------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Research Methods and Economic Reporting (CERR3771)

Module Description:

Students will be required to produce a Research Paper of between 7000 and 10 000 words. A student will be allocated a supervisor normally from the Department. The student's supervisor helps the student synthesize his/her ideas into a cohesive work of research coupled with the hypotheses that should be supported by data and its application when warranted. The first stage of the Research Paper involves the preparation of the research proposal which is presented at a seminar organized by the department for that particular purpose. The Supervisor and a Discussant (a knowledgeable person in the field – does not necessarily need to be from UNAM) form the Seminar Committee and allocate a mark which counts for 30% of the Research mark. The other 70% is allocated to the completed research papers which are examinable by a first reader (supervisor) and a second Reader (from UNAM or outside) must approve the proposal beforehand.

YEAR 4 : SEMESTER 2

ECONOMIC THEORY AND POLICY II	CEPT3872
-------------------------------	----------

NQF Level: 8 **Credit:** 16 **Contact Hours:** 4 lectures and 1 tutorial per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672); Intermediate Mathematical Economics I & II (CEEM3671 & CEEM3672) and Intermediate Microeconomics I & II (CEMI3671 & CEMI3672);
Co-requisite: Economic Theory and Policy I (CEPT3871)

Module Description:

This is an important foundation course in economics that will help develop rational approach on microeconomic events as well as on economic and business decision-making. This course will offer theoretical insights into demand, production, exchange and welfare concepts and present their applications wherever possible.

PUBLIC ECONOMICS	CEUP3872
------------------	----------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672) and
Intermediate Mathematical Economics I & II (CEEM3671 & CEEM3672)

Module Description:

This course develops a theoretical framework so that students can analyse both normative questions (what should the state do) and positive questions (what is the impact of state activity, what are the implications of alternative public choices). The draws on the rich sources of innovative developments in state expenditure, project evaluation, taxation, privatisation and accountability those are associated with sectors and tax reforms in LDCs. Specific contents: Market failure; Forms of state intervention in the economy; Economic role of government; Economic effects of government policies; Criteria for policy evaluation; Taxation; Government production; The government sector and stabilization; Government borrowing and monetary conditions.

ECONOMICS OF GROWTH AND DEVELOPMENT		CEGD3872
NQF Level: 8	Credit: 16	Contact Hours: 4 lectures and 1 tutorial per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672) and Intermediate Mathematical Economics I & II (CEEM3671 & CEEM3672)	
Module Description:	This course aims to examine the meaning and measurement of economic growth and development, and the review development theories, growth, intuitional and policies. Develop skills in the application of theoretical and empirical economic growth and development.	

ELECTIVES

AGRICULTURAL ECONOMICS		CEEA3871	EQUIVALENT: CEEA3872
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)		
Module Description:			
This course introduces students to the applications of microeconomics and business management tools to farm operations. The course contains both theory and empirical case studies of farm management, drawn from Namibian and other countries' experiences. It focuses on enterprise budgeting for crops and livestock, analysing farm management risk issues and the concept of time value for money. Topics include the use of budgets in management decisions, such as budget worksheets, and scenario and breakeven analysis. The course also entails the preparation of financial statements and addresses the issue of how to cope with the agricultural risk environment and how to measure risk and the ability to bear risk.			

HEALTH ECONOMICS		CEEH3871	EQUIVALENT: CEEH3872
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)		
Module Description:			
This module demonstrates how theoretical and empirical microeconomics can be applied to health and health care to provide useful insights for health policy. Basic health care economics tools and institutions, health and medical care and spending, demand for medical services, medical care production and costs, benefit and cost analysis, health care systems and institutions, objectives of health care providers, profit maximization in perfectly competitive and imperfect markets, non-profit goals, government and health care programmes, private health insurance industry, physician and hospital and pharmaceutical industries, health care reform, proposals of health care reform, international health care watchdogs.			

ENVIRONMENTAL ECONOMICS		CEER3871	EQUIVALENT: CEER3872
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671& CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)		
Module Description: This course applies theoretical and empirical economic tools to a number of environmental issues. The broad concepts discussed are externalities, public goods, property rights, market failure, and social cost-benefit analysis. These concepts apply to a number of are including non-renewable resources, air pollution, water pollution, solid waste management, and hazardous substances. The valuation of environmental resources; Resource and Environmental and Accounting Environmental impact assessment. Special emphasis is devoted to analysing the optimal role for public policy i.e., coming up with policy to correct for market failures.			
PROJECT APPRAISAL		CEPA3871	EQUIVALENT: CEPA3872

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks
Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper
Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

This course covers project appraisal techniques in seven parts. Part 1 introduces project appraisal and evaluation: what is a project; the project cycle; project planning techniques; project quality factors and basic needs; the measurement of project performance. Part 2 covers investment appraisal techniques: cash flow analysis; private sector appraisal techniques; an introduction to spreadsheet modelling; mutually exclusive projects. Part 3 covers social cost-benefit analysis; basic steps in social cost-benefit analysis; the theoretical basis of social cost-benefit analysis; the social discount rate. Part 4 covers valuation techniques and applications: revealed preference methods; contingent valuation methods; cost effectiveness analysis. Part 5 covers risk & uncertainty analysis in project appraisal; techniques for risk analysis; uncertainty measures; risk and large projects; spreadsheet modeling and risk analysis. Part 6 covers distributional issues and social cost-benefit analysis: measurement of income distribution; theoretical basis for welfare or distributional weighting; multi-criteria analysis. Part 7 covers environmental and social impact assessment (ESIA): impact assessment: tools and techniques; impact assessment, reporting and decision-making.

ENERGY ECONOMICS	CEEE3871	EQUIVALENT: CEEE3872
------------------	----------	----------------------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks
Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper
Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

The course focuses on the technological and cost "fundamentals" of emerging energy technologies, including solar, wind, biomass, oceanic, geothermal, hydropower, fuel cell (hydrogen), nuclear, and other more exotic energy sources. A premise of the course is that a sustainable energy technology must both be technically feasible and economically viable. The course also investigates the technological promise and progress of each technology, as well as its economic opportunities and challenges. It further explores the theoretical and empirical perspectives on individual and industrial demand for energy, energy supply, energy markets, and public policies affecting energy markets. It discusses aspects of the oil, natural gas, electricity, wind solar power and nuclear power sectors and examines energy tax, price regulation, deregulation, energy efficiency and policies for controlling emission.

REGIONAL ECONOMICS	CERG3871	EQUIVALENT: CERG3872
--------------------	----------	----------------------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks
Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper
Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

This course contains both theory and empirical case studies of regional and municipal management drawn from the Namibian economy and other developing economies. It focuses on regional economic theory, neoclassical and neo-keynesian approaches, demand and supply in spatial modification and other theoretical concepts. Topics covered includes: regional economic structure, economic base of regions and municipalities, assessment of economic performance of territory systems; regional growth; economic aspects of localization, location theory; migration as economic factor, classical approaches to the assessment of migration, evaluation of migration by means of human capital, factors having impact on migration; regional policy; its origin and development regional policy supporting territorial convergence and regional policy promoting comparative advantage, traditional and modern approach to regional policy; issues of effectiveness on the level of municipalities, optimum size of cities; property of municipalities and regions its functions in their social and economic development provision of public goods property as an economic tool; and regional finances as a part of public finances and regional budgets.

TRANSPORT ECONOMICS	CEET3871	EQUIVALENT: CEET3872
---------------------	----------	----------------------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks
Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper
Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and
Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

This course applies microeconomic theory to transportation. Topics covered includes demand and demand estimation, cost and cost estimation, pricing and investment, and regulation and deregulation. Applications cover both urban and intercity passenger transportation as well as freight transportation.

URBAN ECONOMICS	CEEU3871	EQUIVALENT: CEEU3872
-----------------	----------	----------------------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks
Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)

Module Description:

The course examines the relationship between the city and the economy. It examines the relationship between urbanization and economic growth. Part one covers urban growth and decline: The rise and fall of industrial cities; The industrial city and social conflict; Planned cities.

Part two covers theoretical foundations: Theory of land rent and land use; Welfare and Ethical aspects of land rent; Theoretical analysis of Urban Structure; Urban areas and industry location; Households in an Urban spatial context; Firms and households location with decentralized employment; Part three covers service industries and metropolitan economics: The growth of the service sector; The role of the public sector; Global shift of services; The globalization and world cities; Command and control centres of the global economy; The national economy and capital cities; Part four covers the relationship between the cities and the national economy. It also covers issues on challenges from globalization.

ECONOMICS OF COMPETITION AND MARKET REGULATION		CECR3871
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)	

Module Description:

In recent years competition and market regulation are re-emerging in economics as an important subject area. It is a branch of applied micro-economics specializing in questions related to imperfect competition, effect of market structure on behaviour of firms, concentration & monopoly power, cartel formation, anti-competitive practices and anti-trust issues. The revolution in the field is related to the development of non-cooperative game theory which allows economists to study strategic behaviour of firms in the market. This course focuses on strategic competition between firms, how this is related to market structure and market power and the implications for public regulation of industries as well as the consequences of such regulation.

MINERALS AND MINING ECONOMICS		CEMM3871
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	Intermediate Microeconomics I & II (CEMI3671 & CEMI3672) and Intermediate Macroeconomics I & II (CEMA3671 & CEMA3672)	

Module Description:

The module will provide students with a deeper understanding of the economics of several minerals vital to Namibia's economy and to consider macroeconomic and microeconomic issues of importance to a mining dependent economy. Students will be taught how to undertake mine evaluation from a commercial as well as economic standpoint.

UNAM CORE MODULES

SEE CONTENT OF UNAM CORE MODULES INFORMATION ON PAGES 88 – 89

CONTEMPORARY SOCIAL ISSUES	UCSI3580
COMPUTER LITERACY	UCLC3509
ENGLISH COMMUNICATION AND STUDY SKILLS	ULCE3419
ENGLISH FOR ACADEMIC PURPOSES	ULEA3519

G.1 BACHELOR OF BUSINESS ADMINISTRATION (Honours) (OLD CURRICULUM) (12BBAD) (phased out 2023)

G.1.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The BBA program aims at developing student's intellectual ability, executive personality and managerial skills through an appropriate blending of business and general education. The program assists the student in understanding and developing the unique leadership qualities required for successfully managing business functions, an organizational unit or an enterprise. The specific objectives of the program are to:

- Produce up-to-date, assertive and effective executives for business and other organizations and
- Prepare students for higher studies in business at home and abroad.

G.1.2 CRITERIA FOR ADMISSION

- In conjunction with the Academic Conditions in the General Information and Regulations Yearbook, to register for the Bachelor of Business Administration degree, a candidate must hold a valid NSSC Certificate or any other relevant qualification. English is a compulsory subject and should normally be obtained at NSSC (English as a second Language) grade C or better, or a grade D or Better at NSSC (English First Language) level.
- A candidate should obtain a minimum of 25 points in five subjects on the UNAM Point Scale to be admitted. However, if the minimum of 25 points is obtained, it does not necessarily ensure and or guarantee admission. Entrance is based on availability of places within the department and awarded on the basis of merit.
- The Faculty reserves the right to interview students before admission. Admission could also be considered per persons who qualify through Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Regulations. A special application form is available for this purpose.
- Advanced Subsidiary (AS) - 25 points in five subjects including a C or above in English as a compulsory subject with at least two subjects at AS Level (minimum grade E).

G.1.3 ASSESSMENT CRITERIA

A candidate will qualify to sit for final examination upon obtaining 40% mark of continuous assessment. A candidate will also pass the course if s/he obtains 50% of the overall mark (after the combination of the continuous assessment mark and the examination marks) provided the continuous assessment mark was not less than 40%. The continuous assessment and final examination marks have a weight ratio of 50% each.

G1.4 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO FACULTY

For readmission into the faculty a student should have passed:

- *At least 48 credits by the end of first year; however, for readmission into the program this must include at least the Principles of Management- (MPP3579) module*
- *At least 144 credits by the end of second year;*
- *At least 240 credits by the end of third year;*
- *At least 336 credits by the end of fourth year;*

G1.5 REQUIREMENTS FOR QUALIFICATION AWARD

The Bachelor of Business Administration (Honours) cannot be obtained in less than four years of full time study and the programme must be completed in five years of registration. The graduation of the programme requires 548 credits for successful completion in line with the NQA requirements for a level 8 qualification.

G1.6 EXAMINATION REGULATIONS

For detailed examination, promotion and re-examination rules, consult the General Information and Regulations Yearbook. A candidate will be admitted to the examination in a course if he/she has obtained the required continuous assessment mark of 40%. The Faculty determines the number and form continuous assessment takes. Examinations will be administered at the end of each semester.

G1.7 ACADEMIC ADVANCEMENT AND PROGRESSION RULES

A student advances to the following academic level of study when at **of a specific year, he/she may not register for any courses on the following higher level.** That means s/he must pass:

- 88 credits out of 136 credits at the end of the first year
- 88 credits out of 136 credits at the end of the second year
- 88 credits out of 136 credits at the end of the third year
- All credits prescribed for the curriculum for Year 4.

A student will not be allowed to register for more than 12 courses per year.

G1.8 ARTICULATION OPTIONS

This qualification serves as an entry point to the following related qualifications:

Masters programmes in Business Administration/Management Sciences of the University of Namibia or other recognized Universities.

This qualification provides credits for the following related qualifications:

Any relevant Level 8 in Business Administration/Management Science of the University of Namibia or other recognized University.

G1.9 IMPLEMENTATION STRATEGY

The revised programme will phase is gradually so that current students can graduate on the Old curriculum with the first year students to be implemented in 2012. Students registered before 2012, will be given an opportunity to finish Managerial Economics and

Business Economics within two years after the implementation of the Bachelor of Business Administration (Honours) Degree. **The students who have not passed Managerial Economics and Business Economics by the end of 2013 will follow the new curriculum.**

G1.10 MODE OF DELIVERY

The programme is offered via two modes of delivery: Face-to-face / Full time and Distance learning. Contact learning requires that students attend classes at the Main campus of Windhoek, Rundu Campus and our Southern Campus in Keetmanshoop. Face-to-face tuition will be offered by qualified lecturers, and opportunities for engaging with fellow students are provided. Distance learning is more suited to students who live too far from the campus to attend classes, or who are unable to commit to attendance. Distance students will be supported by tutors who are available via email or, if necessary, telephone as well as vacation classes. DVDs of select lecture sessions may also be made available to distance students.

G1.11 DURATION OF STUDY

The Bachelor Business Administration degree cannot be obtained in less than FOUR years. The degree must be obtained within SIX YEARS of full-time registration. However, candidates holding a two-year diploma in Entrepreneurship and New Venture Management or any diploma in the related field from the faculty of Management Science may be exempted from all first year as determined by the Department. The Faculty has the right to amend the curriculum for academic and professional reasons.

G1.12 SUMMARY OF CHANGES & NEW COURSES

Rational for proposes changes and revisions

Business Economics (CMBE 3672) and Managerial Economics (CMMI 3771)

Management Accounting (CAAM 3691) is proposed to replace **Business Economics (CMBE 3672)** and **Entrepreneurship (CMRE 3771)** replaces **Managerial Economics (CMMI 3771)**. The department observed that students are acquiring adequate knowledge in **Basic Micro Economics (CEMA 3571)** and **Basic Macro Economics (CEMA 3572)**, hence this change.

Students failing Business Economics (CMBE 3672) and Managerial Economics (CMMI 3771) in the old curriculum will be given opportunity to repeat. New intakes from 2012 will adopt the new curriculum.

Banking and Finance (CMBF 3771) and Banking and Finance (CMBF 3772)

These two modules were added to the BBA curriculum. This addition was necessary because the department observed that Banking and Finance was inadequately integrated into the curriculum compared to Marketing and Human resources Management.

Business Accounting (CMBA 3671) and Business Accounting (CMBA 3672)

In addition, **Financial Accounting 1A (CAFE3691)** and **Financial Accounting 1B (CAFE3692)** are proposed to replaced **Business Accounting (CMBA 3671)** and **Business Accounting (CMBA 3672)**. Department observed that this two modules will help the students acquire adequate knowledge in Accounting.

The proposed modules in Accounting, for example, Fundamentals of Accounting 1A and 1B, Financial Accounting 1A and 1B, Management Accounting 1A and 1B might address the inadequacies BBA students experience in Financial Management.

Research Paper was replaced by Research Project (CMRM3870)

Kindly note that: ULEG2410 AND UCSI3580 ARE YEAR MODULES OFFERED IN BOTH SEMESTERS

G1.14 Syllabi

YEAR 1 : SEMESTER 1		
FUNDAMENTALS OF ACCOUNTING A		EQUIVALENT: CAFE3511
NQF Level: 5	Credits: 12	Contact hours: 3 hours & 1 hour tutorial per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	
Module Description: The detailed contents are as follows: Introduction to the basic principles of accounting – nature and function of accounting and accounting theory, the history and development of accounting, the statements of financial position and of comprehensive income and of changes in equity and its elements. Determining the information needs of different users, Collecting and processing accounting data, the accounting cycle, designing source documents, Journalising, posting entries from journal to the ledger, Creating subsidiary ledgers and Control accounts and Compiling a trial balance before adjustments. Determining and recording adjustments. Recording closing entries, compiling a worksheet in the closing-off procedure and compiling a post-closing trial balance. Preparing financial statements for a sole proprietor, non-profit organisations and trading and service entities. The cost concept - determination of the Cost of Goods Sold (COGS). Creating a complete accounting system that will fulfil the requirements of a specific entity.		
BASIC MICROECONOMICS		CEMI3571
NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	None	
Module Description: Economics is the study of how society allocates scarce resources to satisfy the wants of its members for goods and service. As such, it is a subject concerned with issues of both efficiency and equity. An efficient economy gets the most it can from its scarce resources; an equitable economy fairly distributes the benefits of its resources among its members. Is the economy efficient? Is the economy fair? The course aims to introducing students to key concepts used in microeconomics and facilitate a basic understanding of the economic phenomena. The course is designed to help students understand that society's economic choices often involve trade-offs between efficiency and equity.		
BUSINESS MATHEMATICS		CBCM3571
NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous Assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper)	
Pre-requisites:	None	
Module Description: Number systems; operations on whole numbers, integers and fractions; powers and roots; measurements (length, mass, capacity, temperature) and mensuration (area and volume); rates and ratios; basic set theory; basic algebraic operations; linear and quadratic equations; linear inequalities; linear functions and graphs; simple and compound interest; single and regular investments; hire purchase and loans; arithmetic and geometric sequence.		
YEAR 1 : SEMESTER 2		
PRINCIPLES OF MANAGEMENT		CMPP3572
NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50% (Minimum of 2 tests and 1 assignment) Examination (50%): 1 x 3 hour paper)	
Pre-requisite:	None	
Module Description: This course will expose students to the various functions of management which are planning, organizing, leading and control. As management form part and parcel of businesses, students will be exposed to the business environment looking at the macro and micro, social, economic, political and cultural environments. Additional topics to be covered in the module are: introduction to various forms of entrepreneurship, the four core functions of businesses such as Human Resources (HR), and marketing, finance and operations management. Various economic systems shall be discussed in detail. Above all students will be introduced to the history and evolution of the theories of management.		
FUNDAMENTALS OF ACCOUNTING B		EQUIVALENT: CAFE3512
NQF Level: 5	Credits: 12	Contact hours: 3 hours & 1 tutorial hour per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	None	
Module Description:		

The detailed contents are as follows: Introduction to the framework for the preparation and presentation of financial statements (FRW), financial position, financial performance, determining profit and preparing financial statements, accounting for current and non-current assets – cash and cash equivalents, trade and other receivables, inventory, property, plant and equipment and other non-current assets, accounting for current and non-current liabilities. Introduction to VAT (Value Added Tax). Inventory systems.

BASIC MACROECONOMICS		CEMA3572
NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	None	
Module Description:	This course introduces basic concepts and tools used in macroeconomic analysis: the theory, measurement, and determination of national income; business cycles; the multiplier; fiscal policy, budget deficits, and the national debt; aggregate supply and aggregate demand; money, banking, and monetary policy; exchange rates and balance of payments accounts; and stabilization policy for unemployment and inflation.	

YEAR 2 : SEMESTER 1 ORGANIZATIONAL BEHAVIOUR A		CMBO3671
NQF Level: 6	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisite:	Principles of Management (CMPP 3572)	
Module Description:	The module will focus on the following topics: Introduces Organizational behavior to students by looking at several themes that are current in contemporary organizational life. It looks at concepts, theories and techniques as applied in management of organizations. Specific topics will be determinants of organizational performance (teamwork, motivation, rewards, job design, job satisfaction etc.), organizations and the environment, Organizational cultures, structures and processes, and management of growth and decline.	

FINANCIAL ACCOUNTING 1A		CAFE3691	EQUIVALENT: CMBF3671
NQF Level: 6	Credits: 12	Contact hours: 3 hours lecture & 1 tutorial per week for 14 weeks	
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper		
Pre-requisites:	Fundamentals of Accounting A & B (CAFE3581/2)		
Module Description:	The detailed contents are as follows: Review of business entities financial reporting: financial statements of partnerships – establishment of a partnership, financial statements, admission and/or retirement of a partner, dissolution, insolvent partner, piecemeal liquidation. Introduction to close corporations covering – formation, operation, introduction to taxation, deregistration and liquidation, accounting records and financial statements. Branches/Sector accounting, Manufacturing companies covering - cost statements, preparing the income statement. Introduction to companies – formation, operation, introduction to taxation, share and debenture transactions, accounting records and financial statements, deregistration and liquidation. Conversions of various types of enterprises – partnership into a company, partnership into a close corporation, company into a close corporation and vice versa.		

COMMERCIAL LAW A		CACL3631
NQF Level: 6	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50% (Minimum 2 tests and 1 assignment) Examination 50% (1 x 3 hour examination paper)	
Pre-requisite:	None	
Module Description:	Introduction to the theory of Law, the definition of the concept of "law", the various sources of Namibian law. Customs, legislation (statute), common law etc. as sources of Namibian law. Direct and indirect sources of law, the various divisions of our law. The administration of justice in Namibia. The hierarchy of the Namibian courts .The general principles of natural justice "audi alteram partem rule". The law of contract, definitions of a contract and the requirements for the conclusion of a valid contract: consensus, contractual capacity, lawfulness, possibility of performance, formality. Termination of contractual relations: agreement, setoff, death, insolvency, suppressing impossibility etc. Various forms of breach of contract: mora creditors, moradebitoris, defective performance, prevention of performance, repudiation. Remedies for breach of contract .specific performance as a remedy for breach of contracts and other potential remedies availed to an aggrieved party.	

BUSINESS STATISTICS A		CABA3691	EQUIVALENT: CABA3631
NQF Level: 6	Credits: 12	Contact hours: 3 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper		

Pre-requisites: Business Mathematics (CBCM3571)

Module Description:

The detailed contents are as follows: This course introduces the students to the fundamental of statistics. Topics include: Data and Statistics, Collection of data, Presentation of data, Frequency distributions, Scatter diagrams and Cross tabulations, Measures of central tendency, Measures of dispersion/variation, Probability theory and Probability distributions(Binomial, Poisson, Exponential and Normal).

MANAGEMENT ACCOUNTING 1A	CAAM3691	EQUIVALENT: CAAM3651
--------------------------	----------	----------------------

NQF Level: 6 **Credits:** 12 **Contact hours:** 3 hours lecture & 1 tutorial per week for 14 weeks

Module assessment: Continuous assessment (50%): two tests and one assignment
Examination (50%): 1 x 3 hour paper

Pre-requisites: None

Module Description:

Introduction to Cost and Management Accounting: cost concepts and cost flows, cost behaviour and systems for recording and controlling costs, product and period costs, and prime and conversion costs: Material and labour costs: raw material costs and inventory management, inventory levels, purchasing and storage of inventory, selective inventory control techniques; Payroll accounting and methods of compensation, individual and group incentive plans, fringe benefits, learning curves and cost estimation; Accounting for overhead costs: identification and coding of overheads, collection, allocation, apportionment and absorption of overheads, cost drivers and overhead costs, production, administration and marketing overheads. Activity based costing: activity based costing defined, comparison between traditional and activity based costing systems, activities and transactions as cost drivers, strengths and weaknesses of activity based cost system. Job order costing: Contract costing: main features of contracts and types of contracts, cost calculation for contracts, methods of determining profit for incomplete contracts, contract cost accounts.

YEAR 2 : SEMESTER 2

ORGANIZATIONAL BEHAVIOUR B	CMBO3672
----------------------------	----------

NQF Level: 6 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Co-requisite: Organizational Behaviour A (CMBO 3671)

Module Description:

Module Description:

The module will focus on the following topics: Change - causes and management of change; organizational development (OD); learning organizations; resistance to change; overcoming resistance to change. Workforce diversity – case for diversity; ethical and social responsibilities; economic considerations; knowledge and skill factors; characteristics of successful diversity management Power, politics and conflict resolution – sources of power; empowerment; power, politics and morality; forms of political manipulations and management of politics. Different types of leaders– principles and value systems; disintegration and integration processes; elements of conceptual framework; forms of leadership styles.

FINANCIAL ACCOUNTING 1B	CAFE3692	EQUIVALENT: CAFE3632
-------------------------	----------	----------------------

NQF Level: 6 **Credits:** 12 **Contact hours:** 3 hours lecture & 1 tutorial per week for 14 weeks

Module assessment: Continuous assessment (50%): two tests and one assignment
Examination (50%): 1 x 3 hour paper

Pre-requisites: Fundamentals of Accounting A & B (CAFE3581/2)

Module Description:

The detailed contents are as follows: The framework for the preparation and presentation of financial statements (FRW) – underlying assumptions, definitions of assets, liabilities, equity, income, expenses, recognition of the elements of financial statements, preparation and presentation of financial statements (specific reference to auditors', directors' and other reports), Introduction to the Statement of cash flow), analysis and interpretation of financial statements.

COMMERCIAL LAW B	CACL3632
------------------	----------

NQF Level: 6 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment (50%): two tests and one assignment
Examination (50%): 1 x 3 hour paper

Pre-requisites: None

Module Description:

The detailed contents are as follows; Special contracts, deed of Sale, The essentialia for the creation of a contract of purchase and sale. Establishment of the price to the merx (things) and intentions to buy and sell. Lease agreements, obligations of the parties to a lease agreement "Huurgraatvoorkoop rule" Negotiable instruments, Definitions of a negotiable instrument and the requirement of a negotiable instrument. The parties to a negotiable instrument. Type of negotiable instrument. Credit Agreements, Hire- purchase

agreements, Formation of a credit agreement. The consequences of a credit agreement. Labour Law The employment contract: definition and the parties thereto, The duties of the employer and employee after conclusion of the employment contract. Termination of the contract of employment.

BUSINESS STATISTICS B		CABA3692	EQUIVALENT: CABA3632
NQFLevel: 6	Credits: 12	Contact hours: 3 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper		
Pre-requisites:	Business Mathematics (CBCM3571) &Co-requisite: CABA3691		

Module Description:

The detailed contents are as follows: This course introduces the students to the fundamental of statistics. Topics include: Sampling and Sampling distributions, Interval Estimation, Hypothesis Testing (mean and proportion), Inferences about population variances, Tests of goodness of fit and independence, Simple linear regression and index numbers.

MANAGEMENT ACCOUNTING 1B		CAAM3692	EQUIVALENT: CAAM3652	
NQF Level: 6	Credits: 12	Contact hours: 3 hours lecture & 1 tutorial per week for 14 weeks		
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper			
Pre-requisites:	Management Accounting 1A (CAAM 3691)			

Module Description:

The detailed contents are as follows: Process Costing I: preparing cost of production reports, valuation of WIP and ending inventory, FIFO and average cost methods, equivalent production, normal and abnormal wastage, abnormal gain, Process Costing II: costing for joint and by products, short term decisions for joint products, spoilage, reworked units and scrap. Absorption and variable costing: introduction to variable and absorption cost models, difference between variable and absorption costing methods, variable costing and cost behaviour, calculating profit under variable and absorption costing methods, reconciliation of profits under variable and absorption costing methods. Standard costing: development and utilization of unit standard costs and variance analysis, material, labour, overhead and sales variances, reconciling budgeted, standard and actual profits. Budgeting and profit planning: budgeting and budgetary control, fixed vs. flexible budgets, master budget, and other functional budgets, budgets and performance evaluation, Cash budget and contemporary issues in budgeting: budgeting cash receipts and payments, investing idle cash or financing cash shortages, budgeting and human factor, budgetary slack and padding the budgets, participative budgets, zero base budgeting, Responsibility accounting and segment reporting: Responsibility accounting and responsibility centres, Decentralization: degree, advantages and disadvantages, methods of evaluating segment performance.

YEAR 3 : SEMESTER 1		
ENTREPRENEURSHIP A		CMRE3781

NQF Level: 7	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and 1 assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisite:	Organisational Behaviour (CMBO 3671/2)	

Module Description:

The module aims to equip students with the insights, tools, concepts, and skills necessary to successfully overcome obstacles and achieve the vision pertaining to the various forms of entrepreneurship. The topics to be covered in this module are defining the various forms of entrepreneurship, explaining what each of these forms of entrepreneurship means in the Namibian and SADC context, exploring the entrepreneurship theories, traditions of entrepreneurship and looking at the various models of entrepreneurship in a Namibian, African and international context.

MARKETING MANAGEMENT 1A		CMSM3781	EQUIVALENT: CMSM3771
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Pre-requisite:	Organisational Behaviour (CMBO 3671/2)		

Module Description:

The following topics will be covered: the marketing mix, the nature of goods and services; consumer needs and wants. The product mix, Social Responsibility, ethics, consumer behavior, consumer purchase decision process; psychological influence; socio-cultural influences; Organizational Buyer; Marketing Communication process and Integrated Marketing Communication.

HUMAN RESOURCE MANAGEMENT 1A		CMHM3781	EQUIVALENT: CMHM3771
NQF Level: 7	Credits:16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment		

Examination 50%: 1 x 3 hour examination paper
Organisational Behaviour (CMBO 3671/2)

Pre-requisite:

Module Description:

The following topics will be covered: Understanding of Self; Components of Self: self-identity, self -concept, self -confidence , self-image and techniques of Self Awareness; Exploration through Johari Window Mapping; Human resources management's role in the evolving paradigm – fundamentals of management planning; the strategic management process; types of strategies; strategic human resource management and tools. Human resource management and the competitive advantage – the resource-based paradigm; the best practices paradigm, Human resources and leadership and managing flexible patterns of work for competitive advantage - individual models of leadership – trait –based approach, behavioral- based approach, situational – based approach; group models of leadership- cross-functional teams, self-managed teams; executive teams; introduction to flexibility – functional flexibility, work-time flexibility, numerical flexibility, financial flexibility, numerical flexibility, regulatory flexibility, mobility flexibility etc.

OPERATIONS MANAGEMENT 1A		CMMO3781	EQUIVALENT: CMM03771	
NQF Level: 7	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks		
Module assessment:	Continuous assessment 50%: two tests and one assignment			
	Examination 50%: 1 x 3 hour examination paper			
Pre-requisite:	Business Statistics A & B (CABA 3691/2)			

Module Description:

The course covers the foundations to Operations Management in both manufacturing and service industries. The course deals with both strategic and operational issues pertaining to operations management and highlights the competitive advantage that the operations function can provide to an organisation. The topics to be covered are operations strategy, design of goods and services, process management, quality management, forecasting layout and location strategies.

BANKING & FINANCE 1A		CMBF3781
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisite:	Financial Accounting 1A/1B & Management Accounting 1A/1B (CMBA 3671/2 & CAAM 3691/2)	

Module Description:

The course will cover Security and portfolio analysis – introducing students to the principles of financial investment decisions from an industry perspective. Student will be also exposed to key drivers driving investment decisions and factors driving investment decisions at a corporate level.

YEAR 3 : SEMESTER 2

MARKETING MANAGEMENT 1B		CMSM3782	EQUIVALENT: CMSM3772
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Co-requisite:	Marketing Management 1A (CMSM 3781)		

Module Description:

This module covers- learning how successfully integrate the elements of the marketing function into strategic, cohesive plan the student will cover the following topics: Strategic Marketing Process, The marketing environment: Examining and responding to the marketing Environment, Competitive forces, Economic forces, Political forces, Legal and Socio-cultural forces; Technological forces, marketing research, developing and managing products, Personal selling and sales promotion, Wholesaling and Retailing.

HUMAN RESOURCE MANAGEMENT 1B		CMHM3782	EQUIVALENT: CMHM3772	
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks		
Module assessment:	Continuous assessment 50%: two tests and one assignment			
	Examination 50%: 1 x 3 hour examination paper			
Co-requisite:	Human Resource Management (CMHM 3781)			

Module Description:

This module covers- Recruitment and Placement; Personnel planning and recruiting, need for effective recruiting, Employee testing and selection, Employment Equity Act and employee selection, basic testing concepts; interviewing candidates; basic types of interviews, design and conduct interviews and errors in conducting interviews. Development of Human Resources – The concept and generalized approaches to Training, Education and Development (process, methods: On-the job, off-the job), Models of Training, Strategic Training Management – Needs assessment, Environmental scanning etc. Evaluation of training (Kirkpatrick model) and Performance Appraisal; Performance management – introduce students to the basic concept of performance management and appraisal (concept, significance, process, methods-Graphic rating scales, essays, confidential report, 360 Degree, the balance scorecard etc., errors during appraisal, reducing errors) and human resource management measurement namely: the concept of balanced scorecards, HR scorecard and workforce scorecard. Talent management – and Human resource challenge.

BANKING & FINANCE 1B		CMBF3782	
NQF Level: 7	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper
Co-requisite: Banking and Finance 1A (CMBF 3781)

Module Description:

Students will cover investment from a company perspective. It exposes students to single analysis before investment. Students will be expected to know the types of securities in which a single investor may draw upon his investment decisions like bonds, real estate, stocks and precious metals. Institutional Investment analysis- this course provides students with the fundamentals of the company valuation. The students should be able to unearth the various factors that may impact directly on the company's operations by going beyond the analysis of financial students in order to find out of its worth buying that particular company or not.

ENTREPRENEURSHIP B	CMRE3782	EQUIVALENT: CMRE3772
--------------------	----------	----------------------

NQF Level: 7 **Credits:** 12 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and 1 assignment
Examination 50%: 1 x 3 hour examination paper

Co-requisite: Entrepreneurship A (CMRE 3781)

Module Description: The module build upon the knowledge and skills students gained in semester one (1). In the first part of module two (2) students will be introduced to the typologies of entrepreneurship. This module will also enable students to explore and understand the various reasons for business success and failure. In the second phase of module two (2) students will learn more about the description and the importance of drawing up a business plan. They will be exposed to the various challenges entrepreneurs both in Africa and around the world. They will be exposed to the various challenges entrepreneurs are faced with and how they are exploiting opportunities in their business ventures. In this module students are expected to apply their theoretical understanding of entrepreneurship into practice and it will be expected from them to draw a business plan of a product or a service in a local, African or international context.

OPERATIONS MANAGEMENT 1B	CMMO3782	EQUIVALENT: CMMO3772
--------------------------	----------	----------------------

NQF Level: 7 **Credits:** 12 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisite: Business Statistics A & B (CABA 3691/2 Business Mathematics; (BCM3571)

Co-requisite Operations Management 1A (CMMO 3781);

Module Description:

This course is designed to expose the student with the functional area of operations Management. The course covers the foundations of operations Management in both manufacturing and service industries. The course deals with broadly introducing students to selection of topics in Operations Management. This course builds on the work covered in the first module in operations management.

BUSINESS RESEARCH METHODOLOGY	CMBR3772
-------------------------------	----------

NQF Level: 7 **Credits:** 12 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisite: None

Module Description:

The detailed contents are as follows: Introduction to research, research in business, the role and types of research, Problem identification and problem statements, literature review, Hypothesis construction, and writing research proposal, Ethics in research Measurement: Defining "measurement", types of measurement (nominal, ordinal, interval, ratio), Measurement concerns (reliability, validity), Measuring Complex Variables, Research design, primary and secondary data sources, data collection, questionnaire construction, Sampling theory and Procedures: Sampling basics, Non-probability samples, Probability samples, Multi-stage sampling, Factors affecting sample size, Margin of error (confidence intervals).

YEAR 4 : SEMESTER 1

Specializations:

STRATEGIC HUMAN RESOURCES MANAGEMENT 2A	CMHM3851
---	----------

NQF Level: 8 **Credits:** 16 **Contact hours:** 4 hours lecture per week for 14 weeks

Module assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisite: Human Resource Management 1A & 1B (CMHM 3781/2)

Module Description:

Students will cover – ethical issues and challenges in human resources management - the problem of dual loyalties; HR professional codes of conduct; an integrity-oriented approach to strategic business partnership; ethical decision-making frameworks; the consequences of action: Teleological theory; the importance of duty to others: Deontological theory; Corporate Governance – Corporate social responsibility; the narrow classical economic view; socio-economic view of CSR; broad maximal view of CSR;

FINANCIAL MANAGEMENT A		CAMF3871
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture & 1 tutorial per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	Financial Accounting 1A &1B (CAFE3691/2); Management Accounting 1A & 1B (CAAM3691/2)	
Module Description:		

The detailed contents are as follows; Financial statements analysis – ratio analyses, Du Pont Identity; Sources and uses of cash, standardised financial statements; Time value of money – present and future values, discounted cash flow valuation; Risk and return – basics, returns, Capital asset pricing model; expected returns and variances, portfolios, systematic and unsystematic risk,

diversification and portfolio risk, Beta, security market line, Capital budgeting – Net present value, payback rule, discounted payback rule, average accounting return, internal rate of return, profitability index; Project cash flows, incremental cash flows discounted cash flow analysis, evaluating equipment with different lives, Business valuation – nature and purpose of the valuation and financial assets, models for the valuation of shares, the valuation of debt and other financial assets, practical considerations in the valuation of shares, Cost of capital – sources of finance and their relative costs, estimating the cost of equity, cost of debt and other capital instruments, estimating the overall cost of capital, capital structures theories and practical considerations.

MANAGEMENT INFORMATION SYSTEMS		CMMI3871
NQF Level: 8	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisite:	None	
Module Description: This is a capstone module in the field of management information systems. The module integrates the organizational, managerial, and technical aspects of management information systems. Emphasis is on the internal management of information resources and on the management of information systems. Coverage of the subject matter will be through lectures, case studies, class discussion, independent readings and research. Fundamentals underlying the design, implementation, control, evaluation, and strategic use of modern, management information systems for business data processing, office automation, information reporting, and decision making will be covered. Emphasis is on managerial and strategic aspects of information systems as opposed to the technology aspects. Because this course is an MIS course and is meant to expose contemporary managerial thought associated with a new and dynamic environment, the information technologies associated with the delivery of Internet sites, etc. will be only briefly mentioned. This course is NOT an Information Technology course.		

RESEARCH PROJECT		CMRP3870
NQF Level: 8	Credits: 32	Contact hours: 4 hours lecture per week for 28 weeks
Module assessment:	100%: Mini Thesis	
Pre-requisite:	Business Research Methodology (CMBR3772)	
Module Description: Students have to prepare a research proposal and get it approved from a supervisor. Conduct the research and write a brief report. The report must include: A clear identification of a problem statement in the industry and its importance or relevance to the welfare of the business and industry. A clear theoretical analysis of objectives identified, presentation of some type of empirical evidence and conclusion.		

YEAR 4 : SEMESTER 2

STRATEGIC HUMAN RESOURCES MANAGEMENT 2B		CMHM3852
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Co-requisite:	Strategic Human Resources Management 2A (CMHM3871)	
Module Description: Module covers - Human Resources Management and the Legislative environment - freedom of association and general protections, trade unions and employer's organisations, work times and rules, payment, remuneration and deductions, termination of employment, collective bargaining, strikes and lock outs, dispute resolution, unfair dismissals, health and safety at work. STRATEGIC MARKETING 2B		CMSM3852
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Co -requisite:	Strategic Marketing 2A (CMSM 3871)	
Module Description:	Module covers - Strategic marketing develops a structured approach to understanding and managing the marketing function. By learning how to successfully understand the markets in terms of identifying threats and new business opportunities, tracking competition by staying on top of changing customer expectations, shaping an organization's strategy in terms of selection of suitable opportunities, product portfolios to sustain, target market decisions and competitive positioning, managing brands and creating compelling product value propositions intended to excite customers, attracting new customers by developing new product solutions with an attempt to outwit competition. The course would ensure that students understand how physical distribution activities are integrated into marketing channels and overall marketing strategies and will examine physical	

distribution objectives. The course will further explore how digitalization has impacted the consumer behavior and decision making or the marketing of good and services

BANKING & FINANCE 2B		CMBF3852
NQF Level: 8	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Co -requisite:	Banking and Finance 2A (CMBF 3871)	
Module Description:		

This module will focus on the operations and management of banking institutions. It would cover topics related to the analysis of bank Performance, managing interest rate risk, liquidity management, global regulatory framework and credit risk management.

FINANCIAL MANAGEMENT B		CAMF3872
NQA Level: 8	Credits: 16	Contact hours: 4 hours & 5 lectures per week for 14 weeks
Module assessment:	Continuous assessment (50%): two tests and one assignment Examination (50%): 1 x 3 hour paper	
Pre-requisites:	Financial Accounting 1A & 1B (CAFE3691/2); Management Accounting 1A & 1B (CAAM3691/2)	

Module Description:

The detailed contents are as follows: Business finance – source of, and raising short-term finance, long-term finance, internal sources of finance and dividend policy, gearing and capital structure; Working capital management – nature, elements and importance of working capital, management of inventories, accounts receivables, account payables and cash, determine working capital needs and funding strategies, finance for small and medium-size entities; Advanced investment appraisals; discounted cash flow techniques, allowing for inflation and taxation in discounted cash flows, adjusting for risk and uncertainty in investment appraisal, specific decisions such as lease vs. buy, asset replacement, capital rationing; International investment and financing decisions; Mergers and acquisitions – valuation of acquisitions and mergers, financing acquisitions and mergers; Risk management – nature and types of risk and approaches to risk management.

STRATEGIC MANAGEMENT B		CMST3882
NQF Level: 8	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Co -requisite:	Strategic Management A (CMST3871)	
Module Description:		

The course is meticulously designed to enable students to make structural and performance analysis of competitive forces and to position a firm to gain strategic advantages in various business and organizational context. Implementation and control measures of strategy shall be explored. The course attempts to develop knowledge-integrated analytical understanding of practical issues associated with the formulation, selection and implementation of business strategy choices. The course also helps the students to understand the relevance of Western Sub Saharan strategic management theories and practices to the local settings. In addition, the course discusses the sub Saharan perspective of formulating, implementing, and managing organizational strategies. The following major topics shall be elaborated upon: organising for success, Processes, relationships, enabling for success and managing information.

G.2 DIPLOMA IN BUSINESS ADMINISTRATION (OLD CURRICULUM) (12DIBA)

G.2.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The aim of this qualification is to provide necessary skills, knowledge and attitudes appropriate to the pursuit of a variety of careers in industrial, commercial or public sector organisations. This is in line with the strategic objective of the University to "cultivate standards of excellence in teaching, research, and all the prescribed functions of UNAM, through encouraging constructive criticism, constant self-improvement, self-evaluation, and peer assessment".

G.2.2 ASSESSMENT CRITERIA

A candidate will qualify to sit for final examination upon obtaining 40% mark of continuous assessment. A candidate will also pass the course if s/he obtains 50% of the overall mark (after the combination of the continuous assessment mark and the examination marks) provided the continuous assessment mark was not less than 40%. The continuous assessment and final examination marks have a weight ratio of 50% each.

G.2.3 CRITERIA FOR ADMISSION

- An applicant should be in possession of a minimum Grade 12 certificate, with a minimum of 22 points in five subjects on the UNAM point scale including English with at least a D symbol.
- Admission could also be considered for persons who qualify through the Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Information and Regulations Prospectus. A special application is available for this purpose.
- Advanced Subsidiary (AS) - 22 points in five subjects including a C or above in English as a compulsory subject with at least one subject at AS Level (minimum grade *e*).

G.2.4 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

In order to be re-admitted into the Faculty a student must obtain 1/3 of the credits of the programme in the preceding year which amounts to a total of 42 credits.

G.2.5 ADVANCEMENT AND PROGRESSION RULES

1. In order to advance to the following academic level of study second (2) year, a student must pass at least two-thirds (2/3) of the courses for the curriculum for first (1) year which amounts to 88 credits.
2. If a student passes only one third (1/3) (64 credits) of the full curriculum of a specific year, s/he may not register for any course on the following higher level.
3. Furthermore, pre-requisites for courses have to be passed before a student can proceed to register for courses that require pre-requisites.
4. Also a student is expected to complete the Diploma before seeking to register for any other programme in the Department.

G.2.6 EXEMPTIONS

The candidates who successfully complete the programme will be exempted from selected first year degree modules offered in the Faculty of Economics and Management Sciences. A student who has completed only one year of the programme **will not** be admitted into any degree programme offered by the Faculty. Students who wish to proceed with any other programme in the faculty will have to conform to the entry requirement of that respective department.

G.2.7 MODE OF DELIVERY

Part time programme.

G.2.8 DURATION OF STUDY

The minimum duration of this programme is two (2) year and the maximum duration is three (3) years.

G.2.9 CLASS ATTENDANCE

A student must attend at least 80% of all the lectures and all the practical tutorials in order to be admitted for the final examination. This should be read in conjunction with the General Information and Regulations Prospectus.

G.2.11 Syllabi

YEAR 1: SEMESTER 1

PRINCIPLES OF BUSINESS MATHEMATICS

CBBM2431

NQF Level: 4 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course is designed to give students an overview of various mathematical calculations and topics to enable them to solve business related problems. The topics to be covered are logarithms, Indices, Sequences and Series, Introduction to calculus, especially differentiation and integration.

PRINCIPLES OF BUSINESS STATISTICS

CBBS2431

NQF Level: 4 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

The detailed contents of the course are as follows: identify the various measures of dispersion; compute measures of skewness; identify the various measures of central location for both grouped and ungrouped data; application of probabilities rules as well as construction and interpretation of probability from a contingency table (joint probability table); and identify when to apply each of these distributions (probability distribution), and the computation thereof.

PRINCIPLES OF BUSINESS MANAGEMENT

CBBN2431

NQF Level: 4 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

The course provides an introduction to organisational culture and styles of management; leadership style and teamwork building; personal time management, stress management, and management skills and competencies; boundary management and external environment.

YEAR 1: SEMESTER 2

PRINCIPLES OF BUSINESS ACCOUNTING

CBBA2472

NQF Level: 4 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course introduces the students to the conceptual framework of accounting and the accounting principles in general. It also covers the formats of financial statements and the purpose of these statements for different users. It will deal with the completion of financial statements from records and various categories and adjustments for effective management of cash flow. This course also assesses the performance of business through the application of ratio analysis.

PRINCIPLES OF BUSINESS ECONOMICS	CBBE2462
---	-----------------

NQF Level: 4 **Credits:** 8 **Contact Hours:** 2 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course provides a definition and scope of business economics. It deals with factors influencing demand and supply of products and services, elasticity of demand and supply, price determination of products and services under different market structures, production functions, cost concepts, optimal level of output and input use, risk and uncertainty, and the macroeconomic environment and its impact on business.

PRINCIPLES OF BUSINESS ETHICS AND LAW	CBBT2422
--	-----------------

NQF Level: 4 **Credits:** 8 **Contact Hours:** 2 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course will examine the theoretical roots of Business Ethics. It will consider the different types of ethical issues in business and how the development of ethical values impact on business behaviour including the effects on stakeholders and the environment. The course will also examine how an individual's ethical position impacts upon the moral relationship between the employer and the employee against the backdrop of the contractual relationship between both parties.

PRINCIPLES OF BUSINESS COMPUTING	CBBC2432
---	-----------------

NQF Level: 4 **Credits:** 8 **Contact Hours:** 2 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course seeks to introduce students to the world of technology in general and how technology is being used within a business context in particular. Various aspects would be covered such as the primary operation of a computer, basic types of computers and electronic commerce.

PRINCIPLES OF BUSINESS ENTREPRENEURSHIP	CBBH2422
--	-----------------

NQF Level: 4 **Credits:** 8 **Contact Hours:** 2 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course will expose the students to the entrepreneurial perspective: types of entrepreneurs, characteristics of entrepreneurs and features of successful entrepreneurs. It also deals with pursuit of generating and screening ideas which cover the challenges to creativity thinking, creativity myths and the idea generation process. The course is designed to give students an overview on assessing market feasibility and viability, writing business plans, Finance, growth and exit strategy and entrepreneurial leadership.

YEAR 2: SEMESTER 1

BUSINESS MATHEMATICS	CBCM2531
-----------------------------	-----------------

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Principles of Business Mathematics (CBBM2431)

Module Description:

This course is designed to give students an overview of various mathematical calculations and topics to enable them to solve business related problems. The topics to be covered are linear programming, logarithms, Indices, Sequences and Series, calculus, especially differentiation and integration.

ELEMENTS OF BANKING	CBEB2531
----------------------------	-----------------

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course provides a comprehensive introduction to the business of banking. It covers both practical and theoretical issues relating to banking, central banking & bank regulation, and comparative banking markets. The course also deals with the rationale for the existence of banks, the different services they offer, and the recent trends impacting on the banking industry.

YEAR 2: SEMESTER 2

BUSINESS STATISTICS CBSS2532

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Principles of Business Statistics (CBBS2431)

Module Description:

The detailed contents of the course are as follows: Sampling and Sampling distributions, Interval Estimation, Hypothesis Testing (mean and proportion), Inferences about population variances, Test of goodness of fit and independence, Simple linear regression and index numbers.

PRINCIPLES OF CREDIT CBCR2532

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: None

Module Description:

This course provides an overview of all aspects, steps, and issues that are integral to credit and its risk elements. It provides an introduction to the concepts, techniques, and practical examples to the process of credit allocation and risk modelling.

BUSINESS MANAGEMENT CBBM2532

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours lecture per week for 14 weeks

Module Assessment: Continuous assessment 50%: two tests and one assignment
Examination 50%: 1 x 3 hour examination paper

Pre-requisites: Principles of Business Management (CBBN2431)

Module Description:

The course provides an introduction to management and covers areas such as change management and innovation, decision-making, leading organizations, controlling and evaluation, organizational structures and their relationship to the functional areas of business: finance, marketing, operations and human resources.

G.3 DIPLOMA IN ENTREPRENEURSHIP AND NEW VENTURE MANAGEMENT (OLD CURRICULUM) (phased out 2023)

(12DNVM)

G.3.1 INTRODUCTION AND OBJECTIVES OF THE PROGRAMME

The purpose of this qualification is to provide the aspiring entrepreneur the relevant knowledge on how to go about setting up a new venture. The Diploma in Entrepreneurship and New Venture Management will equip students with relevant practical and theoretical knowledge on how to successfully set up and run a new venture. Holders of this qualification will be able to understand innovation and creativity, *distinguish* between the different typologies of new ventures, analyse risk involved in setting up a new venture, understand the legal requirements of new ventures, evaluate resource requirements and design and formulate a feasible business plan.

G.3.2 CRITERIA FOR ADMISSION

- To register for the Entrepreneurship and New Venture Management Diploma, a candidate must hold a valid NSSC Certificate or any other relevant qualification. English is a compulsory subject and should normally be obtained at NSSC (English as a second Language) grade D.
- A candidate should obtain a minimum of 22 points in five subjects on the UNAM Point Scale to be admitted.
- However, if the minimum of 22 points is obtained, it does not necessarily ensure and or guarantee admission. Entrance is based on availability of places within the department and awarded on the basis of merit.
- The Faculty reserves the right to interview or test students before admission.
- Admission could also be considered per persons who qualify through Mature Age Entry Scheme upon successful completion of the relevant examinations as set out in the General Regulations. A special application form is available for this purpose. Please read this in conjunction with the Academic Conditions in the General Information and Regulations Yearbook.
- Advanced Subsidiary (AS) - 22 points in five subjects including a C or above in English as a compulsory subject with at least one subject at AS Level (minimum grade *e*).

G.3.3 ASSESSMENT CRITERIA

Continuous assessment in the form of class tests, assignments, or industry projects will contribute fifty percent (50%) to the final mark. Each course will be examined with a three hour paper at the end of each semester. The examination mark will contribute fifty (50%) to the final mark. The student must obtain at least 50% in the examination to pass, irrespective of the continuous assessment mark.

G.3.4 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

To be readmitted to the faculty for a particular year of registration a student:

- must have passed the equivalent of the minimum number of four courses required (4 x 16 credits = 64 credits).
- must complete all first year level courses (128 credits) by the end of the second year of registration.

G.3.5 ADVANCEMENT AND PROGRESSION RULES

A student must have passed the minimum number of six courses (96 credits), of which at least three (48 credits) must be faculty courses to be admitted into the second year of study.

G.3.6 MAXIMUM NUMBER OF COURSES PER YEAR

The maximum number of credits a student can enrol for is 128 credits in first year at NQF level 4. A student may enrol for a maximum of 128 credits at NQF level 5 in their second year.

G.3.7 REQUIREMENTS FOR QUALIFICATION AWARD

This qualification will be awarded to candidates credited with a minimum of 128 credits in the first year at NQF level 4 and a minimum of 128 credits in the second year at NQF level 5, giving a total of 256 credits.

G.3.8 ARTICULATION OPTIONS

The student will be eligible for admission into the second year of the BBA degree after successful completion of the Diploma.

G.3.9 EXEMPTIONS

The candidates who successfully complete the programme will be exempted from selected first year degree modules offered in the Faculty of Economics and Management Sciences. A student who has completed only one year of the programme **will not** be admitted into any degree programme offered by the Faculty. Students who wish to proceed with any other programme in the faculty will have to conform to the entry requirement of that respective department.

G.3.10 MODE OF DELIVERY & CAMPUSES OFFERING THE PROGRAMME

MAIN CAMPUS (Distance), RUNDU CAMPUS AND SOUTHERN CAMPUS (Full time) and Distance mode

G.3.11 DURATION OF STUDY

The Entrepreneurship and New Venture Management Diploma cannot be obtained in less than TWO years. However, the diploma must be obtained within THREE YEARS of full-time registration. Students studying through the distance mode cannot obtain this diploma in less than two years and have a maximum of four years to obtain the diploma.

G.3.12 CLASS ATTENDANCE

A student must attend at least 80% of all the lectures and all the practical tutorials in order to be admitted for the final examination. This should be read in conjunction with the General Information and Regulations Prospectus.

G.3.13 CURRICULUM

H.1 BACHELOR OF PUBLIC MANAGEMENT (Honours) (OLD CURRICULUM) (12BPMM) (phased out 2023)

H.1.1 INTRODUCTION

The Bachelor of Public Management (Hons) degree (BPMM) is designed to educate students for effective careers in management of business firms, the public service or other non-profit seeking organizations. Its main objective is to provide knowledge and skills of three types: conceptual, human, and technical/operational. These are pivotal for development. The purpose of this degree is to enhance the capacity of managers, planners, researchers and students to: test and explore new ideas, sharpen their analytical capacities, broaden awareness and deepen understanding of complex issues that influence decision-making, interact with peers and leading academics and practitioners and reflect on their personal goals, values and careers.

Graduates of this degree will be able to act and work within a democratic, accountable and responsive public and private environment. Course participants will also complete an in-depth research project under the guidance of their supervisors. Public and private managers, planners, researchers and students are confronted with rapidly changing political, economic, technological and social challenges that test their knowledge, competencies, decision-making and governance capacity.

H.1.2 CRITERIA FOR ADMISSION

- To register for the Bachelor of Public Management (Hons) degree (BPMM), a candidate must hold a valid NSSC Certificate or any other equivalent qualification.
- English is a compulsory subject and should normally be obtained at National Senior School Certificate (NSSC) grade C or better, or Grade D or better at NSSC (English as a First Language) level.
- A candidate should obtain a minimum of 25 points in five subjects on the UNAM Evaluation Point Scale to be admitted. However, obtaining 25 points on UNAM Evaluation Point Scale does not necessarily guarantee admission.
- Entrance is based on availability of places within the Department and is awarded on merit. The Faculty reserves the right to interview applicants before admission.
- Admission could also be considered for persons who qualify on Mature Age Entry Scheme upon successful completion of the relevant entry examination as set out in the General Regulations. A special application form is available for that purpose.
- Advanced Subsidiary (AS) - 25 points in five subjects including a C or above in English as a compulsory subject with at least two subjects at AS Level (minimum grade E).

H.1.3 ARTICULATION OPTIONS

This qualification serves as an entry point to the following related qualification:

- Master of Public Management
- Master of Political Studies
- Master of Security and Strategic Studies

H.1.4 ASSESSMENT CRITERIA

A candidate will qualify to sit for final examination upon obtaining 40% mark of continuous assessment. A candidate will also pass the course if s/he obtains 50% of the overall mark (after combining the continuous and the final examination marks) provided the continuous assessment mark was not less than 40%. The continuous assessment and final examination marks have a weight ratio of 50% each.

H.1.5 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

This submission is a proposal to amend the re-admission requirement as follows:

- 48 credits by the end of Year 1
- 112 credits by the end of Year 2
- 192 credits by the end of Year 3
- 326 credits by the end of Year 4
- 428 credits by the end of Year 5

H.1.6 ADVANCEMENT AND PROGRESSION RULES

This submission is a proposal to improve the existing advancement and progression rules of the Bachelor of Public Management (Honours) (12 BPMM) on page 81 of the Faculty Prospectus 2015. The current advancement and progression rules of the Bachelor of Public Management (Honours) are not experimenter at all.

- 96 credits by the end of Year 1 (**At least 48 credits should be NON-UNAM CORE**)
- 192 credits by the end of Year 2
- 272 credits by the end of Year 3

H.1.7 MAXIMUM NUMBER OF COURSES PER YEAR

A student will not be allowed to register for more than **12 modules or 192 credits**, provided that all pre-requisites are met.

H.1.8 NUMBER OF MODULES/CREDITS IN THE PROGRAMME & REVISED PRE-REQUISITES

SUMMARY TABLE FOR ALL COURSES IN THE PROGRAMME

The Bachelor of Public Management degree consists of **THIRTY FOUR (34) Modules**. These include a minimum of **four University Core Modules**, and together total **Five Hundred and Forty Four (544) Credits**.

The curriculum for the B. Public Management degree consists of THIRTY FOUR (34) courses

H.1.9 MODE OF DELIVERY

This programme will be offered on a face-to-face FULL TIME basis.

H.1.10 DURATION OF STUDY

The Bachelor of Public Management (Hons) degree (BPMM) cannot be obtained in less than four years. However, a candidate who holds a two-year Diploma of Public Administration or in any other related field of study from a recognised *institution* may be allowed to complete the degree in three years and may be exempted from some courses as per the prerogative of the Faculty and Department. The degree must be complete within FOUR YEARS MINIMUM AND MAXIMUM OF SIX YEARS of FULL TIME registration. The programme must be followed as stipulated in the Faculty Prospectus. The Faculty reserves the right to amend the curriculum for academic and/or professional reasons.

H.1.11 IMPLEMENTATION STRATEGY

The revised programme will be implemented in 2016. Students, who have been registered before the 2012 Academic Year (2008–2011) will be given the opportunity to complete Fundamentals of Accounting A and B, and Business Mathematics within two years after the implementation of the REVISED Bachelor of Public Management Honours Degree. Those students who have not passed Fundamentals of Accounting A and B, and Business Mathematics, by the end of 2013, will have to choose **ONE module for each module failed from the underlisted electives in order to complete their degree programme successfully. These modules will only be offered in the 2015 Academic Year.**

CPMM3871	Elective: Municipal Management
CPAG3872	Elective: Public Administration and Governance
CPAP3872	Elective: Political Economy of Asia-Pacific

Choose one(1) Elective:	
CPFP3771	Elective: Public Finance
CPIR3771	Elective: International Relations

Students who have completed the Diploma in Local Government Studies and would want to articulate into the degree of Bachelor of Public Management (Honours) (12BPMM) will receive exemptions for the following courses:

Module passed	Exemption
Computer Literacy (UCLC3409)	Computer Literacy (UCLC3409)
Contemporary Social Issues (UCSI3429)	Contemporary Social Issues (UCSI3580)
Principles of Management (CMPP2579)	Principles of Management (CMPP3579/CMPP3572)

Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Government Studies (CPIG3572)	
Module Description: This course introduces students to the political history of the country focusing on: pre-colonial, colonial, and post-colonial administrations with a preface on political and economic theories applied thereto; evaluates the role of U.N.O. in bringing about independence, and the post-colonial politics with emphasis on the democratisation and decentralization processes; and assesses the value of Namibia's membership in regional, continental and international organisations in terms of national development.		

YEAR 2 : SEMESTER 2		
REGIONAL & LOCAL GOVERNMENT 2		CPLR3672
NQF Level: 6	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	None	
Module Description:	The course provides a theoretical and conceptual framework on the study of regional and local government. Through a selection of country studies (capita selecta), the course takes an in depth analysis of the structure, the role, modes and functions of local government organizations in developed and the developing world. Additionally, it examines issues of democracy, development and decentralization.	

ORGANIZATIONAL BEHAVIOUR B		CMBO3672
NQF Level: 6	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%, two tests, and one assignment Examination 50%: 1 x 3 hour examination paper	
Co-requisite:	Organizational Behaviour A (CMBO 3671)	
Module Description:	The module will focus on the following topics: Change - causes and management of change; organizational development (OD); learning organizations; resistance to change; overcoming resistance to change. Workforce diversity – case for diversity; ethical and social responsibilities; economic considerations; knowledge and skill factors; characteristics of successful diversity management Power, politics and conflict resolution – sources of power; empowerment; power, politics and morality; forms of political manipulations and management of politics. Different types of leaders– principles and value systems; disintegration and integration processes; elements of conceptual framework; forms of leadership styles.	

AFRICAN POLITICAL PHILOSOPHY			CPPP3672
NQF Level: 6	Credits: 16	Contact Hours:	4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper		
Pre-requisites:	Government Studies (CPIG3572)		
Module Description:			

The different approaches to African philosophy are explored, with reference to ethno-philosophy, sage philosophy, political-ideological philosophy and professional/academic philosophy. Concepts such as ethnicity and culture, human-relatedness (ubuntu), the dignity of creation and the interrelated matrix of existence are discussed. The role that philosophical concepts such as these play in the lives of Africans and in the way they approach their everyday existence is explored. These include normative aspects such as justice, obligations, rights, gender and equality. These ideas are contextualized by relating them to political and social movements in specific countries. The contemporary discourses and trends within African thought are explored in the works of authors like Kaunda, Nyerere, Fanon, Kenyatta, Biko, Biakolo, Achebe, Akoko, Boduntin, Appiah and Soyinka.

CONTEMPORARY AFRICAN POLITICS		CPCP3672
NQF Level: 6	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Government Studies (CPIG3572)	
Module Description:	An overview of contemporary African politics, with a focus on the social categories relevant to the study of colonial and post-colonial politics: ethnicity, race, class, gender, culture, and sub-colonialism. Party rule, military and bureaucratic systems of rule, and the debate on the post-colonial state are also emphasised. Additionally, democratisation in Africa, the African Union, the New Partnership and their relevance to contemporary Africa are investigated.	

YEAR 3 : SEMESTER 1		
HUMAN RESOURCE MANAGEMENT 1A	CMHM3781	EQUIVALENT: CMHM3771
NQF Level: 7	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisite:	Organizational Behaviour A&B (CMBO3671/2)	
Module Description:	The following topics will be covered: Understanding of Self; Components of Self: self-identity, self -concept, self -confidence , self-image and techniques of Self Awareness; Exploration through Johari Window Mapping; Human resources management's role in the evolving paradigm – fundamentals of management planning; the strategic management process; types of strategies; strategic human resource management and tools. Human resource management and the competitive advantage – the resource-based paradigm; the best practices paradigm, Human resources and leadership and managing flexible patterns of work for competitive advantage - individual models of leadership – trait –based approach, behavioral- based approach, situational – based approach; group models of leadership- cross-functional teams, self-managed teams; executive teams; introduction to flexibility – functional flexibility, work-time flexibility, numerical flexibility, financial flexibility, numerical flexibility, regulatory flexibility, mobility flexibility etc.	

PUBLIC POLICY		CPPP3771
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Namibian Politics (CPNP3671)	
Module Description:	The course seeks to inculcate in students a sense of appreciation of the need and the complexity of [public] policy process; and to provide an understanding of policy theories and conceptual framework and rationale; to facilitate academic discussions on policy functions, processes, scope, domains and arena, levels, quality of actors, and the instruments for implementation and evaluation; and the role of public policy in national development and international co-existence.	

THE STATE IN AFRICA		CPSA3771
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Contemporary African Politics (CPCP3672)	
Module Description:	This course focuses on debates on the State in Africa from a diversity of theoretical perspectives, Western and African, such a modernization/development theory, structuralism, neo-Marxism, post-structuralism, failure of state theories and state-in-society approaches, globalization and the future of the State and post-coloniality. Capita Selecta of case studies, mostly from West and Southern Africa.	

PUBLIC FINANCE		CPFP3771
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Public Sector Accounting 1 (CPSE 3571/2)	
Module Description:		

The course covers issue such as the nature of fiscal policy, public revenue and the management of public debt. In addition, it focuses on tax, money and monetary values and tools of normative analysis. Public goods, externalities, cost-benefit analysis and expenditure programmes for the poor are also interrogated.

INTERNATIONAL RELATIONS		CPIR3771
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	None	
Module Description: This course introduces conceptual discourses international relations. The development of the modern international system is outlined through the theoretical prisms of classical realism, liberalism, and Marxism. The place of concepts such as state, power and security are interrogated. Substantive issues such as foreign policy, human rights, the methodological debates and global governance are investigated. The context and relationship of Africa in the international system is also considered.		

YEAR 3 : SEMESTER 2

RESEARCH METHODOLOGY		CPRP3772	EQUIVALENT: CPRP3781
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks	
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper		
Pre-requisites:	None		
Module Description: The course offers students extensive content on understanding the research process, including the nature of statistical information and numerical data. In particular, the course exposes students to statistics and their role in scientific methods for collecting, organizing, summarizing, presenting and analysing data, as well as drawing scientifically-valid conclusions and making reasonable decisions on the basis of this analysis. Since statistics provide a method of systematically summarizing aspects of the complexities of political, economic and social problems, students will be introduced to both descriptive and inductive statistics. Finally, the importance of statistics for both private and public enterprises will be highlighted, and students will be taught how to conduct surveys and samples so as to produce trends and forecasts, which can provide the basis for informed decisions.			

HUMAN RESOURCE MANAGEMENT 1B		CMHM3782	EQUIVALENT: CMHM3772
NQF Level: 7	Credits: 12	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper		
Co-requisite:	Human Resource Management 1A (CMHM3781)		
Module Description: This module covers- Recruitment and Placement; Personnel planning and recruiting, need for effective recruiting, Employee testing and selection, Employment Equity Act and employee selection, basic testing concepts; interviewing candidates; basic types of interviews, design and conduct interviews and errors in conducting interviews. Development of Human Resources – The concept and generalized approaches to Training, Education and Development (process, methods: On-the job, off-the job), Models of Training, Strategic Training Management – Needs assessment, Environmental scanning etc. Evaluation of training (Kirkpatrick model) and Performance Appraisal; Performance management – introduce students to the basic concept of performance management and appraisal (concept, significance, process, methods-Graphic rating scales, essays, confidential report, 360 Degree, the balance scorecard etc., errors during appraisal, reducing errors) and human resource management measurement namely: the concept of balanced scorecards, HR scorecard and workforce scorecard. Talent management – and Human resource challenge.			

PUBLIC ENTERPRISE MANAGEMENT		CPPE3772
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	None	
Module Description: The course targets students who aspire to become public enterprise managers, analysts or researchers. The first part of the module starts with introductory sessions on the origins of public enterprises in Namibia, other African countries and in other countries. It exposes them to categories of public enterprises and grounds for their differentiation, various controls exercises by ministries, parliament and oversight institutions over them, management reforms being undertaken to change the way they performs and deliver services and various elements of corporate governance related to public enterprises in Namibia and globally. The second part covers causes and strategies for re-organizing public enterprises. Modalities of, obstacles and alternatives to privatization are covered in the last part of the course.		

INTERNATIONAL POLITICAL ECONOMY		CPPI3772
NQF Level: 7	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks

Module assessment: Continuous assessment: 50%: 2 tests
Examination: 50%: 1 x 3 hour paper

Pre-requisites: Basic Microeconomics and Basic Macroeconomics (CEMI3571 and CEMA3572)

Module Description:

The course seeks to introduce the students to the key concepts and principles of economics, with emphasis on the impact of international political trends and political ideologies on the Markets in the Global Economy. Economic competition underlined by monopolies and oligopolies will be examined in an effort to understand the operational synergies, prompting and controlling factors, and the political and economic value of the relations involved.

YEAR 4 : SEMESTER 1

Kindly note: ALL MODULES LISTED ARE COMPULSORY, EXCEPT FOR THE ELECTIVES

RESEARCH PROJECT		CPRP3870
NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 research essays Examination: 50%: Research Project	
Pre-requisites:	Research Methodology (CPRP3772)	
Module Description:		
The course seeks to impart skills to students so that they can be able to correctly determine research needs and requirements, research areas and synergies, and interpret these in ways that provide knowledge about them. It also seeks to train students how to formulate research hypothesis and to write questioners correctly. Ultimately, the outcome of this course is the writing of a research project which would contribute to existing knowledge on the subject matter.		

POLITICAL ECONOMY OF SOUTHERN AFRICA		CPSS3871
NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 1 test and a research essay Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	International Political Economy (CPPI 3772)	
Module Description:	The course deals with contemporary developments in southern Africa such as regional formation (SADC, COMESA, SACU), peace and security, state consolidation, democratisation, sustainable development and examines southern Africa's position in the global political economy with reference to SAP's, foreign direct investment and the politics of foreign aid.	

COMPARATIVE PUBLIC MANAGEMENT		CPPC3871
NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	Public Enterprise Management (CPPE3772)	
Module Description:	This course presents the conceptual and theoretical debates on public management. It unpacks the historical evolution of public management by contrasting the traditional model of public administration and the new public administration. It looks at issues of good governance, public accountability and efficiency in the public sector. The module further encompasses various reform strategies currently applied in the public sector for purposes of increasing productivity and improved performance.	

DEVELOPMENT MANAGEMENT		CPMD3871
NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 1 test and a research essay Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	None	
Module Description:		
This course investigates the relationship between administration and development, and examines internal and external constraints on developmental initiatives. It focuses on different theories on development and assesses the processes of the coordination of community participation in implementing the decentralization strategies. The role and importance of development planning and budgeting is also investigated. Other themes include the management of urban development strategies, rural development concepts and approaches, as well as lessons learned from implementation of development elsewhere. Furthermore, external aid, self-help and sustainable development initiatives are studied.		

ELECTIVES

AFRICA IN THE GLOBAL ECONOMY		CPAC3871
NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
Module assessment:	Continuous assessment: 50%: 2 tests Examination: 50%: 1 x 3 hour paper	
Pre-requisites:	International Political Economy (CPPI3772)	

Module Description:

The course introduces students to a systematic and theoretically informed exploration of key aspects of the political economy of globalization and their implications for Africa in the 21st century. In particular, Africa's North-South Divide; the African Union (AU), the New Partnership for Africa's Development (NEPAD) Trade Agreements (RTAs), Regional Indicative Strategic Development Plan (RISDP), and the Economic Partnership Agreements (EPAs) as it grapples with the challenge of how to structure alternative development strategies for the continent's economic development. Also, the course covers the strategic positioning of Africa in the neo-liberal global economy and the debate on African alternatives such as development regionalism, South-South cooperation and inward industrialization, as well as BRICS (Brazil, Russia, India, China and South Africa).

INTERNATIONAL RELATIONS AND ORGANIZATIONS	CPIR3871
--	-----------------

NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
---------------------	--------------------	--

Module assessment:	Continuous assessment: 50%: 1 test and a research essay
---------------------------	---

Examination: 50%: 1 x 3-hour paper

Pre-requisites:	Introduction to International Relations (CPIR3771)
------------------------	--

Module Description:

This course presents students with a firmer understanding of the different theoretical approaches to the study of International Relations. The focus of this module is to expand on the major theoretical traditions in International Relations. Neo-Realism, Structural Realism, Neo-liberalism, Critical Theory, Post-colonialism and Social Constructivism are explored. The second part of this model focuses on key debates and issues about international organisations. An examination of the various theoretical explanations of the role of international organisations is offered. Finally, the module will then consider and discuss in-depth the role of international organization in international relations and specific peace and security issue-areas, including collective security, peace-keeping, humanitarian intervention and post-conflict peace-building and reconstruction with particular reference to Africa

MUNICIPAL MANAGEMENT	CPMM3871
-----------------------------	-----------------

NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
---------------------	--------------------	--

Module assessment:	Continuous assessment: 50%: 2 tests
---------------------------	-------------------------------------

Examination: 50%: 1 x 3 hour paper

Pre-requisites:	Regional & Local Government 2 (CPLR3672)
------------------------	--

Module Description:

Most African countries place the establishment of strong municipalities at the center of their agenda for attaining economic development and good governance. The achievement of these twin objectives conjures the imperative to establish a functional and effective system for managing municipalities. Hence, in order to comprehend the necessities of responsive service delivery, the course will cover the issues of the habitat agenda: linking poverty and good governance in terms of service provision and capacity to pay for the services; managing waste, sanitation, water and environmental degradation; and partnership for development.

ELECTORAL SYSTEMS AND VOTING BEHAVIOUR	CPVB3871
---	-----------------

NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
---------------------	--------------------	--

Module assessment:	Continuous assessment: 50%: 2 tests
---------------------------	-------------------------------------

Examination: 50%: 1 x 3 hour paper

Pre-requisites:	Government Studies (CPIG 3572)
------------------------	--------------------------------

Module Description:

This course looks at elections and the management of democratic practices. It is an analysis of the different types of electoral systems around the globe and how such systems affect voters' behaviour. The course examines the motives and political reasons for choosing particular electoral systems as well as the functions of electoral systems. The legal framework and the management of electoral process are equally presented. The course has an in depth analysis of the role of civil society organizations in the electoral process and their relationship with electoral management bodies and government. Although this course takes a global view of electoral activities it puts emphasis on case studies in the Southern African region.

POLITICAL ECONOMY OF ASIA-PACIFIC	CPAP3872
--	-----------------

NQF Level: 8	Credits: 16	Contact Hours: 4 hours lectures per week for 14 weeks
---------------------	--------------------	--

Module assessment:	Continuous assessment: 50%: 1 test and a research essay
---------------------------	---

Examination: 50%: 1 x 3 hour paper

Pre-requisites:	International Political Economy (CPPI 3772)
------------------------	---

Module Description:

This course provides students an opportunity to study economic, political and social changes within Asia-Pacific countries and across the Pacific Ocean in, principally, the post-war decades. The first component of the course introduces students to the history of development in countries East and Southeast Asia; and political-economic interactions across the Pacific. The second component considers disciplinary debates over how to conceptualise the history of political economy of selected countries as well as the region

as a whole. The third component of the course examines a few of the contentious political/ ideological discourses about economic-political change in Asia-Pacific, its past, present, and future. The relation between Africa and Asia is also explored.

YEAR 4: SEMESTER 2

COMPARATIVE POLITICS

CPCP3872

NQF Level: 8 **Credits:** 16 **Contact Hours:** 4 hours lectures per week for 14 weeks

Module assessment: Continuous assessment: 50%: 2 tests
Examination: 50%: 1 x 3 hour paper

Pre-requisites: Public Policy (CPPP3771)

Module Description:

A comparative exploration of the structures and institutions of the polity; globalization and its impacts on the State; comparative democratization and the future of the State in a post-cold war world with special emphasis on sub-Saharan Africa; civil society-state interaction; comparative party systems. Case studies mostly from Sub-Saharan Africa.

CONFLICT AND DISPUTE RESOLUTION

CPDR3872

NQF Level: 8 **Credits:** 16 **Contact Hours:** 4 hours lectures per week for 14 weeks

Module assessment: Continuous assessment: 50%: 2 tests
Examination: 50%: 1 x 3 hour paper

Pre-requisites: The State in Africa (CPSA3771)

Module Description:

This course surveys the political and economic hegemonic systems in a global context with the aim to identify specific causes of conflicts, leading to the debate on policy making and policy priorities, peace keeping management, functional approaches to conflict resolution and sustenance of international security. Factors to be discussed will include the dynamics of internal security for nation-states; intra-state security; imperatives of peace and economic growth; and the question of purposeful alliance, coalitions and collectivism in the face of the constant threats to the existing deterrence measures that have been put in place by nations.

STRATEGIC PUBLIC MANAGEMENT

CPMS3872

NQF Level: 8 **Credits:** 16 **Contact Hours:** 4 hours lectures per week for 14 weeks

Module assessment: Continuous assessment: 50%: 2 tests
Examination: 50%: 1 x 3 hour paper

Pre-requisites: Human Resource Management 1A and 1B (CMHM3781/2)

Module Description:

This course addresses the term strategic management as one of the latest tools for which organizations use in order to learn and to develop, if they intend to achieve excellence, enhance performance and productivity as well as to positively respond to the rapidly changing world. The course focuses on strategic management process as it is applied in the public sector. It looks at the relationship between strategic management and planning, approaches to strategic leadership, strategic management systems, strategic implementation and the emerging interdependence of government, the private sector and non-profit organizations.

ADMINISTRATIVE LAW

CPLA3872

NQF Level: 8 **Credits:** 16 **Contact Hours:** 4 hours lectures per week for 14 weeks

Module assessment: Continuous assessment: 50%: 2 tests
Examination: 50%: 1 x 3 hour paper

Pre-requisites: Public Policy(CPPP3771)

Module Description:

The course enables students to understand what administrative law is all about and its significance towards good administration. Amongst others, the following are some of the issues to be covered: the founding principles of administrative law and administration action; the impact of the constitution on administrative law; the sources of administrative law; the legal subjects in administrative law and administrative law relationship; the concept of administration action; the classification and legal force of administration action; the general powers, duties, and functions of the administrator; the control of administration action; state liability; and remedies available to aggrieved person and orders of court

H.2 Bachelor of Arts in Political Science (Honours) (OLD CURRICULUM) (12BPOL) **(phased out 2023)**

H.2.1. INTRODUCTION

This qualification is designed to serve as a robust and theoretically-grounded foundation to more advanced degrees and study in Political Science and other related disciplines. The rationale of the qualification lies at different levels, chief of these are: First, to ensure a theoretically-informed articulation between the qualification and related bodies of knowledge at a more advanced level of study. Secondly, to deliver more rounded graduates in Political Science with an improved prospect of employment in the private- and public sectors. Thirdly, to properly meet the knowledge requirements of the evaluation framework embedded in the National Qualification Framework (NQF). Fourthly, to facilitate an understanding of the epistemic and philosophical relationship between Political Science and other Social Sciences in the Humanities.

In addition to the epistemic and conceptual rationale of the qualification, the qualification supports the overall mission and objectives of the University, namely to contribute to knowledge creation, research, community service and enlightened critical thinking. The content of the qualification shows a systematic concern with personal and social development, especially in respect of the constructs of active citizenship, critical thinking, democratic culture, ethics and socially-embedded Africa-entered knowledge. The latter, Africa-centered knowledge is most evident in some of the foundation courses, most notably in the courses on African Philosophy, African Ethics, The Sociology of Development, aspects of African International Relations, Public International Law and its relevance to Africa, and in the broader introduction to Political Philosophy, with specific reference to metaphysical, epistemological, ethical, and political problems in Africa and elsewhere.

The content of the qualification is sensitive to, and reflects, the needs as expressed in deliberative discussions with students, potential employers and other civil society agencies. The purpose of this qualification is to provide students with a current and theoretically-robust foundation for knowledge generation, transfer and application.

H.2.2. CRITERIA FOR ADMISSION

- To register for the Bachelor of Arts in Political Science (Hons) degree, a candidate must hold a valid NSSC Certificate or any other equivalent qualification.
- English is a compulsory subject and should normally be obtained at National Senior School Certificate (NSSC) grade C or better, or Grade D or better at NSSC (English as a First Language) level.
- A candidate should obtain a minimum of 25 points in five subjects on the UNAM Evaluation Point Scale to be admitted. However, obtaining 25 points on UNAM Evaluation Point Scale does not necessarily guarantee admission.
- Entrance is based on availability of places within the Department and is awarded on merit. The Faculty reserves the right to interview applicants before admission.
- Admission could also be considered for persons who qualify on Mature Age Entry Scheme upon successful completion of the relevant entry examination as set out in the General Regulations. A special application form is available for that purpose.
- Advanced Subsidiary (AS) - 25 points in five subjects including a C or above in English as a compulsory subject with at least two subjects at AS Level (minimum grade E).

H.2.3. ARTICULATION OPTIONS

This qualification serves as an entry point to the following related qualification:

- Master of Public Management
- Master of Political Studies
- Master of Security and Strategic Studies

F.4.4. ASSESSMENT CRITERIA

A candidate will qualify to sit for final examination upon obtaining 40% mark of continuous assessment. A candidate will also pass the course if s/he obtains 50% of the overall mark (after combining the continuous and the final examination marks) provided the continuous assessment mark was not less than 40%. The continuous assessment and final examination marks have a weight ratio of 50% each.

H.2.5. MINIMUM REQUIREMENT FOR READMISSION

A student will not be re-admitted into the Bachelor of Arts in Political Science (Honours) if he/she has not earned:

- After Year 1 of registration: 48 credits (including the PIG3572 or POL3512 module)
- After Year 2 of registration: 112 credits
- After Year 3 of registration: 192 credits
- After Year 4 of registration: 326 credits
- After Year 5 of registration: 428 credits

H.2.6. ADVANCEMENT AND PROGRESSION RULES

- 112 credits or 7 modules by the end of Year 1 (At least 48 credits should be NON-UNAM CORE)
- 224 credits or 14 modules by the end of Year 2
- 336 credits or 21 modules by the end of Year 3

H.2.7. MAXIMUM NUMBER OF CREDIT PER YEAR

A student will not be allowed to register for more than 12 modules or 192 credits, provided that all pre-requisites are met.

H.2.8. MODES OF DELIVERY

The Programme will be offered on a face-to-face FULL time basis. The methods of teaching and learning would include among others, lectures, research, group discussions and presentations.

H.2.9. DURATION OF STUDIES

The Bachelor of Arts in Political Science (Hons) degree may be completed within FOUR YEARS MINIMUM or SIX YEARS MAXIMUM.

H.2.10 IMPLEMENTATION STRATEGY

The effective date of implementation is 2019 Academic Year. Starting with the first year, the new curriculum will be gradually rolled in following the list of equivalent courses as provided in the Curriculum Summary Table below.

H.2.11. CURRICULUM SUMMARY TABLE:

H.2.12 SYLLABI

YEAR 1 Semester 1

Introduction to Political Science

POL3511

NQF Level: 5

Credits: 16

Contact Hours: 4 hours per week

Module assessment:

Continuous Assessment 50% (at least two assessments)

Examination (50%): 1x 3h paper

Pre-requisite:

None

Module description:

The discipline of Political Science, with special emphasis on its principal concepts and processes (such as the state, government, government systems and regimes, governance, society and political society, democracy, legitimacy, elections and voting, ethics, ideology, constitutions, law, resource allocation, public policy and bureaucracy, power and institutional relations), approaches to the study of the discipline and a brief intellectual history of the discipline from its classical roots (thus looking at key thinkers, theories and developments).

Basic Microeconomics	EMI 3571
-----------------------------	-----------------

NQF Level: 5 **Credits:** 6 **Contact Hours:** 4 hours per week

Module assessment: Continuous Assessment 100% (at least two assessments)
Examination (50%): 1x 3h paper

Pre-requisite: None

Module description:

Economics is the study of how society allocates scarce resources to satisfy the wants of its members for goods and service. As such, it is a subject concerned with issues of both efficiency and equity. An efficient economy gets the most it can from its scarce resources; an equitable economy fairly distributes the benefits of its resources among its members. Is the economy efficient? Is the economy fair? The course aims to introducing students to key concepts used in microeconomics and facilitate a basic understanding of the economic phenomena. The course is designed to help students understand that society's economic choices often involve trade-offs between efficiency and equity.

YEAR 1 Semester 2	
--------------------------	--

Basic Macroeconomics	EMA 3572
-----------------------------	-----------------

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours per week

Module Assessment: Continuous Assessment 100% (at least two assessments)
Examination (50%): 1x 3h paper

Co-requisite: Basic Microeconomics EM13571

Module description:

Aim: The module aims to further introduce students to key concepts that related to macroeconomics having been introduced to microeconomics previously. It aims at engaging students to the application of specific concepts in day to day economic engagements.

.Content: This course introduces basic concepts and tools used in macroeconomic analysis, and considers substantive topics such as: the theory, measurement, and determination of national income; business cycles; the multiplier; fiscal policy; budget deficits, and the national (public) debt; aggregate supply and aggregate demand; money, banking and monetary policy; exchange rates and balance of payments accounts, and stabilization policy for unemployment and inflation.

Government Studies	PIG 3572
---------------------------	-----------------

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours per week

Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper

Pre-requisite: None

Module description:

Aim: The module aimed at introducing students to the interface between political science and public administration.

.Content: This course builds on its co-requisite, Introduction to Political Science and is intended to deepen and enrich the discussion of Politics in terms of specific themes, such as: classical and contemporary typologies of government, systems and regimes in the contemporary world system; political ideologies such as liberalism, conservatism, socialism, fascism, feminism, environmentalism and religious fundamentalism with special emphasis on their classical roots and contemporary iterations; democracy and its variants; revisiting the State; nations, nationalism and global politics; the machinery of government; political culture and legitimacy; representation and elections and parties and party systems.

Introduction to Political Philosophy	POL3512
---	----------------

NQF Level: 5 **Credits:** 16 **Contact Hours:** 4 hours per week

Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper

Pre-requisite: None

Module description:

Aim: This module is aimed at providing a grounded introduction to Philosophy, with special emphasis on Political Philosophy, and its enduring questions, from classical Greek philosophy to contemporary philosophical thought; an interrogation of different kinds of questions, such as metaphysical questions, ontological questions, epistemic questions, ethical questions, the search for 'fundamental truths' and political questions.

.Content: A selection of some of the following political questions: what is justice?; what is fairness (and how does it relate to justice)?; what is liberty and its purposes?; what is law for; the difference between magic and metaphysics; the best/worst form of government; philosophy, science and religion; the quest for knowledge and understanding; the primacy of creativity and of ideas; what philosophy can and cannot do.

YEAR 2: SEMESTER 1		
Politics and Humanities		POL3611

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper

Pre-requisite:

None

Module description:

Aim: This module is aimed at providing a systematic overview of Politics as a field of inquiry and human activity and its relations to other social sciences in the Humanities.

Content: The course brings interdisciplinary content in this interface of politics and humanities include Anthropology, the Arts, Economics, Geography, History, Philosophy, Sociology and Linguistics. Special emphasis will be placed on the philosophical underpinnings of the discipline and its theoretical ideas.

Namibian Politics	PNP 3671
-------------------	----------

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Government Studies (PIG 3572)

Module description:

Aim: This module provides a systematic introduction to the recent political history of Namibia as an integral part of southern African history across three broad periods – pre-colonial, colonial and post-colonial – the transition of the country to independence.

Content: The module covers the national and international context of state and nation-building in Namibia, the topography of the State, and the role of a diversity of actors and agencies. It also covers the architecture of the Namibian State; the genesis and evolution of the Constitution (as amended), state-society relations and the role of civil society, the structure of the party system, Namibia within the African Union (AU), SADC and the international community.

Western Political Philosophy	PPW 3671
------------------------------	----------

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Introduction to Political Philosophy (POL3512)

Module description:

Aim: This principal purpose of this course on Western Political Philosophy is to give the student a sense of the central problems of political philosophy, and the most interesting attempts, throughout its history, to solve them.

Content: the course, explores the subject through a series of linked questions, such as the 'State of Nature'; justifying the State; who should rule; the place of liberty; the distribution of property, theories of justice; feminism materialism, ethics and emancipation. Ideas from the works of many philosophers will be presented, among them: Plato, Aristotle, Machiavelli, Hobbes, Locke, Rousseau, Montesquieu, Bentham, Hegel, Kant, Marx, Gramsci, Rawls, Nozick, Dworkin, and Wollstonecraft.

YEAR 2: Semester 2	
--------------------	--

Political Sociology	POL3612
---------------------	---------

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Politics and Humanities (POL3611)

Module description:

Aim: This module is aimed at engaging students with theories and empirical evidence in regard to the emergence, reproduction and transformation of social power, power distribution and legitimacy of political systems and institutions.

Content: It examines the character of the State, the relationship between state and society and the role of the state in the domains of social change and development. The course also incorporates aspects of African statehood, and sociological theories of class, power, hegemony, nationalism and nation-building, as well as the social basis for democracy and dictatorship. Referents will be drawn from a number of countries, inclusive of Namibia.

Basics of International Political Economy	POL3671
---	---------

NQF Level: 6 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Government Studies PIG 3572

Module description:

Aim: To promote an understanding of the interaction between politics and economics in international relations, while highlighting the sources of change in international political economy, and challenges faced by states in an era of global economic integration and fragmentation.

Content: This course provides an introduction to international political economy (IPE) by familiarizing students with the theories and dynamic linkages among markets, states and institutions, and civil society in the regional and global context. As such it covers major theories, concepts and issues of IPE including, international institutions, international trade, international finance, international development, and consequences and controversies of globalisation.

Politics of Development	POL3672
--------------------------------	----------------

NQF Level: 6	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	Politics and Humanities (POL3611)	

Module description:

Aim: This module is aimed at introducing students and explores international case-studies in political, social and economic development.

Content: From the perspectives of various theoretical schools of development thought (such as Modernization Theory, Dependency Theory, Neo – Liberalism, Post Modernism; as well as development paradigms and perspectives such the Sustainable Development, Community Development, Human Development etc.) interrogate the political systems of state power and capacity in context of development policy concepts and strategies: industrialization, social change, types of economic and social planning methodologies.

African Political Philosophy	PPP 3672
-------------------------------------	-----------------

NQF Level: 6	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	Introduction to Political Philosophy (POL3512)	

Module description:

Aim: African Political Philosophy is considered from various perspectives, such as the construct of ethno-philosophy (philosophy as cultural inquiry), political-ideological philosophy; professional/academic philosophy; African metaphysics, constructs of personhood, African epistemology; African ethics; human-relatedness (Ubuntu), the dignity of creation and the interrelated matrix of existence.

Content: The module contextualizes normative constructs such as justice, obligations, rights, gender and equality. Contemporary trends and discourses within African thought are explored in the works of philosophers.

Contemporary African Politics	PCP 3672
--------------------------------------	-----------------

NQF Level: 6	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	Government Studies (PIG 3572)	

Module description:

Aim: This module is geared at understanding the contemporary processes and challenges of Africa's political reality by focusing on analyzing democratization on the continent through taking a historical approach.

Content: This course provides an overview of contemporary African politics, with a focus on the dominant factors and forces shaping Africa's post-independence politics. It focusses on pre-colonial and colonial formations and the impact that those formations still have on post-colonial Africa. The state, governance, and social process are also critically looked at. Corruption, Aid, Ethnicity, Gender, and the Politics of HIV/AIDS are also extensively investigated. Democratization in Africa, the African Union, the New Partnership for Africa's Development (NEPAD) and their relevance to contemporary Africa are investigated. Africa's international relations, in particular its relationship with emerging powers in particular China and Brazil are also investigated. Regional case studies on conflict areas in Africa, and the bearing it has on peace, security and development on the continent are also explored.

Decolonial Studies	POL3772
---------------------------	----------------

NQF Level: 7	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	None	

Module description:

Aim: This module takes the students into postcolonial studies on lived experiences of the colonized people and their responses to colonialism and its legacy as underpinned by decolonial studies.

Content: The module covers the logic of colonialism, the purpose and its execution in the colonized zones. It also looks at the interaction between the colonized and the colonizers during the episode of colonialism. More importantly, the module deals with details with postcolonial societies and the question of colonial legacy. It covers aspects such as post-coloniality, coloniality of being,

coloniality of power and coloniality of Knowledge. It also captures contemporary decolonial struggle particularly on the African continent.

YEAR 3: Semester 1		
Public Policy	PPP 3771	

NQF Level: 7	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	None	
Module description:		
Aim: This module aimed to inculcate into students the construct of public policy, at both the meta- and the meso-levels of analysis, and		
Content: It offers a systematic overview of different approaches to public policy analysis (among these decision-making analysis, power approaches to decision-making, rationality and public choice approaches to public policy, institutional and process approaches to public policy and delivery analysis).		

The State in Africa	PSA 3771
----------------------------	-----------------

NQF Level: 7	Credits: 16	Contact Hours: 4 hours per week
MODULE Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	Contemporary African Politics (PCP 3672)	
Module description:		
Aim: This course offers a systematic overview of debates and approaches to the academic study of the State in Africa, concentrating on older and contemporary processes of state formation.		
Content: The approaches include modernization, Neo-Marxism, 'Failure of State' theories, the construct of 'fragile states' and of state fragility', the criminalization of the State, disorder as a political instrument, the State in Africa in a global context, the future of 'the nation state', post-colonial analysis of the State in Africa such as decoloniality and post-colonialism, and the developmental state in Africa.		

Parliamentary Studies	POL3751
------------------------------	----------------

NQF Level: 7	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	Introduction to Political Science (POL3511)	
Module description:		
Aim: This course is aimed at imparting theoretical as well as formal and procedural knowledge to students in regard to the roles, systems and workings of parliaments in both international as well as local contexts.		
Content: In the context of the various systems of government, the module will explore the different structural features of assemblies (single/ unicameral or bicameral) and their respective advantages and disadvantages, engages with the doctrine of the 'separation-of-powers' and the relationships among the three arm of the State (legislative, executive and judiciary); the key functions of assemblies/parliaments such as legislation, representation, committee systems, public scrutiny and oversight and legitimacy, parliamentary administration,; focuses on how the performance of assemblies/parliaments can be improved with special reference to the bicameral assembly/parliament of Namibia and the system of committees. The course will also explore the interrelationships between the Parliament, political parties, civil society and international state and non – state organs..		

International Relations	PIR 3771
--------------------------------	-----------------

NQF Level: 7	Credits: 16	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 50% (at least two assessments) Examination (50%): 1x 3h paper	
Pre-requisite:	None	
Module description:		
Aim: The course's main aim is to provide students with a sound understanding of: Consider the impact of major historical events on the evolution of IR, including the treaties of 1648, Europe's imperial expansion, the First World War and the ongoing influence of globalization Introduce a range of theoretical tools that will help you to analyse the behaviour of international actors and the nature of international systems. Define and discuss some main concepts within the discipline, including war, peace, the state and power Critically assess challenges facing contemporary international society, including security and global governance. Exploring the evolution of the discipline of international relations (IR) over the past century by examining our changing understandings of order in the modern world.		

YEAR 3: Semester 2	
Regional Studies: The Middle East	POL3712

NQF Level: 7 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Introduction to International Relations (PIR 3771)

Module description:

Aims: The course's main aim is to provide students with a sound understanding of: geopolitical relations and balances, and their inseparability from their economic and cultural backgrounds; the characteristics and significance of the Middle East as a major region of the so-called "South" – and as a challenge to the Capitalist West; sensitivity towards non-Western perspectives on contemporary political issues; and the complexities in interpreting such ideas as "state," "community," and "nation"

Content: The course explores the comparative politics and international relations of Middle Eastern states, principally in the late twentieth and early twenty-first centuries. We shall survey state, nation, ethnicity, sectarianism, pluralism, democracy, theocracy, and autocracy in the Middle Eastern context. We shall consider the significance of territory, resources, demography, culture/religion, and gender in political affairs. We shall give special attention to the post-2010 wave of uprisings in the Arab world, as well as to the intertwined ongoing crises of Syria and Iraq. Can these affairs be represented as 'Tyranny and Terror'? The course has cultural and historical components because of the need to interpret the present in terms of the past, especially in a core region of world civilization like the Middle East.

Research Methodology	RRP 3772
-----------------------------	-----------------

NQF Level: 7 **Credits:** 16 **Contact Hours:** 4 hours per week (56)
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: None

Module description:

Aim: This course provides a systematic overview of research methodology in the Social Sciences, with special emphasis on research design, data collection and analysis use of statistics, questions of validity and reliability, qualitative and quantitative research designs, research report writing and research ethics.

Comparative Political Economy	POL3732
--------------------------------------	----------------

NQF Level: 7 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Basics of International Political Economy POL3671

Module description:

Aim: This course is aimed at providing a solid overview of the political economy of the Asia-Pacific rim as well as Latin America. In relation to these two regions in the world, special emphasis is put on the politics, economics and the international relations of China, Japan and India on the one hand, and Mexico, Argentina and Brazil on the other.

Content: This course provides an overview of the political economy of important state actors in the international arena within Latin America as well as Asia-Pacific regions. The course will discuss political and economic relations within Asia-Pacific region (focusing on but not limited to China, Japan and India), and its international relations with the African continent by looking at ASEAN, new Silk Route, FOCAC. The course will discuss political and economic relations within Latin America (focusing on but not limited to Mexico, Argentina, Brazil), and its international relations with the African continent by looking at integration in Latin America (OAS and MERCOSUR) and the Atlantic as a geo-strategic area between Latin America and Africa. The course will also look at the political-economic international relations between Latin America and Asia-Pacific by looking at trade and investment relations, as well as the BRICS grouping.

Political Economy of Southern Africa	PSS3871
---	----------------

NQF Level: 8 **Credits:** 16 **Contact Hours:** 4 hours per week
Module Assessment: Continuous Assessment 50% (at least two assessments)
Examination (50%): 1x 3h paper
Pre-requisite: Contemporary Political Economy (POL3732)

Module description:

Aim: This course is aimed at providing a theoretically-informed overview and analysis of the fabric and key elements of the political economy of Southern Africa.

Content: This course seeks to provide the student with an in-depth understanding of the contemporary developments in southern Africa. The module looks at region-building in the southern Africa, by providing a theoretical understanding of regionalism as well as looking at the regional formations of SADC, SACU, and COMESA. It takes a closer look at the economic developments in the region, by focusing on trade and investments in the region as well as seeking to understand economic integration. The module also focuses on political issues of state consolidation and democratisation within the region. Issues of peace and security are analyzed in depth, by looking at both the challenges that military and human security present. Finally, the course focuses on understanding southern Africa's position in the global political economy, by looking at SAPs, FDI, and the politics of foreign aid.

International Relations and Organisations			PIR 3871
NQF Level: 8	Credits: 16	Contact Hours: 4 hours per week	
Module Assessment:	Continuous Assessment 50% (at least two assessments)		
Pre-requisite:	PIR 3771		

Module description:

Aim: To provide students with an in-depth understanding of the theories International Relations, to provide an overview of international organisations and their functions, and to teach students how to use these theories in analyzing the workings of international organisations.

Content: This course seeks to provide the student with an overview of International Relations theory and the workings of international organisations. The first part of this course presents students with a deeper understanding of the different theories of International Relations, building on the foundation from the previous year which focused on Classical Realism, Classical Liberalism and Marxism. The focus of this module will thus be on Neo-Realism, Neo-liberalism, Constructivism, Post-Colonial Theory and Critical Theory. The second part of this module focuses on key debates and issues surrounding international organisations, understanding the underlying theory as well as their role in global governance. The module explores the functioning of various international organisations such as the United Nations, the International Criminal Court and other international organisations. The module finally looks specifically at the role of international organisations in issues of peace and security, looking at collective security, peace-keeping, humanitarian intervention and post-conflict peace-building and reconstruction with particular reference to Africa.

Africa in the Global Economy			AC 3872
NQF Level: 8	Credits: 16	Contact Hours: 4 hours per week	
Module Assessment	Continuous Assessment 50% (at least two assessments)		
	Examination (50%): 1x 3h paper		
Pre-requisite	State in Africa (PSA 3771)		

Module description:

Aim: This course is aimed at introducing students to a theoretically-informed overview of the position and strategic policy choices that face Africa in the global economy.

Content: The course presents a critical overview of the structural and ideological features of the global economy, with special emphasis on International Financial Institutions (IFIs), the nature and structure of world trade under the aegis of the World Trade Organization (WTO), the EPAS, and policy discourses, such as those of the African Union (AU) – NEPAD and AGENDA 2063 - around the developmental state and the alternatives to Neo-Liberal Economics.

Comparative Politics			PCP 3872
NQF Level: 8	Credits: 16	Contact Hours: 4 hours per week	
Module Assessment	Continuous assessment: 50% - (a minimum of two assessments)		
	Examination: 50% - 1 X 3 hour paper		
Pre-requisite	Public Policy (PPP 3771)		

Module description:

To provide students with an in-depth understanding of the theoretical and empirical study of Comparative Politics.

This course focuses on issues in Comparative Politics such as actors, big and small states, global inequality, population growth, economic growth, the environment, conflict, global trends and political/governance challenges. Concepts in Comparative Politics – why, how to compare; comparative systems and functions; political institutions; policy level comparisons in terms of performance, outcomes and evaluation; political culture; political leadership; the politics of gender; and comparative regionalism.

Conflict and Dispute Resolution			PDR 3872
NQF Level: 8	Credits: 16	Contact Hours: 4 hours per week	
Module Assessment	Continuous assessment: 50% -(a minimum of two assessments)		
	Examination: 50% - 1 X 3 hour paper		
Pre-requisite:	State in Africa (PSA3771)		

Module description:

To provide students with a robust overview of Peace Studies and conflict research as a specialization in various social sciences, focusing on the study of this theme as part of Political Science.

This course provides a robust overview of conflict types and their referents, discusses the development of Peace Studies and conflict research as a specialization in various social sciences, critically reviews the different approaches and models to conflict management, resolution and transformation, and focuses on specific conflict fractures in Africa, inclusive of their sources and possible management and resolution.

Foreign Policy Analysis			POL3812
NQF Level: 8	Credits: 16	Contact Hours: 4 hours per week	
Module Assessment:	Continuous Assessment 50% (at least two assessments)		
	Examination (50%): 1x 3h paper		
Pre-requisite:	Introduction to International Relations (PIR 3771)		
Module description:			

Aim: The course's main aim is to provide students with a sound understanding of: The competing theories of foreign policy; The principal differences between foreign policy and international politics; How to analyze foreign policy using different levels of analysis; The uses and limits of comparative foreign policy analysis; How to ascertain the relative influence of psychological factors versus political institutions versus systematic constraints on foreign policy; and How international negotiations are conducted in forming foreign policy.

Content: This course aims to familiarize students with the process by which foreign policy is made. The course follows a traditional "levels of analysis" structure, beginning with the systemic or structural level, where we examine constraints on foreign-policy making such as balance of power considerations and alliance structures. We also consider systemic sources of foreign policy, including transnational social networks, multi-national corporations, Diasporas, epistemic communities, global norms, and the democratic peace. We then move to the state level to investigate the influence of domestic factors such as regime type, government veto players, bureaucratic and organizational politics, sub-state interest groups, public opinion and media, as well as cultural factors. Finally, we move to individual-level factors that influence foreign policy decision-making, including cognitive maps, leadership traits, psychological factors, perceptions, and beliefs.

Research Project		PRP 3870
NQF Level: 8	Credits: 32	Contact Hours: 4 hours per week
Module Assessment:	Continuous Assessment 100% (Submit Independent Research Project for evaluation)	
Pre-requisite:	Research Methodology PRP3772	
Module description:		
Aim: This course entails registered candidates to undertake, under suitably qualified supervision, an independent research project that meets the requirements of sound and ethical research.		
Learning Outcomes: Upon completion of this course, the student will be able to:		
Produce relevant research that meets the criteria of sound research design and execution.		
Build capacity for submission of a quality independent report.		
Deliver synthesis in the sense of putting together elements and parts so as to form an integrated, coherent whole.		
Methods of Facilitation of Learning		
The course will be facilitated through the following learning activities: self-directed learning through the research and contact with supervisors.

ENGLISH FOR ACADEMIC PURPOSES	ULEA3519

H.3 DIPLOMA IN LOCAL GOVERNMENT STUDIES (12DLGS) (OLD CURRICULUM) (phased out 2023)

H.3.1 INTRODUCTION

The Diploma in Local Government Studies is a two year programme, and aims to:

- Provide overall support to the decentralization and democratization effort – particularly at the level of the local state in Namibia.
- Support local authorities' capacity building in a focused manner by offering largely tailor-made and demand-oriented academic programmes.
- Provide students with an understanding of the legal framework that regulates local governance in Namibia.
- Enable students to understand how the relationship between national and sub-national governments can lead to the goal of achieving local sustainable development.
- Increase the interest of the students at higher educational institutions in local government by providing a separate Diploma in Local Government Studies for those who pass the required study courses.

H.3.2 CRITERIA FOR ADMISSION

- Only those candidates who hold a valid NSSC or any other equivalent qualification will be allowed to register for the programme. Other requirements include at least a D grade in English, and a minimum of 22 points on the UNAM Evaluation point Scale. The latter does not necessarily ensure and/or guarantee admission.
- Entrance is based on the availability of places and is awarded on merit. The University faculty reserves the right to interview candidates before admission.
- Admission could also be considered for persons who qualify through the Mature Age Entry Scheme upon successful completion of relevant examinations set out in the General Regulations. A special application form is provided for that purpose.
- Furthermore, applicants in possession of a Certificate in Local Government offered by NAMCOL will be admitted to the programme and module exemption will be granted at the discretion of the department concerned.
- Advanced Subsidiary (AS) - 22 points in five subjects including a C or above in English as a compulsory subject with at least one subject at AS Level (minimum grade *e*).
- UNAM Foundation programme with a minimum 55% average pass.

H.3.3 ARTICULATION OPTIONS

The candidates who successfully complete the programme will be exempted from selected first year courses offered in the Faculty of Economics and Management Science. A student who has completed only one year of the programme **will not** be admitted into any degree programme offered by the Faculty.

This qualification serves as an entry point to the Bachelor of Public Management. Students who wish to do any other programme in the Faculty of Economic and Management Sciences will have to conform to the entry requirements of the respective departments in the faculty.

H.3.4 ASSESSMENT CRITERIA

A candidate will qualify to sit for final examination upon obtaining 40% mark of continuous assessment. A candidate will also pass the course if s/he obtains 50% of the overall mark (after combining the continuous and the final examination marks) provided the continuous assessment mark was not less than 40%. The continuous assessment and final examination marks have a weight ratio of 40% and 60% each.

H.3.5 MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

A student will not be re-admitted into the Faculty if s/he has not passed at least

- 4 courses (64 credits) of which at least 2 (16 credits) must be none-core at the end of the **first** year of study.
- 7 courses (112 credits) at the end of the **second** year of study.

H.3.6 ADVANCEMENT AND PROGRESSION RULES

- A student **must pass not less than 4 courses (equivalent to 64 credits)** in the first year in order to advance to the second year.
- A student **must pass not less than 7 courses (equivalent to 112 credits)** at the end of the **second** year of study.
- A student **must also pass all pre-requisites** before registering for courses that require pre-requisites.

H.3.7 MAXIMUM NUMBER OF COURSES PER YEAR

A student will not be allowed to register for more than 9 courses. Courses that are repeated and those followed for non-degree purposes are included in the allowable maximum of ten courses.

H.3.8 REQUIREMENTS FOR QUALIFICATION AWARD

The Diploma in Local Government Studies will be awarded after the accrual of **272 CREDITS** upon completion of the programme.

H.3.9 CAREER OPPORTUNITIES

The Diploma in Local Government Studies offers students the opportunity to work and understand the functioning of local government institutions in Namibia. Because it is largely tailor-made for local government in Namibia, it offers the potential for further studies in Public Management in general and local government in particular. Students are enabled by the Diploma to work for both local government and non-governmental and international organizations.

H.3.10 MODE OF DELIVERY

The programme is offered on a full-time face-to-face mode. It is also offered at the Centre for External Studies on a distance mode.

H.3.11 DURATION OF STUDY

The Diploma in Local Government Studies cannot be obtained in less than two years on full-time face-to-face mode. The programme must be completed within three years of full-time registration and four years of distance registration.

H.3.12 IMPLEMENTATION STRATEGY

The reviewed programme will be implemented in 2012 for the new intake. For students who were enrolled before the implementation date, the following courses serve as equivalents for the old curriculum. These courses are listed below:

Module	Equivalent
Principles of Economics for Local Government (CEPG 2471)	Local Government Finance and Budgeting (CPGF 2472) Basic Micro Economics (EMI3571)/EMI2571
Human Resource Management (CPHM 2571)	Principals of Management (CMPP3579)
Legal Framework (CPLF 2571)	Politics and Administration (CPAP 2572) PAP2571
Local Government Strategic Management (CPSM 2572)	Project Development and Management (CPMM 2572)
Local Governance (CPLD 2472)	NO equivalent for module, Exemption will apply

H.3.13 CURRICULUM

The curriculum for the Diploma in Local Government Studies comprises **EIGHTEEN (18) COURSES** that facilitate accrual of **272 CREDITS** upon completion of the programme. To that end, five (5) courses must be offered in each semester of the first year and four (4) courses in each semester of the second year.

Kindly note that: ULEG2410 AND UCSI3580 ARE YEAR MODULES OFFERED IN BOTH SEMESTERS

Course code	Course	NQF Level	Credits	Compulsory(C)/ Elective (E)	(Co-requisite) Pre-requisite
YEAR 1: SEMESTER 1					
ULEG2410	English for General Communication	4	16	Compulsory	None
CPLG2471	Introduction to Local Government	4	16	Compulsory	None
CPNS2471	Basic Numeracy and Statistics	4	16	Compulsory	None

H.3.14 Syllabi

YEAR 1 : SEMESTER 1		
INTRODUCTION TO LOCAL GOVERNMENT		
CPLG2471		
EQUIVALENT: CPLD2472		
NQF Level: 4	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous Assessment: 50 %: two tests Final Examination: 50 %: 1 x 2 hours written examination	
Pre-requisites:	None	
Module Description:	The module focuses on political decentralisation and decentralized structures of government, local government roles and responsibilities, and the principles of urban governance namely: sustainability in all dimensions of local development' service provision; subsidiarity of authority and resources to the closest appropriate level consistent with efficient and cost effective delivery of services; equity of access to decision-making processes and the basic necessities of community life; efficiency in the delivery of public services and in promoting local economic development; transparency and accountability of decision-makers and all stakeholders; civic engagement and citizenship with all citizens participating in and contributing to the common good; and security of individuals and their living environment.	
BASIC NUMERACY AND STATISTICS		
CPNS2471		
EQUIVALENT: CABN2471		
NQF Level: 4	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hours written Paper	
Pre-requisites:	None	
Module Description:	This is a foundation course that focuses on basic mathematics and statistics. The focus includes concepts and probability theories.	
BASIC MICROECONOMICS		
CEMI3571		
NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	None	
Module Description:	Economics is the study of how society allocates scarce resources to satisfy the wants of its members for goods and service. As such, it is a subject concerned with issues of both efficiency and equity. An efficient economy gets the most it can from its scarce resources; an equitable economy fairly distributes the benefits of its resources among its members. Is the economy efficient? Is the economy fair? The course aims to introducing students to key concepts used in microeconomics and facilitate a basic understanding of the economic phenomena. The course is designed to help students understand that society's economic choices often involve trade-offs between efficiency and equity.	
YEAR 1 : SEMESTER 2		
LOCAL GOVERNMENT ACCOUNTING I		
CPFG2472		
NQF Level: 4	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	None	
Module Description:	This Module offers a broad academic knowledge on the Local Government accounting administration and control. It also deals with the cost and management accounting applicable to the activities of local governments, mainly focusing on internal reporting and management decision making. It also probes the tenets of financial planning and reporting requirements of local government accounts.	
LOCAL GOVERNMENT FINANCE AND BUDGETING		
CPGF2472		
EQUIVALENT: CEPG2471		
NQF Level: 4	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	None	
Module Description:	The module introduces students to the concepts of public finance by focusing on local government finance, linking costs incurred and services delivered. It also explores aspects of budgeting, sources of revenue, and monitoring and controls systems in local government. Additionally, it discusses the role of councillors in financial management.	
BASIC MACROECONOMICS		
CEMA3572		

NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks
Module assessment:	Continuous assessment 50%: two tests and one assignment Examination 50%: 1 x 3 hour examination paper	
Pre-requisites:	None	

Module Description:

This course introduces basic concepts and tools used in macroeconomic analysis: the theory, measurement, and determination of national income; business cycles; the multiplier; fiscal policy, budget deficits, and the national debt; aggregate supply and aggregate demand; money, banking, and monetary policy; exchange rates and balance of payments accounts; and stabilization policy for unemployment and inflation.

YEAR 2 : SEMESTER 1

LOCAL GOVERNMENT POLICY FORMULATION AND EVALUATION

CPPF2571

NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	None	

Module Description:

The course aims to impart specialized skills on policy focusing on specific areas, namely the definition of policy; content and operational scope of public policy; policy theories and typologies; the rationale behind policy formulation; knowing who the policy stakeholders are and what roles they play in the policy process; and the synergy between public policy formulation and formation.

LOCAL GOVERNMENT ACCOUNTING II

CPGA2571

NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	Local Government Accounting I (CPFG 2472)	

Module Description:

This Module deals with the standardization of local government financial statements developed over the years, the objectives attached to the statements and how the published annual financial statements of local authorities are compiled and what the contents of these statements entail. The other key areas dwelt on in this module are why certain financial statements are prepared for internal purposes only and the purpose of each.

PROJECT DEVELOPMENT AND MANAGEMENT

CPMM2571

EQUIVALENT: CPSM2572

NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	None	

Module Description:

The course addresses the application of project management skills, such as project planning, team building, logical framework analysis, project budgeting, project implementation and monitoring and evaluation.

LOCAL SUSTAINABLE DEVELOPMENT

CPLA2571

NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper	
Pre-requisites:	None	

Module Description:

The course focuses on approaches to sustainable urban and rural development, strategic planning, tactical economic decision-making, evaluating economic development strategies and projects. It also concerns itself with urban and rural planning and economic development. Furthermore, it explores current issues in urban and rural development, team project presentations and reviews, analysis for economic development strategy: inter-relationships within and between local authorities, developing linkages with other local authorities. The conceptual underpinnings of development aid are explored, as well as the rationale and type of aid, and technical knowledge of handling aid is dealt with. The genesis, conceptualization, importance, types and relations that Non-Governmental Organisations (NGOs) have with government are also investigated. In addition, the legal and institutional framework in which NGOs functions is also examined. Finally, ways in which communities are mobilized empowered and how they participate in ensuring local sustainable development are dealt with.

YEAR 2 : SEMESTER 2

POLITICS AND ADMINISTRATION		CPAP2572	EQUIVALENT: CPLF2571
NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks	
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper		
Pre-requisites:	None		
Module Description: The course covers introductory topics of Public Administration and Political Science such as, defining politics and describes the role of the state and civil society in transitional democratic modern societies. It discusses democracy and good governance, government institutions, decentralization, regimes and party systems. It also covers the scope of public administration, evolution, theories and ethical issues.			
URBAN PLANNING AND INFRASTRUCTURE ISSUES		CPCP2572	
NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks	
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50% :1 x 2 hour paper		
Pre-requisites:	None		
Module Description: The content offers a wide range of fields of knowledge that are essential to the comprehension of city (town) and infrastructure planning. At various scales, the module familiarises students with phenomena of urban living, the formation of contemporary cities, causes and effects of urbanisation, mobility and infrastructure development, observed under different politico-economic and social cultural conditions. It examines a set of problem formations experienced in sector and spatial planning, emerging from paradoxes pertaining to urban development paradigms, concepts of city planning, asset management and distinct public services; claimed by and provided to polarised urban societies and their interest groups. With view to the role research plays in urban planning and infrastructure development, the module invites students to discuss scenarios related to planning, implementation and sustainability of the quality of urban live, the politico-economic future of Namibian cities and national settlement systems.			
LOCAL GOVERNMENT AUDITING THEORY		CPLD2572	
NQF Level: 5	Credits: 16	Contact Hours: 4 hours lecture per week for 14 weeks	
Module Assessment:	Continuous assessment: 50%: two tests Final Examination: 50%:1 x 2 hour paper		
Pre-requisites:	None		
Module Description: The module seeks to provide descriptive study of auditing theory and practice at Local Government level. To that end, it focuses on auditing systems and practices. These include measurement of performance used to assess and verify value for money in local government. It also seeks to enhance students' understanding of the accountability of municipalities and counties. Additionally, the course takes cognisance of the fact that practices in auditing and accounting grew out of new management paradigms in the public sector with the object to achieve accountability, effectiveness, and efficiency.			
PRINCIPLES OF MANAGEMENT		CMPP3572	EQUIVALENT: CPHM2571
NQF Level: 5	Credits: 16	Contact hours: 4 hours lecture per week for 14 weeks	
Module assessment:	Continuous assessment 50% (Minimum of 2 tests and 1 assignment)		
Pre-requisite:	None		
Module Description: Students will also be exposed to the various functions of management which are planning, organising, leading and control. As management forms part and parcel of our daily lives, students are expected to keep abreast with the latest developments in terms of local and international media and how it impacts on businesses, looking at the social, economic, political and cultural environments. Additional topics to be covered in this module are: introduction to various forms of entrepreneurship, religion and business world and business management, various economic systems, business counselling, coaching and networking. Above all students will be introduced to the history and evolution of the theories of management.

ENGLISH COMMUNICATION FOR GENERAL COMMUNICATION		ULEG2410	

IMPORTANT NOTE TO ALL STUDENTS WHO HAVE COMPLETED THE DIPLOMA IN LOCAL GOVERNMENT STUDIES

The 2010 Prospectus of the Faculty of Economic and Management Science states that students who successfully complete the Diploma in Local Government, will be exempted from all first year courses offered in the Faculty of Economic and Management Science, except Business Mathematics and English.

Following consultations with the various departments, it was agreed that the above provided for exemptions, did not take into consideration the difference in levels on which the courses are offered at diploma and under-graduate degree level. Moreover,

the fact that the diploma was tailor-made for those interested in pursuing the degree of Bachelor of Public Management (BPAM), it is unrealistic to expect other departments within the faculty to exempt students from courses others who have met the requirements for degree courses are expected to do. Thus it was decided that students who have finished the above-mentioned Diploma and would like to pursue the degree of Bachelor of Public Management (BPAM), will receive exemptions for certain courses only. These courses are:

1. **Computer Literacy (UCLC3409);**
2. **Contemporary Social Issues (UCSI3429);**
3. **Principles of Management Science (CMPP3572);**
4. **Basic Micro Economics (CEMI3571);**
5. **Basic Macro Economics (CEMA3572); and**
6. **Government Studies (PIG3572)**

I. SYLLABI UNAM CORE COURSES

I.1 ENGLISH COURSES OFFERED BY THE LANGUAGE CENTRE

CERTIFICATE LEVEL

ENGLISH COMMUNICATION FOR CERTIFICATE PURPOSES (OFFERED IN SEMESTER 1 AND SEMESTER 2)			CEC1310
NQF Level: 3	Credits: 32	Contact hours: 4 Lecture hours per week for 14 weeks	
Module assessment:	Continuous Assessment (60%) Examination (40%): 1 x 3 hour examination paper		
Pre-requisites:	None		
Module Description: This module attempts to assist students to improve language proficiency regarding: reading comprehension, writing, speaking, listening and referencing skills in order for them to utilise English language at work or in study. Students are required to complete assignments and tests designed for the module. The main aim of the module is to communicate in English language. The course content included the following: Referencing skills: Dictionary work; Speaking; Writing: Sentences, Paragraphs; Vocabulary; Summarizing; The essay; Referencing, i.e. plagiarism and In-text citations; Letter writing; Curriculum Vitae / resume; Reading; Listening; and Grammar.			

DIPLOMA LEVEL

ENGLISH FOR GENERAL COMMUNICATION		(OFFERED IN SEMESTER 1 AND SEMESTER 2)	ULEG2410
NQF Level: 4	Credits: 32	Contact hours: 4 hours per week for 28 weeks	
Module Assessment:	Continuous Assessment (60%): 4 reading tests; 4 writing tests; 2 oral presentations; 1 literature worksheet		
	Examination (40%):1x3 hour paper		
Pre-requisites:	None		
Module Description:			
This module attempts to assist students to improve their general English proficiency. The main goal of this module is, therefore, to develop the reading, writing, listening, speaking and study skills of students in order for them to perform tasks in an academic environment. This module focuses on the skills students need to perform cognitive academic tasks in an academic environment and beyond.			

DEGREE LEVEL

ENGLISH COMMUNICATION & STUDY SKILLS		ULCE3419
NQF Level:4	Credits: 16	Contact hours: 4 hours per week for 14 weeks
Module Assessment:	Continuous assessment (60%): two tests (reading and writing), two reading assignments, One oral presentation Examination (40%): one three hour examination paper	
Pre-requisites:	None	
Module Description:		

This module is aimed at assisting students in the development of their reading, writing and speaking and listening skills, in order to cope with studying in a new academic environment and in a language, which may not be their first language. The module also focuses on study skills that students need throughout their academic careers and beyond. The module serves as an introduction to university level academics, where styles of teaching and learning differ from those at secondary schools in that more responsibility is placed on the student. The module therefore, focuses on the skills that students need throughout their academic careers and beyond.

ENGLISH FOR ACADEMIC PURPOSES		ULEA3519
NQF Level: 5	Credits: 16	Contact hours: 4 periods per week for 14 weeks
Module assessment:	Continuous assessment (60%): 2 tests (reading and writing), 1 academic written essay, One oral presentation Examination (40%) : One three hour examination paper	
Pre-requisites:	None	
Module Description: This module develops a student's understanding, and competencies regarding academic conventions such as academic reading, writing, listening and oral presentation skills for academic purposes. Students are required to produce a referenced and researched essay written in formal academic style within the context of their university studies. Students are also required to do oral presentations based on their essays. The reading component of the course deals with academic level texts. This involves students in a detailed critical analysis of such texts. The main aim is therefore, to develop academic literacy in English.		

I.2 UNIVERSITY CORE COURSES BY OTHER FACULTIES

COMPUTER LITERACY		UCLC3509
NQF Level: 5	Credits: 8	Contact hours: 1 lecture theory and 1 lecture practical per week for 14 weeks
Module assessment:	Continuous Assessment 100%: 2 Practical Tests 50%, 2 Theory Tests 50%	
Pre-requisites:	University Entry	
Module Description: The aim of this module is to equip the students through hands-on experience with the necessary skills to use application software: word processing, spreadsheets, databases, presentations and communications. The objective is to increase student's productivity in both the education and later, the work environment.		
Content: The module covers the following topics. Introduction to Computers: hardware and software, types and categories of computers, usage of Computer devices and peripherals. Working with the windows operating system: File Management, working with multiple programs, using the recycle bin. Using a word processor: formatting a text and documents, spelling check, grammar and thesaurus tools, inserting tables, auto-shapes, clip arts, charts, and mail merge. Spreadsheet: worksheets and workbooks, ranges, formulas and functions, creating graphs, charts, and printing the workbook. Databases: creating tables, relationships, queries, forms and reports. Presentation software: slide layout and master, animations, auto-content wizard and templates. Communication tools: introduction to the Internet, web browsers, search engines, downloading and uploading files, creating and sending messages, email etiquette, internet security, and digital signatures.		

CONTEMPORARY SOCIAL ISSUES(OFFERED IN SEMESTER 1 AND SEMESTER 2)		UCSI3580
NQF Level: 5	Credits: 8	Contact Hours: 1 hour lecture per week for 28 weeks
Module Assessment:	This is a 100% continuous assessment module with a variety of assessments which evaluate and test the students' individual learning and mastering of the course content (subject knowledge) through quizzes, tests, Moodle assignments, journal entries, reflections as well as service and experiential learning projects.	
Pre-requisite:	None	

Module Description:
The module, **Contemporary Social Issues (CSI3580)**, is designed to encourage behavioural change among UNAM students and inculcate the primacy of moral reasoning in their social relations and their academic lives. In providing students with critical and analytical thinking the module enables students to grow and develop into well rounded citizens, capable of solving contemporary social challenges experienced in their communities and societies. The teaching of the module takes three dimensions: the intellectual, the professional and the personal dimensions. The intellectual dimension is fostered through engaging students with subject knowledge, independent learning and module assessment. The professional dimension, on the other hand, is fostered through exposing students to real life situations of case studies and practical exercises that draws attention to social issues that attract ongoing political, public and media attention and/or debate.

POSTGRADUATE QUALIFICATIONS

Master of Science Economics (12MSEC)

INTRODUCTION

The Master of Science (M.Sc) in Economics programme offered by the Economics Department at UNAM is to be upgraded to a collaborative Masters programme in Economics, under the coordination of the African Economic Research Consortium (AERC), based in Nairobi, Kenya. The programme consists of three phases: the first phase is coursework, which covers the core courses and selected electives offered at UNAM; the second phase is the set of electives offered through a Joint Facility for Electives (JFE) in a country chosen by the AERC's Academic Board; and the final phase involves theses to be conducted after completion of coursework, including the electives offered at the JFE.

The first intake of the collaborative Masters programme in Economics at UNAM will commence in July/August 2009 and continue on a full-time basis until May/June 2011. The programme for the subsequent years will follow the same cycle.

During the end-of-academic year break (May/June to August/September), the students will be required to attend the Joint Facility for Electives in the country chosen by the AERC's Academic Board.

OBJECTIVES

The collaborative Masters programme aims to assist participating universities in training economists in advanced theory and methods, mainly for policy analysis and economic management within government, but also for employment in the private sector. It aims also to provide the foundation for students to pursue more advanced studies at the doctoral level, mainly for employment in universities and research institutions. To these ends, the collaborative programme aims to help develop Masters programmes in Economics in African universities that meet international standards, which are relevant to the unique circumstances of African economies, and which can eventually be sustained with local resources.

The programme is designed for graduates with a strong interest in economics, with the aim of strengthening skills in quantitative methods and econometric techniques needed for advanced studies in economics, research and the academic profession. The programme is also suited for professionals in the private and public sectors since these sectors need economic tools to analyse risks from different perspectives. The main objective of the program is to build capacity, particularly for the Economics Department at UNAM, as well as for the Namibian economy, since there are limited qualified professionals in the field of economics in the country.

ADMISSION REQUIREMENTS

1. A candidate must have a Bachelor of Economics or an equivalent degree from UNAM or any other recognized institution of higher learning.
2. A candidate must have a minimum of a C grade average (Lower Second Class degree).
3. All applications will be reviewed and shortlisted by a committee of the Department of Economics at UNAM.
4. Prospective students may be interviewed by the Departmental Committee if deemed necessary.
5. Applicants should note that submission of application does not necessarily ensure admission.

DURATION

The Master of Science degree in Economics cannot be obtained in less than two years of study, and must be completed within a period of three academic years. There will be no possibility of re-admission after a student has been discontinued from the programme.

ASSESSMENT AND EVALUATION

1. For each taught course, there will be at least two pieces of work to account for the continuous assessment (CA) mark, and these will involve tests, assignments, projects and term papers, as deemed necessary by the Lecturer.
2. There will be a three-hour examination in each taught course at the end of the semester in which it is offered.
3. A student must obtain a continuous assessment mark of at least 40% for admission to examination. The final mark will consist of 50% of the CA mark and 50% of the end-of-semester examination mark.
4. The end-of-semester examination papers will be moderated internally and externally.

5. The University of Namibia's regulations for postgraduate studies, class attendance, examinations, academic integrity and other rules will apply to the M.Sc programme in Economics.
6. A student must pass all taught courses before being allowed to work on the thesis. A student who fails a course but meets the minimum requirement for a supplementary examination must take the supplementary examination and pass it, to avoid being discontinued from the programme.
7. A student must pass all courses (including the thesis) to qualify for the award of the M.Sc degree in Economics.
8. The assessment and evaluation of students in the electives offered at the JFE will be determined by the AERC's Academic Board. The marks obtained in courses offered at the JFE will form part of the student's academic record at UNAM.
9. A student must submit a research proposal by the beginning of the first semester in the second year of study. The proposal must be presented to a Departmental Seminar consisting of his/her colleagues and staff members, including the thesis supervisor. The proposal must be approved by the Department of Economics and the Postgraduate Studies Committee before the research study can be conducted.
10. Each thesis will be examined and graded by an Internal Examiner and an External Moderator.
11. Successful candidates will be conferred the Degree of Master of Science in Economics upon completion of their studies.
12. Rules and regulations of the Postgraduate Studies Committee of UNAM will apply.

TEACHING METHODS

Teaching of courses will include lectures, group discussions, seminar presentations, public lectures, and guest speakers.

MODE OF DELIVERY

The programme will be offered face to face during the day on a full-time basis.

EXEMPTIONS

A student who has completed and passed any or some of the courses and electives included in this curriculum at the masters' level may qualify for exemption up to a maximum of two courses, subject to recommendation of the Head of Department and approval by the Registrar's Office.

CURRICULUM

Code	Course Title	Contact/Hours Per week	Credits	NQF Level
Year One - First Semester				
UAE5819	Academic Writing for Postgraduate Students	4	24	9
EMT6951	Advanced Microeconomic Theory I	4	24	9
EMA6951	Advanced Macroeconomic Theory I	4	24	9
EME6951	Advanced Mathematical Economics	4	24	9
	Total	224	96	
Year One - Second Semester				
EMT6952	Advanced Microeconomic Theory II	4	24	9
EMA6952	Advanced Macroeconomic Theory II	4	24	9
EAE6952	Advanced Applied Econometrics	4	24	9
	Elective	4	24	9
	Total	224	96	
Year Two - First Semester				
ERM6951	Research Methodology and Econometrics	4	24	9
*First Semester – Students take any two of the *Electives listed below, see note below				
	Elective	4	24	9
Year Two - Second Semester				
ETM6952	Thesis		72	9

* The electives will be offered at the JFE if the Department of Economics starts to offer the CMAP, otherwise those electives would be offered locally at UNAM.

MASTER OF SCIENCE IN DEVELOPMENT FINANCE [12MSDF]

INTRODUCTION

The purpose of this qualification is to provide students with the knowledge and skills to be able to work in the field of development finance, as a professional discipline and to be able to assist in the design and implementation of development finance policies. Development finance institutions potentially play an important role in achieving economic growth and contributing to employment creation. Despite the importance of development finance, there is currently no Namibian university which provides a postgraduate degree in development finance. This program, therefore, aims to ensure that Namibia produce enough development finance experts to meet their growing development needs. The qualification will develop the capacity for quantitative and qualitative analysis, and critical thinking in line with current technological, social and cultural developments in Namibia. The qualification will also increase the number of the much-needed critical mass of trained people in the area of economic research in the country. The qualification aims to satisfy the needs of various stakeholders and was developed in consultation with their representatives.

CRITERIA FOR ADMISSION

Prospective students must be in possession of a NQF (Namibian National Qualifications Framework) Level 8 Bachelor (honours) degree qualification in economics, commerce, finance or an equivalent, with an overall grade average of 60% (and above) from UNAM or any other recognised institution. All applications will be reviewed and shortlisted by a committee of the Department of Economics at UNAM. Note: submission of an application does not necessarily ensure admission.

Note: Applicants should note that the submission of an application does not necessarily ensure admission.

ACADEMIC YEAR AND MODE OF DELIVERY

The programme of the Masters of Science in Development Finance programme will be offered on full-time basis through a blended mode of delivery in the form of block sessions through face-to-face classes on the Windhoek campus with online and mentor support.

DURATION OF STUDY

The minimum duration of the programme is two (2) years.

The maximum duration of the programme is four (4) years.

ASSESSMENT CRITERIA

A student will qualify to sit for examination upon obtaining a 40% mark based on continuous assessment (CA) for that module.

Furthermore, he/she should obtain a final mark of 50% for a pass. (The continuous assessment and examination marks carry a weight ratio of 50% each. A subminimum examination mark of 40% is a compulsory requirement for a pass.

MAXIMUM NUMBER OF CREDITS PER YEAR

Year 1: 126

Year 2: 126

ADVANCEMENT AND PROGRESSION RULES

A student must pass at least 6 first year modules (108 credits) in order to advance to the second year of study. A student must have passed all modules and submitted an acceptable Research Proposal before commencing with the Mini Thesis

EXIT PROGRAMME OUTCOMES (OUTCOME FOR WHOLE QUALIFICATION)

Holders of this qualification are able to:

- Apply analytical skills related to development finance
- Assess contemporary issues related to development finance at the macro and micro levels
- Appraise current research and scholarly debates about the design, implementation and evaluation of specific problems of development finance
- Interpret the theories underpinning development finance practices and apply them to address
- development finance challenges facing public and private sectors as well as NGO's
- Formulate research in development finance at an advanced level and to communicate effectively the findings of such research to peers, policy-makers and other end-users

ARTICULATION OPTIONS

The qualification should serve as an entry point to PhD Development Finance

MINIMUM REQUIREMENTS FOR RE-ADMISSION INTO THE FACULTY

To be re-admitted to the programme for a particular year of registration, a student must have passed the minimum of 5 modules (90 credits) by the end of first year. A student will not be re-admitted if a compulsory module is failed twice.

REQUIREMENTS FOR QUALIFICATION AWARD

This qualification will be awarded to candidates credited with a minimum of 252 credits, and who have met the requirements of the compulsory and elective modules.

CAREER OPPORTUNITIES

The Master of Science in Development Finance provides training which equips graduates of the course for successful careers in public sector, bank and non-bank financial organisations, international finance institutions, including Development Finance Institutions (DFIs), Aid agencies, Development Foundations, NGOs, Academic and Research Institutions.

IMPLEMENTATION STRATEGY

The programme will first be implemented in 2019. The first year's modules will be introduced during the first year and the second year's modules would be introduced during the second year. The programme will only be offered if the minimum number of 7 students in given year is attained.

12. Summary Table for all courses in the Programme

Curriculum framework of the MSC degree in Development Finance

Module code	Module title	NQF credits	NQF level	Compulsory (C)/ Elective (E)	Contact hours
Year 1 Semester 1					
EDF5981	Micro-enterprise finance	18	9	C	3
EDF5991	Project finance	18	9	C	3
EDV5981	Financial services & regulation	18	9	C	3
UAE5819	Academic writing for postgraduate students	24	9	C	4
Total credits semester 1: 54					

Year 1 Semester 2					
EDF5982	Issues in development finance	18	9	C	3
EDF5992	International finance for development	18	9	C	3
EDV5982	Local & regional development	18	9	C	3
EDV5992	Corporate finance & investment	18	9	C	3
Total credits semester 2: 72					
Total credits year 1: 126					
Year 2 Semester 1					
EDV5991	Quantitative research methods	18	9	C	3
	Elective	18	9	E	3
	Elective	18	9	E	3
EFD5981	Research methods	12	9	C	2
Total credits semester 1: 66					
Year 2 semester 2					
EFD5992	Mini Thesis	60	9	C	
	Total credits semester 2	60			
	Total credits year 2	126			
	Total credits for the programme	252			

*Not a credit bearing module

List of Electives (an elective will only be only offered provided a minimum of 5 students and depending on capacity, students can also take electives on Partner University)

EDI5981 Infrastructure Finance EDP5991: Project management EDR5981: Risk management

PART B: MODULE DESCRIPTOR	
Module Title: Micro -Enterprise Finance	
Module Code	EDF5981
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	

Compulsory/ Elective	Compulsory
Semester Offered	1
Module Aims	The module aims to address essential concepts of micro -enterprise finance by examining both institutional finance and finance as a structured approach to decision-making with reference to small, micro and medium enterprises.

Learning Outcomes/ Specific Outcomes

On completing the module students should be able to:

- Analyse the origins, causes and potential outcomes of current issues and debates in the field of micro-enterprise finance
- Critique microfinance experiences presented in the form of case studies
- Compare institutional finance and finance as a structured approach to decision making in SME finance Develop micro financial forecasting based on available information
- Explain the challenges and problems of microenterprises in developing countries
- Evaluate processes of working capital management

Module Content

Overview of entrepreneurial finance; Determining the appropriate source of start -up capital, Venture capital, Structuring smart deals, Alternative sources of capital, Profit, Profitability, and Break -Even Analysis, Financial Forecasting, Working capital management, Evaluating investment decisions, and Choice of financing and harvesting. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials and guest lectures.

Assessment Strategies

Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Otero, M. and Rybe, E (1994). *The New World of Microenterprise Finance: Building Healthy Financial Institutions for the Poor*

Bloomfield: Kumarian Press.

Harper, M. (1998). *Profit for the Poor: Cases in Micro -Finance* . California: Intermediate Technology Publications.

Further Readings

Selected recent articles from academic journals, including The Review of Development Finance, International journal of Development Issues, World Bank Economic Review, World development Websites: www.imf.org; www.nber.org; www.globalcidedf.com

Module Title: Project Finance

Module Code	EDF5991
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites) Prerequisite	None
Compulsory/ Elective	Compulsory
Semester Offered	1
Module Aims	
The module aims to provide students with concepts and theories, as well as the practical tools and techniques for project finance evaluation, analysis and modelling, resulting in a deep understanding of the risk-return character of limited recourse projects in project finance from multiple perspectives.	
Learning Outcomes/ Specific Outcomes On completing the module students should be able to: <ul style="list-style-type: none"> • Appraise the concepts and theories for project finance valuation, analysis and modelling • Compare the tools and techniques for project finance valuation, analysis and modelling • Argue the risk-return character of limited recourse projects from multiple perspectives. • Evaluate project viability • Assess project finance evaluation • Interpret complex case studies on project finance 	

Module Content

Analysis of project viability, Designing security arrangements, Structuring the project, Financing Plan, Discounted cash flow analysis, Financial modelling and project evaluation, Issues for host Government, Project finance market, Managing project risk. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities:

Lectures, written assignments, class discussions, tests, tutorials and guest lectures.

Assessment Strategies

Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Tinsley, R. (2000). *Advanced Project Finance: Structuring Risk*. London: Euromoney Books.

Rowey, K., Bliss, N., Bonser, A., Carver, A. & Coker, M. (2008). *Project Finance: Principles and Practice*. Oxford: Oxford University Press.

Asian Development Bank. (2017). *Guidelines for the Economic Analysis of Projects*. Mandaluyong City.: Asian Development Bank.

Further Readings

Module Title: Financial Services Regulation	
Module Code	EDV5981
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites) Prerequisite	None
Compulsory/ Elective	Compulsory
Semester Offered	1
Module Aims	
The aim of this module is to expose students to a framework of financials sector regulation and how the various components fit together.	
Learning Outcomes/ Specific Outcomes On completing the module students should be able to: <ul style="list-style-type: none">• Explain the major difficulties of financial market regulation• Interpret the principles of financial regulation and the broader policy framework(s) within which it is situated• Argue the various theoretical approaches to regulation• Evaluate the different tools and techniques in prudential and conduct supervision• Evaluate the implications of financial crises and failures• Examine the international context of financial supervision and be able to evaluate the implications for large or complex entities	

Module Content

The role, purpose and functioning of national capital markets within the framework of global markets, national and international regulation, and supra-national bodies. The module examines the effect of market, legal and regulatory structures on behaviour through the concepts of efficiency, transparency and equity. Other topics are financing the global firm: multinational cost of

capital and capital structure; sourcing debt and equity globally.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Vines, D and Gilbert, C.L. 2004. *The IMF and its Critics: Reform of Global Financial Architecture*. Cambridge: Cambridge University Press.

Further Readings

Ghosh, B. 2002. *Global Financial Crises and Reforms: Cases and Caveats*. London: Routledge

Greenwood, R, Hanson S.G, Stein, J. and Sunderam, A. (2017). *The Financial Regulatory Reform Agenda*

in 2017. Harvard Business School working paper 2017 -09.

Selected recent articles from academic journals, including The Journal of Financial Regulation and the Journal of Financial Regulation and Compliance.

Module Title: Local and Regional Development	
Module Code	EDV5982
NQF Level	9
Contact hours	3 lecture hours per week for 2 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Compulsory
Semester Offered	2
Module Aims	
To provide students with specialist knowledge and a comprehensive understanding of the political and economic aspects of regionalism and the tools to manage these aspects in a practical way.	
Learning Outcomes/ Specific Outcomes	
On completing the module students should be able to:	
<ul style="list-style-type: none">• Argue political and economic aspects of regionalism and their practical management• Evaluate the political and economic impact of regionalism on the management of development.• Describe relevant regional integration systems.	

Module Content

The module will provide a thorough and comprehensive understanding of political and economic aspects of regionalism and their practical management in today's world. It will first provide an overview of a number of regional integration systems. The second part will illustrate how regions may steer their own economic destiny and thereby enhance territorial cohesion. The module will discuss

and compare a number of regional blocs in the context of geography and examine the different comparative and competitive advantages between regions. The course will discuss a number of relevant cases studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, guest lectures and tutorials.

Assessment Strategies

Continuous Assessment: 50%. At least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning resources Prescribed textbooks

Pike, A (2011) *Local and Regional Development*. New York: Taylor and Francis Pike, A, Rodríguez -Pose, A and Tomaney, J (2010).

Handbook of Local and Regional Development. London: Routledge

Module Title: Issues in Development Finance	
Module Code	EDF5982
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites) Prerequisite	None
Compulsory/ Elective	Compulsory
Semester Offered	2
Module Aims	
The aim of the module is to provide students with insight into significant concepts, approaches and issues of policy relevant to financial and economic development processes.	
Learning Outcomes/ Specific Outcomes On completing the module students should be able to: <ul style="list-style-type: none"> • Contrast issues of practical significance in financial and economic development processes • Compare significant development finance theories in terms of their relevant strengths and weaknesses role finance play • Explain the dynamics of financial architecture and sustainable development, including the role of formal and informal financial markets • Interpret approaches and policy issues relevant to financial and economic development processes • Evaluate country risk analysis • Analyse real -life case studies in development finance applications 	

Module Content

Introduction to Development Finance, Contracts, Agency and Transaction Cost, Asymmetric Information, Capital Markets and Credit Rationing, Social Collateral and Inverted Banking, Formal and Informal Credit Markets, External Aid and Development, Finance and Sustainable Development, Country Risk Analyses. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Kirkpatrick, C.H. and Murinde, V (editors). (2006). *Development Finance*. Edward Elgar Smith, K and Smith, R.L. (2011). *Entrepreneurial Finance*. New York: Wiley

Selected recent articles from academic journals, including The Review of Development Finance, International journal of Development Issues, Journal of Contemporary issues in Development Finance

Module Title: International Finance for Development	
Module Code	EDF5992
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Compulsory
Semester Offered	2
Module Aims	
The module aims to investigate key aspects that drive international finance in developing countries using case studies and best practice models	

Learning Outcomes/ Specific Outcomes

On completing the module students should be able to:

- Interpret several core issues pertaining to international finance in developing countries
- Compare the differences between Africa's emerging and developed financial markets
- Contrast financial sector policies and their impact on financial markets
- Describe the international financial system and financial markets
- Analyse key global issues in international finance development, including the international monetary system, foreign exchange, exchange rates, international financial markets and cash flow operations
- Interpret development -related case studies on issues pertaining to international monetary and financial policy, money and capital markets and international banking

Module Content

Introduction to Development Finance, Contracts, Agency and Transaction Cost, Asymmetric Information, Capital Markets and Credit Rationing, Social Collateral and Inverted Banking, Formal and Informal Credit Markets, External Aid and Development, Finance and Sustainable Development, Country Risk Analyses. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities:

Lectures, written assignments, class discussions, tests, guest lectures and tutorials.

Assessment Strategies

Continuous Assessment: 50%. At least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning resources**Prescribed textbooks**

Ocampo, J.O., Kregel, J and Griffith-Jones, S (2007). *International Finance and Development*. London: Zed Books.

Gandolfo, G. (2005). *International Finance and Open-Economy Macroeconomics*. New York: Springer. Selected recent articles from academic journals, including International Journal of Economic and

Financial Issues, The Review of Development Finance, International journal of Development Issues,

Module Title: Quantitative Methods	
Module Code	EDV5991
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Compulsory
Semester Offered	1
Module Aims	

The module aims to equip students with the competencies required to conduct independent quantitative research of which the statistical results will offer both theoretical and practical solutions to challenges encountered in the field of development finance.

Learning Outcomes/ Specific Outcomes

On completing the module students should be able to:

- Demonstrate an understanding of applying quantitative techniques to a range of problem in development finance
- Communicate the results of quantitative analyses in the contexts of development finance
- Interpret probability theory and data analysis, with special reference to finance
- Apply quantitative research techniques
- Construct purposeful quantitative methodologies
- Interpret the results of the statistical analysis in the form of findings, recommendations and conclusions.

Module Content

Probability theory, descriptive data analysis, decision trees, estimation and hypothesis testing, and simple statistical analysis such as correlation analysis, regression analysis and time series analysis. The logic of the research process and the different forms of reasoning, the formulating of the research question(s), literature review, deciding on the research design and methodology, conceptualisation, sampling, data collection and analysis. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities:

Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Watsham, T.J. and Parramore, K. 1996. *Quantitative Methods in Finance*. London: Thomson Learning

Keller, G and Warrack, B. (2014). *Statistics for Management and Economics*. 10th Edition. London: Thomson Learning.

Module Title: Corporate Finance and Investment	
Module Code	EDV5992
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Compulsory
Semester Offered	2
Module Aims	

The aim of this module is to provide students with a critical understanding of the principles underlying corporate finance and investment decision -making and to enable students to provide risk -adjusted estimates of the value of an investment.

Learning Outcomes/ Specific Outcomes

On completing the module students should be able to:

- Develop analytical skills for evaluating strategic and investment decisions;
- Identify and incorporate risk in investment decisions;
- Understand and apply portfolio theory and capital asset pricing models in asset allocation;
- Evaluate alternative methods in long -term project evaluation;
- Justify strategic financial management decisions

Module Content

The course's goal is to develop the theoretical and practical tools essential to the execution of the corporate finance function. The course aims at value creation through integrated financial, strategic, and operating decisions. Students build the knowledge and skills critical to the finance function of evaluating investment decisions; proposing, assessing, and implementing financial decisions; and evaluating and managing risk. Topics include, corporate valuation, capital asset pricing, financing decisions and market efficiency, dividend policy and capital structure, debt financing and leasing mergers and acquisitions, and investment performance evaluation.

The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% Continuous Assessment: 50% (at least 2 pieces of work(test, assignment and projects). Examination 50% (1 x 3 hour paper).

(). Examination 5 0% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources

Prescribed textbooks:

Brealey, R.A, Myers, S.C. 2008. *Principles of Corporate Finance* . New York: McGraw -Hill. Ross, S.A, Westerfield, R.W. and Jaffe J.(2014). *Corporate Finance*. New York: McGraw -Hill

Pike, R. and Neale, B. (2012). *Corporate Finance and Investment*. New York: Financial Times Prentice Hall

Module Title: Infrastructure Finance	
Module Code	EDI5981
NQF Level	9

Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites) Prerequisite	None
Compulsory/ Elective	Elective
Semester Offered	1
Module Aims	
The aim of this module is to put into context the relationship between infrastructure and economic growth and interrogate the depth of the infrastructure gap facing the African continent.	
Learning Outcomes/ Specific Outcomes On completing the module students should be able to: <ul style="list-style-type: none"> • Justify the economic theories linking infrastructure development and growth and its practical implications • Argue the vital role that the design and implementation of public works programs play in economic development • Defend the role of public works programs in sustaining commerce and providing for everyday life • Defend the economic theories linking infrastructure development and growth and its practical implications; • Apply development finance theory to identify various sources of funding for infrastructure development • Evaluate various financing models in infrastructure development and their implications; 	

<ul style="list-style-type: none"> • Argue the vital role that the design and implementation of public works programs play in economic development • Defend the role of public works programs in sustaining commerce and providing for every day life • Defend the economic theories linking infrastructure development and growth and its practical implications; • Apply development finance theory to identify various sources of funding for infrastructure

Module Content

The course introduces the students to the uniqueness of infrastructure financing and explains how to minimize risk and maximize return in such projects. Financial instruments market access, dealing with risk, incentives and approvals, environment and tax issues. Infrastructure project evaluation techniques – bidding process. Infrastructure finances ratings and credit services. It will

cover utilities projects including - Electric, Gas, Water and Transport. Because these investments require large amounts of capital, considerable emphasis is placed on the accessing of the private capital markets for the funding of projects, as well as various domestic and international loan and grant programs. The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Module Title: Project Management	
Module Code	EDP5991
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites) Prerequisite	None
Compulsory/ Elective	Elective
Semester Offered	1
Module Aims	
The aim of this module is to provide students with the essential knowledge and competences required to practice as project managers in the field of development finance.	
Learning Outcomes/ Specific Outcomes	
On completing the module students should be able to:	
<ul style="list-style-type: none"> • Apply knowledge of project management theory • Interpret project management theory • Assess recent developments in project management practice • Interpret a project feasibility study • Contrast successful project proposals 	

Module Content

Origins of Project Management; Characteristics of Projects; The Project Life Cycle; Project Conception; Project Selection Models; Project Appraisal; Project Scoping; Planning and Organisation; Stakeholder Issues; Work Breakdown Structure; Project Initiation and Implementation; Negotiation; Procurement & Resource Allocation; Project Control and Communication; The Project Manager; Project HR Management and Human Relations; Project Termination; Avoiding Project Pitfalls; Managing for Success.

The course will discuss a number of case studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% (Continuous Assessment: 50% (at least 2 pieces of work(test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources Prescribed textbooks:

Newton, R. (2009). *Project Manager: Mastering the Art of Delivery in Project Management*. New York: Financial Times/ Prentice Hall

Barker, S and Cole, R. (2013). *Brilliant Project Management: What the Best Project Managers Know, Say and Do*. New York Prentice Hall

Selected recent articles from academic journals, including The International Journal of Project Management and Project Management Journal.

Module Title: Risk management	
Module Code	EDR5981
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Elective
Semester Offered	1
Module Aims	
<p>To develop students' knowledge and understanding of the risks faced by financial institutions, the techniques used to manage such risks, and the problems and issues faced in this process.</p> <p>To explain the theoretical and practical aspects of the risk management techniques employed in the financial services industry. To compare the regulators' demands with the needs of the investment banking and insurance worlds. To provide sufficient theoretical and practical knowledge of data modelling techniques to enable you to measure the interest rate, market and credit risks.</p>	
Learning Outcomes/ Specific Outcomes	
<p>On completing the module students should be able to:</p> <ul style="list-style-type: none"> • Demonstrate a critical understanding of the risk management function • Contrast several risk evaluation and measurement techniques (Value at Risk, Volatility, Correlations/Monte Carlo simulations, Merton model) • Analyze the factors that lead companies to high levels of interest rate risk, market risk, credit risk and liquidity risk. • Defend the current academic literature on risk management with main emphasis on studies analyzing risk management failures 	

Module Content

This course covers the modern techniques of financial risk management. Topics to be covered include, Introduction: motivations for risk management, examples of financial, Financial engineering: derivatives (basic and exotic options, futures, swaps, and swaptions) and standard hedging techniques, Market risk: VaR (value at risk) measurement (Risk Metrics, historical, and Monte Carlo approaches), back -testing, stress testing, other risk measures, Liquidity risk, Credit risk: Merton model, recent structural and reduced -form models, credit derivatives, Operational risk. Other topics: banking risks, emerging markets risks, predicting financial crises. The course will discuss a number of relevant cases studies.

Assessment Strategies

Continuous Assessment: 50% (Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Module Title: Business strategy and sustainability	
Module Code	EDB5991
NQF Level	9
Contact hours	3 lecture hours per week for 1 semester
NQF Credits	18
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Elective
Semester Offered	1
Module Aims	
<p>To familiarise the students with factors affecting the firm and industry in long run and also with the tools and techniques of external as well as internal environmental analysis</p> <p>To develop their analytical as well as decision -making skills to formulate and evaluate strategy under a given set of environmental factors</p> <p>To develop a practical understanding of strategy formulation and implementation process</p> <p>To develop an understanding of impact of regulators and stakeholders on business strategy and introduce the concept of sustainable business strategy</p>	
Learning Outcomes/ Specific Outcomes	
<p>On completing the module students should be able to:</p> <ul style="list-style-type: none"> • Appraise the meaning of sustainable manufacturing systems • Interpret the challenges sustainable manufacturing systems poses to business strategy – making • Compare the principles and practices of green supply chain management • Discuss the issue of sustainable marketing 	

Learning materials: Prescribed textbooks

Crouhy, M, Galai, D and Mark, R. (2014). *The Essentials of Risk Management*. New York: McGraw -Hill
Lam, J. *Enterprise Risk Management: From Incentives to Controls*. New York: Wiley.

Chapman, R.J. *Simple Tools and Techniques for Enterprise Risk Management*. The Wiley Finance Series. New York: Wiley

Module content

The meaning of sustainable manufacturing systems and the challenges it poses to business strategy– making.

The principles and practices of green supply chain management. Sustainable marketing and how this tool is being increasingly used by organisations. The course will discuss a number of relevant cases studies.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: Lectures, written assignments, class discussions, tests, and tutorials.

Assessment Strategies

Continuous Assessment: 50% (Continuous Assessment: 50% (at least 2 pieces of work (test, assignment and projects). Examination 50% (1 x 3 hour paper).

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning resources Prescribed textbooks

Werback, A. (2009). *Strategy for Sustainability: A Business Manifesto*. Harvard Business School Press. Hamschmidt, J. (2007). *Case Studies in Sustainability Management and Strategy*. London: Greenleaf

Module Title: Research methods	
Module Code	EFD5981
NQF Level	9
Contact hours	2 lecture hours
NQF Credits	12
(Co-requisites)	None
Prerequisite	
Compulsory/ Elective	Compulsory
Semester Offered	1
Module Aims	
<p>To provide students with the opportunity to conduct credible independent research and practically demonstrate the outcomes of the module Qualitative Methods and Statistics for Development Finance Practitioners.</p> <p>To help students develop the skills to carry out advanced research in the field of development finance. To introduce students to the various research design and methods suitable for both qualitative and quantitative analyses used in the field of development finance.</p>	
Learning Outcomes/ Specific Outcomes <p>On completing the module students should be able to:</p> <ul style="list-style-type: none"> • Describe a research problem/question and goal in the field of development finance; • Construct a critical literature review on a chosen research problem; • Apply an appropriate research method for gathering data (whether secondary or primary data) for a given research problem; • Apply an appropriate research method to achieve the given research objective(s); • Demonstrate critical research writing within the technical guidelines provided by Unam; and • Construct a research proposal 	

Module Content

Selection of research question, problem statement, writing research objectives, literature review, quantitative methods, qualitative methods, mixed designs. Application of statistical software's such as SPSS, stata and e-views. Develop a research proposal and present the research proposal for assessment.

Methods of Facilitation of Learning

The module will be facilitated through the following learning activities: lectures, written assignments, class discussions, tests, and tutorials

Assessment Strategies

Continuous Assessment: 100%, involving tests 30%, assignments 20% and research proposal 50%

Quality Assurance Arrangements

Programme review, external moderation, student evaluation.

Learning Resources

Prescribed textbooks: Creswell, J. (2014). *Research design: Quantitative, qualitative and mixed design approaches*. 4th Edition. New York: Sage publications.

Module Title: Mini thesis	
Module Code	EFD5992
NQF Level	9
Contact hours	
NQF Credits	60
(Co-requisites) Prerequisite	A student must pass all courses before being allowed to work on the mini thesis
Compulsory/ Elective	Compulsory
Semester Offered	2
Module Aims	
The aim of this module is to help students develop the skills to carry out advanced research in the field of development finance and to introduce students to the various research designs and methods suitable for both qualitative and quantitative analyses used in the field of development finance.	
Learning Outcomes/ Specific Outcomes On completing the module students should be able to: <ul style="list-style-type: none"> • Identify a research problem/question and goal within the field of development finance; • Contrast the relevant literature (both theoretical and empirical) on their chosen research problem; • Identify research methods and techniques that are appropriate to their research assignment topic; • Formulate their material in a logical, clear and systematic way in accordance with acceptable linguistic and stylistic standards; and • Demonstrate the capacity for independent, self-managed learning and critical reflection on the research process 	

MASTER OF PUBLIC ADMINISTRATION (BY THESIS ONLY)**[12MPAR]****MASTER OF ARTS IN POLITICAL STUDIES (BY THESIS ONLY)****[12MPSR]**

The Master of Public Administration by Thesis only and the Master of Arts in Political Studies by Thesis only will be offered in compliance with the general regulations and guidelines for postgraduate studies at the University of Namibia as contained in this Prospectus. Refer to **Regulations for Postgraduate Studies** in the **Section B of this Prospectus**.

DOCTOR OF PHILOSOPHY

The degree of Doctor of Philosophy (PhD) in approved disciplines will be offered in compliance with the general regulations and guidelines for postgraduate studies at the University. Refer to **Regulations for Postgraduate Studies** in the **Section B of this Prospectus**.

DOCTOR OF PHILOSOPHY

The degree of Doctor of Philosophy (PhD) in approved disciplines will be offered in compliance with the general regulations and guidelines for postgraduate studies at the University. Refer to **Regulations for Postgraduate Studies** in the **Section I of this Prospectus**.

Thesis/Research PhD and MA Degrees

If a student only wishes to register for the Thesis, s/he should register for:

MASTERS THESIS ONLY	
MINI THESIS (M.ADMIN)	MMP 5100
MINI THESIS (M. POL)	MMP 5100
PHD DISSERTATION	MDP 6100

- (1) Candidates who successfully complete the coursework phase, or those who are registered for postgraduate study by thesis research alone, shall undertake research in an approved topic, and in the end write a thesis (MA.) or Dissertation (PHD). A candidate must submit a research proposal by the end of February during the year he/she is required to write the thesis/dissertation.
Masters level candidates **"by research"** may be required to register and pass up to two course related to their thesis at the discretion of the Faculty Executive and are required to register and pass **ADVANCED RESEARCH METHODOLOGY (PAR6179)**. Doctoral candidates by research are expected to hold a valid MA degree from an acceptable university with a 70% average. Some exceptions might be made in concurrence of the Faculty Executive, but only in exceptional circumstances and some relevant coursework may be required. PHD candidates are also required to register and pass ADVANCED RESEARCH METHODOLOGY (PAR6179).
- (2) The candidates shall be assigned supervisors to guide them in their research programmes and shall write their thesis/dissertation in accordance with the guidelines provided by the Postgraduate Studies Committee as approved by Senate.
- (3) As a standard practice, every thesis/dissertation shall be accompanied by a declaration stating that it has not been submitted for a similar degree in any other university.
- (4) The thesis/dissertation must contain an abstract of not more than 300/400 words, respectively, indicating the general findings of the research, and the major conclusions reached. It must also be satisfactory as regards format and literacy presentation.
- (5) Every Master's thesis/ PHD Dissertation submitted shall be examined by at least two specialists approved by Senate on recommendation by the Postgraduate Studies Committees. At least one of these specialists must be external to UNAM. The supervisors could be one of the examiners.
- (6) The examiners shall be required to submit a detailed assessment of the thesis/ dissertation, and also write a definite recommendation on whether the degree should be awarded to the candidate unconditionally, or whether the degree should be awarded subject to specified corrections/revisions, or whether the thesis/dissertation should be referred back to the candidate for re-writing and re-submission, or whether the thesis/ dissertation should be rejected outright.
- (7) In instances where the examiners of the thesis/dissertation disagree in their recommendations, the Postgraduate Studies Committee shall study the case and recommend to Senate the appointment of an additional independent examiner to serve as referee on the thesis/dissertation.
- (8) Postgraduate candidates, who disagree with the results of the examination as approved by Senate, may present an appeal, giving reasons and evidence to support the appeal. Senate will then have the thesis/dissertation examined by an Appeals Committee.
- (9) Candidates who are registered by thesis/dissertation alone will normally appear for VIVA VOCE examinations. This will be conducted in accordance with the procedures approved by Senate on recommendation by the Postgraduate Studies Committee.

Ph.D. Doctor of Philosophy (Public Administration) (12DPAN)

The degree of Doctor of Philosophy (PhD) in approved disciplines will be offered in compliance with the general regulations and guidelines for postgraduate studies at the University. Refer to **Regulations for Postgraduate Courses of Study** in the **General Information and Regulations Prospectus**.

Ph.D. Doctor of Philosophy (Political Studies) (12DPST)

The degree of Doctor of Philosophy (PhD) in approved disciplines will be offered in compliance with the general regulations and guidelines for postgraduate studies at the University. Refer to **Regulations for Postgraduate Courses of Study** in the **General Information and Regulations Prospectus**.

DOCTOR OF PHILOSOPHY IN MANAGEMENT SCIENCE

(12DMSC)

CRITERIA FOR ADMISSION

Possession of a *Master of Business Administration* of the University of Namibia or any other relevant Level 9 qualification recognized by the School.

ARTICULATION OPTIONS

This qualification serves as an entry point to the following related qualifications:

Post-Doctoral research fellowships at the University of Namibia and other academic and related institutions, nationally and internationally.

MODE OF DELIVERY

Part time.

ASSESSMENT CRITERIA

The assessment for this programme will be in accordance with Regulation 9.9 of the University and the key criteria will be whether or not the candidate has made an original contribution to the body of knowledge in the field of Management Science.

REQUIREMENTS FOR QUALIFICATION AWARD

This qualification will be awarded to candidates credited with a minimum of 348 credits for their dissertation and 12 credits in the taught component, and who have successfully defended their dissertation in a *Viva Voce Examination* in terms of Regulation 9.9.3 of the University. Furthermore, the Doctorate degree is awarded after registration at the University of Namibia for a minimum of three (3) years for full-time students and five (5) years for part-time students.

YEAR 1 : SEMESTER 1

PART B: MODULE DESCRIPTOR:	
Module Title: Thesis (PhD in Management Science)	
Module Code	
NQF Level	10
Notional Hours	3600

Contact hours	
Additional learning requirements	
NQF Credits	360
(Co-requisites)	None
Prerequisite	
Compulsory/Elective	Compulsory
Semester Offered	1/2
Module Purpose	
<p>This course is designed to broaden students' understanding of scientific principles in Computer Science and its applications through extensive literature review and practical demonstration while carrying out original independent research. Students will be able to design, develop, conduct and manage major research projects independently, as well as document and present the results.</p> <p>Students are expected to make a unique contribution to the existing body of knowledge in Computer Science.</p>	
Overarching Learning Outcome	
Produce and present a comprehensive research thesis in accordance with the requirements of the University of Namibia.	
Specific Learning Outcomes	
<p>Upon completing this course student will, through assessment activities, show evidence of their ability to:</p> <ul style="list-style-type: none"> • Develop and present a comprehensive research proposal and concomitant research plan; • Conduct independent research to internationally recognized standards by implementing a chosen research method, collecting, analysing, interpreting and evaluating quantitative and/or qualitative data; • Demonstrate highly specialised, authoritative knowledge in the field of study/area of specialisation, and the ability to apply that knowledge to the solution of problems in a world of related systems; • Produce a thesis which represents an original contribution to the body of knowledge in the field of study/area of specialisation; • Communicate research findings in a professional and effective way, catering for a wide range of specialist and non-specialist audiences; • Provide leadership in the area of research and scientific writing. 	

Module Content

Core elements of the course include the support of academic skills such as:

- Academic writing for postgraduate studies: non-credit bearing academic writing for post graduate students is provided for students to assist in writing of proposal and or final thesis.
- **Literature survey:** Comprehensive literature survey of studies and recent development in area of study (majorly in the last five years with a few longer where necessary). Here, chronological presentation of thoughts will be encouraged. This is essential towards development and submission of logical research proposal. Students shall be encouraged to access both paper-based and online databases, abstracts and articles relevant to the proposed research title.
- **Development of research title:** The outcome of the literature survey will inform the student under the guidance of the supervisor of the need to amend (if necessary) the title of research based on findings, intended scope of work and

relevance of the research to the society, scientific, technological and industrial development. Ability to transform the conceptualised research idea into a proposal through proposal writing process in a coherent and chronological manner forms the basis of this learning stage.

- **Implementation of the acceptable and approved research proposal (methodology/experimental process):** At this stage, the student will implement the proposal through the stated methodology/experimental process. Here, the student will demonstrate the ability to conduct independent research work under the guidance of a supervisor.
- **Data presentation, interpretation and discussion:** Skills and ability to apply relevant statistical analysis for data presentation and sound scientific and technical interpretation and discussion of the results will be displayed.
- **Presentation skills:** Students' written, and oral presentation skills will be revealed. Here, ability to summarise a report e.g. writing of abstract, conclusion etc. will be revealed. Knowledge of the student in preparing research outcomes for scientific communication (draft manuscript, PowerPoint presentation will be assessed).
- **Writing and submission of thesis for assessment:** The compilation of all the different sections of the research work into coherent chapters in the form of a thesis.
- **Ethical procedures:** Students will be required to adhere to all ethical requirements of research work and processes during the course of study. Issue of plagiarism will be reiterated.
- **Formal presentation of thesis:** Students are expected to successfully present their theses following the Rules for Postgraduate Studies.

Learning and Teaching Strategies/Activities

- The PhD programme applies the following methods of facilitated learning:
- Students will initiate and present a comprehensive research proposal and concomitant research plan, illustrating the concept and scope of the student's individual research project;
- Students will attend regular research seminars until approval of the research proposal;
- Students conduct independent research and are guided through regular contact sessions using all available means during which study planning, progress, and other relevant topics are discussed;
- Students present work-in-progress on a regular basis in a professional way;
- Students are encouraged to gain international experience by doing research in a foreign context;
- Students are encouraged to participate in local, regional and international seminars, workshops and conferences;
- Students are encouraged to present their final research at a local, regional or international conference, workshop, symposium, etc.

Student Assessment Strategies

The thesis will be assessed in accordance with the University rule for studies at postgraduate level.

Year one for full-time (Years one and two for part-time)

- Submission and presentation of a comprehensive research proposal and concomitant research plan for approval after six months (by the end of the first year in case of part-time students);
- Presentation and approval of first work-in progress by end of year one (end of the second year in case of part-time students) by the Department.
- Pursue and obtain ethical clearance (if applicable to the study).
- Submission of the yearly progress report.

Year two for full-time (Years three and four for part-time)

- Presentation and approval of second work-in progress after six months (by the end of the third year in case of part-time students);
- Presentation and approval of third work-in progress by the end of year two (by the end of the fourth year in case of part-time students);

Year three for full-time (Years five and six for part-time)

- Presentation and approval of fourth work-in progress after six months (by the end of the fifth year in case of part-time students);

- Submission and assessment of final research thesis;
- Presentation and defence of research thesis end of year three (by the end of the sixth year in case of part-time students);
- Correction and final binding (archiving) of research thesis.

Students who fail pre-assessments will receive an extension of six months (one-year in case of part-time students) for as may be recommended by the supervisor.

The Thesis represents the entire body of work to be assessed. Students will be required to defend the thesis and must pass the oral examination. For determining the final mark of any thesis for the degree, account shall be taken of the recommendation(s) from all the examiners.

Final result will only be released after correction and submission of the thesis.

Quality Assurance Arrangements

Quality assurance will be done in accordance with the general UNAM's Rules for Postgraduate Studies as well as the Guidelines for the Supervision and Examination of Masters and Doctoral Programmes.

Course Title: Advanced Academic Writing for Postgraduate Students	
Course Code	UAE4819
NQF Level	8
Notional Hours	150
NQF Credits	NCB
Prerequisite	NONE
Compulsory/Elective	Compulsory
Semester Offered	1
Course Aims	
This course aims to develop students' research capabilities in the field of Business Administration. The course is designed to develop the autonomy, adaptability, and responsibility in academic research and writing necessary to function successfully in postgraduate studies. The unit builds academic scaffolds in research and writing around unit-specific material from the students' area of specialisation.	

Learning Outcomes/Specific Outcomes	
Upon completion of the course, students will be able to:	
1.	Demonstrate improved technical control of English grammar and pronunciation;
2.	Demonstrate skills in systematically locating, evaluating and synthesising relevant information;
3.	Employ strategies for reading effectively and efficiently for postgraduate study;
4.	Demonstrate skills in using the conventions of academic writing and paraphrasing, including appropriate use of referencing and citations; and
5.	Demonstrate the improved capacity for independent learning and critical thinking.

Course Content

1. Choosing an appropriate research topic for postgraduate study
2. Advanced literature searching strategies
3. Using advanced citation and referring tools
4. Critical reading and note-taking from research literature
5. Writing critically in an academic style
6. Using advanced documentation processing for research writing
7. Developing an argument through a critical literature review

Methods of Facilitation of Learning

The course will be facilitated through the following learning activities:

Interactive face to face lectures, Interactive online lectures, e-learning tutorials, projects, group/syndicate assignments, guest lecturers, case studies, field trips as well as seminars.

Assessment Strategies

A three-hour examination soon after the completion of the course which constitutes 60% of the final course mark. A continuous assessment mark shall constitute 40% of the final course mark, and this is made up as follows:

1. 20% from a test taken under examination conditions
2. 10% from group/syndicate work
3. 10% from an individual assignment

To pass a course, the student must obtain a minimum of 50% in both the examination mark and the continuous assessment mark

Quality Assurance Arrangements

Regular course reviews with the input from industry and employers, internal and external moderation of examinations, regular student and lecturer evaluation of each other as well as of the course.

Student Support and Learning resources

Student support is provided by:

- University level – Office of the Dean of Students and The Chief Librarian
- School level – Student Support Officers and School based induction at beginning of year, semester and by respective lecturers
- Course level – Text books, course outline, journals and websites sources

Prescribed Textbooks:

- Stephen, B. (2011). Academic writing a handbook for international students (3rd ed). New York, NY: Routledge.
- Publication Manual of the American Psychological Association (7th edition).

Recommended Readings:

Various sources identified by the facilitator/candidate regarding academic writing, especially e-resources.

FACULTY OF ECONOMIC AND MANAGEMENT SCIENCES

EXEMPTION CRITERIA FOR STUDENTS WHO ARE ARTICULATING INTO OTHER PROGRAMMES

*** ALL STUDENTS TO HAND-IN EXEMPTION FORMS TO THE FACULTY OFFICERS**

Certificate in Management and Taxation /Accounting and Auditing ARTICULATING TO Higher Diploma In Accounting And Auditing (YEAR 2)

	MODULE CODE	MODULE NAME
1.	UCLC3509	Computer Literacy
2.	UCSI3580	Contemporary Social Issues
3.	CAFA2411	Basic Financial Accounting A
4.	CAFA2412	Basic Financial Accounting B
5.	CATA2412	Introduction to Taxation

Higher Diploma in Accounting and Auditing –

ARTICULATING TO Bachelor of Accounting (YEAR 3)

	MODULE CODE	MODULE NAME
1.	UCLC3509	Computer Literacy
2.	UCSI3580	Contemporary Social Issues
3.	CLCE3419	English Communication and Study Skills
4.	ULEA3519	English for Academic Purposes
5.	CEMI3571	Basic Microeconomics
6.	CEMA3572	Basic Macroeconomics
7.	CMPP3572	Principles of Management
8.	CBCM3571	Business Mathematics
9.	CAFE3581	Fundamentals of Accounting A
10.	CAFE3582	Fundamentals of Accounting B
11.	CABA3691	Business Statistics A
12.	CABA3692	Business Statistics B
13.	CACL3631	Commercial Law A
14.	CACL3632	Commercial Law B
15.	CAFE3691	Financial Accounting 1A
16.	CAFE3692	Financial Accounting 1B
17.	CAAM3691	Management Accounting 1A
18.	CAAM3692	Management Accounting 1B
19.	CAIS3659	Computerized Accounting Systems

Diploma in Local Government Studies

ARTICULATING TO Bachelor of Public Management (YEAR 2)

	MODULE CODE	MODULE NAME
1.	UCLC3509	Computer Literacy
2.	UCSI3580	Contemporary Social Issues

3.	CEMI3571	Basic Microeconomics
4.	CEMA3572	Basic Macroeconomics
5.	CMPP3572	Principles of Management
6.	CPIG3572	Government Studies
7.	ULCE3419	English Communication Skills(if completed ULEG2410)

Diploma in Local Government Studies**ARTICULATING TO Bachelor of Business Administration (YEAR 2)**
