EXECUTIVE SUMMARY OF BID EVALUATION REPORT

(In terms of Section 55 (4)(b) of the Public Procurement Act, 2015 (Act No. 15 of 2015) as amended)

REFURBISHMENT OF 6M STORAGE CONTAINER - NEUDAMM CAMPUS

PROCUREMENT REFERENCE NO: W/RFQ/UNAM- 13/2026

1. **Scope of contract:**

   The University intends to refurbish a newly procured container at Neudamm Campus for it to be utilized for product development and feasibility testing of various natural plants and vegetables. Trials on the processing of different fruits and vegetables resulted in the successful processing of Jams and Juices derived from Mango, Maguni, and Hibiscus.
   The introduction of these products into the market and the need to comply with food safety standards have necessitated a larger processing facility. Last year (2025), CID procured an additional container and stationed it next to the existing container. To meet the safety demands, this new container needs to be refurbished
   This container will be used to store equipment, de-congest the food processing room and allow enough space for staff to prepare and carry out processing.
   The refurbishment of the newly procured container is of utmost importance to ensure that the products meet safety and quality requirements.
