EXECUTIVE SUMMARY

(In terms of Section 55 (4)(b) of the Public Procurement Act, 2015 (Act No. 15 of 2015) as amended)

SUPPLY, DELIVERY, INSTALLATION AND TERMINATION OF CAT 6 NETWORK & FIBER OPTIC CABLE – KHOMASDAL CAMPUS- W/RFQ/UNAM-17/2026

1. **Scope of contract:**

The University of Namibia (UNAM) has adopted the Digital Strategy 2025–2030, titled "Transforming UNAM Through AI-Enabled Digital Excellence". The strategy is built around six strategic pillars, with Pillar 1 — Digital Infrastructure and Cybersecurity — serving as the foundational enabler for all other pillars.

Pillar 1 establishes a clear infrastructure investment priority sequence, with Backbone Network Modernization identified as the first and most critical priority, followed by Wi-Fi strength and coverage, and the rollout of Smart Classrooms across all campuses. None of these subsequent priorities can be achieved without a robust, wired network foundation underpinning them.

The Khomasdal Campus, as a constituent campus of UNAM, is included in the scope of the Digital Strategy implementation. The Directorate of ICT Services (DICTS) has already commenced infrastructure improvements at this campus through the replacement of all outdated wireless access points. The installation of additional network points and fibre cabling is the logical and necessary continuation of this work, consolidating the gains made through the access point replacement and extending structured connectivity to all identified locations across the campus.
