

(In terms of Section 55 (4)(b) of the Public Procurement Act, 2015 (Act No. 15 of 2015) as amended)

**SUPPLY AND DELIVER OF HPE ARUBA WIRELESS ACCESS POINTS-
KHOMASDAL CAMPUS**

PROCUREMENT REFERENCE NO: G/RFQ/UNAM-04/2026

1. Scope of Contract

An access point is a network device that converts wired internet connectivity into secure wireless (Wi-Fi) access, enabling students and staff to connect seamlessly across campus using laptops, smartphones, and other devices.

The Department of Information and Communication Technology Services (DICTS) is currently undertaking a phased upgrade and replacement of outdated wireless access points across all University campuses. This initiative aims to enhance network performance, improve reliability, and introduce AI-enabled capabilities through the deployment of modern HPE Aruba access points.

During the first phase of implementation, both the new and old student hostels at the Main Campus will be upgraded. To support this rollout, DICTS intends to procure 130 HPE Aruba access points to replace the existing, obsolete Ruckus devices currently in operation. This intervention forms part of the University's commitment to improving working conditions.
